

Humbugs are the worst kind of bugs and there is more of this sort of bugs in couches and other upholstered furniture than the uninitiated will believe. It is possible to make a nice looking couch that really is worth but little. We make the very best and sell none that will not bear the closest inspection.

DR. J. F. COOK

Has come to the conclusion that all profession of the healing art outside of the vegetable kingdom is a failure. When your system is run out without pure blood. You will only find vitality in the vegetable kingdom. Poisonous drugs nor doctors' knives nor thunder and lightning will not remove the cause, but lay the foundation for all kinds of diseases. Those poisons go into your bones, and kill the life of them and create all kinds of diseases, cancerous tumors, consumption, dropsy bone diseases, etc. You must bear in mind that his medicine is not a poisonous tonic, nor a stimulant, nor temporary relief which you get from poisonous drugs, where the results are sure death sooner or later. Do not blame the medicine, when it takes an effect and stirs up the poisons or disease in the system. You must not expect to be cured in a few days, for your sickness or disease has been a long time coming on, and it will take a long time to get it out of your system. It will take months or a year to build a new body from the bones up. This is what the people do not understand. They are used to being humbugged. His medicines are composed of Nature's Herbs—what the human system requires. When the animals get sick they will help themselves to those herbs, for they have the instinct, and the people have not, so we have to make a study of it. It has been a life study with Dr. Cook. Do not get weary; this life is too short and too sweet to worry out of this world.

Rag Sorters Have a Union

New York, Oct. 27.—Sam Parks, the laborer who figured in the iron workers' controversy, has the support of Emma Schwartz, a power among the girls of the East Side who have to work for a living. Emma Schwartz is only 18 years of age, but she has developed a strange influence over women who are much older than she. Emma is merely a rag-sorter, one of nearly four thousand women who are engaged in the pursuit of a living by separating filthy pieces of wool and cotton cloth for the rag dealers. The girl says that she follows Parks' system or organizing and by thus doing has gained control over her fellow-workers and has succeeded in raising their wages considerably.

The first strike inaugurated by the girl was when Steinberg Brothers refused to recognize the Ragpickers and Rag-sorters' union. A strike committee was formed and three hundred girls have been haunting the vicinity of Steinberg's store. New hands were engaged, but the ever active Emma was there to prevent them entering the factory. When it was seen that it would be impossible to get the new help within the walls of the shop two police officers arrested Emma and a free fight ensued. But so fierce a battle did the girls put up that a call for reinforcement was necessary and the East Fifth street station responded with a patrol wagon full of police. Emma is to stand trial for her trouble brewing and she does not seem a bit afraid. She says that all that the rag-sorters ask is a nine hour day and a little better pay with an hour for lunch. Her case will come up for hearing October 26.

The Timber Thieves

San Francisco, Oct. 27.—Speculators in government lands are wondering what will be the outcome of the investigation that is now being carried on by agents of the interior department. F. A. Hyde and John A. Benson, who claim to have been innocent victims of the zeal of the officials, have caused to be published long paid statements in the newspapers setting forth their ideas of the land law and denying explicitly any connection with the alleged "ring" in the Northwest.

Secretary Hitchcock, according to dispatches from Washington to private concerns here, is determined to vindicate himself of the charge of over-anxiety to perform his duty, which was brought against him at the time of the Binger Hermann sensation and the troubles in the land offices of Southern Oregon. In Northern California it has been known for some time that there was something wrong in the land claims cases in that section and Eureka people have the names of suspected senators, but none will talk. In reply to a question put to Mr. Hitchcock's assistant at Washington the answer came, "Hide and Benson may of course be innocent, but we must hear from our agents first on this subject. Officially there is nothing to give out at this office."

At that time Russell A. Alger and his associates owned timber lands in Humboldt county; there were many stories extant of land frauds, but none of these was ever proven to be true. Alger, who is now in this city, says that he has disposed of his interest in Pacific Coast timber lands to the A. B. Hammond company. Hammond has secured clear title to all of his timber lands so far as Alger knows. "I know," he continued, "that my land was transferred to me in the regular way and its title is good. Hammond won't have to bother about this."

F. A. Hyde was formerly of the firm of Sherman & Hyde, now Sherman & Clay, music dealers, who are well known among coast musicians.

Question Answered. Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Groce's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You can get this reliable remedy at Dr. Stone's drug stores. Price 25c and 50c. Everybody Goes to the White House lunch counter at noon. Open all hours of the day and night.
