The Weather.

Tonight and Sunday, cloudy, with probably occasional rain.

FORTUNE TURNS HER WHEEL.

From Fortune, frown.
For I am much cast down,
And tears do melancholy make my face;

In sable gown,
With sad yew-wreath as crown,
I rail at you,
Oh, Fortune, most untrue,
For that to me you show not any grace;

Oh, la! fa! la! la!
My Lady Fortune, hear my sigh,
Be kinder to my love and I,
Smile, Fortune, smile,
For I am gay awhile,
And laughter lurks about these lips again;

Now I beguile
My days with cheerful wile,
For from the throng
Of shepherds gay and strong
My love hath chosen me to be her swain;

Oh, la! fa! la! la!
My Lady Fortune, hear my cry,
How happy are my love and I.

A DIRECT PRIMARY.

The Republicans of this city have taken a step in advance by ordering a direct primary tonominate candidates for aldermen.

The old-style slated city convention results in selecting candidates whom the politicians want, but the people of tea do not.

Direct nomination puts the city committee in the correct position of merely giving the people a direct choice and recording their will.

There is no reason, under this sys-

tem, why the best men in the Republican party should not be named in each ward, and be free from ring control, and answerable for good government to the people.

Let the opposition put up their candidates in the same way, and then let the people have their choice of both sets at the city election.

MR. PRESCOTT'S GOOD LUCK.

Instead of editorials about the tariff and international complications, The Journal loves, on Saturday especially, to talk about home matters, and little things of interest to our home people.

It is a pleasure to chronicle the return from the East of Mr. and Mrs. A. Prescott and daughters. They have been three months seeing old friends and relatives in the Eastern and Middle states.

Prescott & Venness run a sawmill at Independence many years, but were not successful, and sold out and closed up the business. Mr. Prescott and his partner retiring early in the nineties, with a few hundred dollars apiece.

They bought a small mill at Winlock, Wash., and the past year Mr. Prescott sold his interest for a fine, large sum, and retires with a comfortable fortune. He came back to Salem, where his family always has remained, and bought the old George H. Jones residence, on Gaiety hill. His old home on the hill burned out by the fire, but he has rebuilt it, and will build another house at the rear of it. Agent Houston, of the S. P. Co., lives in his old home, and Mr. Prescott and family will occupy the Jones mansion on the hill. Mr. Prescott has worked hard, and all unite in congratulating him on his good fortune.

ESCAPES FROM THE REFORM SCHOOL.

Occasionally, under lenient management, there will be boys escape from the Oregon reform school. As a rule, these escapes do not do very much damage.

But three got away the past week that have done considerable mischief. One has been captured, but two were still at large at last accounts, and seem to be immensely enjoying their liberty.

They stole a wheel somewhere, and rode it, between them, to a house near Rosedale, where they left it, and went on foot, because they had picked up a couple of guns in the mean time.

The two boys aged 14 and 16 years, were at A. S. Huntley's house Sunday, near Rosedale, broke the house open, helped themselves, and got away with a fine shotgun, ammunition, etc.

They were about Rosedale all day, and destroyed a great deal of property in various ways, breaking into the school house, tearing down maps, and committing other mischief.

A CROSSWALK NEEDED.

The people of the suburbs lately taken into the city are a very humble class of citizens, and not extravagant in their demands, but they are grateful for a few things. Several crosswalks have been put down on South Commercial street, and at least one more is badly needed. That is a crosswalk at junction of Commercial and Myers streets, where there are hundreds of people going and coming to the Lincoln school and the Leslie Methodist church. The people of that part of the city have maintained crosswalks for many years at their own ex-

pense—that is at the expense of a few public-spirited persons, and they would consider it a great favor if the street commissioner could give them a walk at this place.

"Honor Thy Father and Thy Mother."

Ed. Journal: To lack reverence for one's parents is to be both ungodly and inhuman. We instinctively feel contempt for the son or daughter who is negligent or unkind, especially when parents have come into the shadows of life's late afternoon. A nature capable of such conduct is essentially mean and hard. Kindness or generosity to all the rest of the world can never make up for lack of tender consideration for one's own father or mother. In homes of true refinement the younger members of the family are taught to show respect and attention to parents and grandparents. Rudeness or indifference to them is extremely ill-bred, and no self-respecting person will be guilty of it, even without regard to the moral law, "Honor thy father and thy mother," and since habit grows by daily acts and thoughts, let us cultivate this beautiful grace of manner and of heart by constant courtesies and kindness. Do not take the easy chair, and leave the less comfortable ones for the older people. Never sit while they are obliged to stand, at home or in public places. Consider their comforts always before your own. Be respectful in speech and manner. Such manners at home give graciousness to manners outside of home. To grieve, by coldness or neglect, the heart that has loved us best since the day of our birth is a wrong too great to be forgiven, except it is repented of, and all possible restitution made. Selfishness is subtle; it will betray us unawares. Watch against it; pray to be delivered from it. It is the spirit of demons. Unselfish love is the spirit of angels, one can more easily forgive any other sin.

Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschae's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and Try ONE bottle. Recommended many years by all druggists in the world. You can get this reliable remedy at Dr. Stone's drug stores. Price 25c and 75c.

Molasses as Stock Food.

For several years molasses has been used in Louisiana for feeding live stock, particularly work horses and mules. Probably the greater number of draft animals in the sugar district get this food either alone, or mixed with oats and corn. The animals seem to like it, and are thrifty and in good condition. Sugar mules, as they are called, bring from 20 to 25 per cent more than mules kept on cotton plantations and fed cottonseed or cottonseed meal. As molasses is a waste product in the manufacture of sugar, it is a very cheap feed and a valuable one. Mixed with corn and oats in equal proportions and pressed into a solid mass, the cakes become quite hard. After they are thoroughly dried out they are ground into a fine powder and this powder is used as feed. Horses and mules fed on molasses not only keep fat and sleek, but are capable of hauling extraordinarily heavy loads.—Orang Judd Farmer.

A Woman's Opinion.

A bright Colorado woman (a state, by the way, where the women seem to have a good deal to say) has been visiting at Salem, and says the city is beautiful and the people are nice, but the only drawbacks are the wheels on the sidewalks, and the men on the street corners who spit tobacco on the walks. With the exception of these two minor faults, she considers the town about perfect, and, as this is a free country, she is entitled to her opinion, and probably no power on earth could keep a Colorado woman from expressing it.

Swift Austrian Battleship.

The Austrian navy, though small, is well known to be one of the most efficient in the world. The new ships which are being added to it are models of their kind. The battleship Hebenberg under went her speed trials at Pola on the 23d of last month. She was required to make 18.5 knots with 136 revolutions. She actually made 20.6 knots and 149 revolutions, her engines developing 17,011 horsepower instead of the required 11,900.—New York Commercial Advertiser.

JOURNAL X-RAYS

Portland needs money. In the language of Omar Khayyam, Jr., "The please remit confront I cannot pay."

It is somewhat of a coincidence, that the flood of financial disaster caused by the new tax law, was caused by the member from Heppner.

Earthquake shocks are reported in many localities, but whether it was Mark Hanna in Ohio, or Tammany in New York that caused it, is as much of an unknown quantity as the age of Ann.

In New York the choice between the lady and the tiger seemed to be against the lady.

Seth Low is undoubtedly honest and honorable, but a theorist and a dreamer. He promised everything, and accomplished nothing. In fact he was a perfect lady—and the tiger won out.

The San Francisco Chronicle says its Mayor Schmitz was elected by the city's undesirable element. Is it possible that the Golden Gate city doesn't want a majority of her citizens?

Eugene has five fresh grass widows, made yesterday.

J. M. Johns, editor of the Arlington, has a high opinion of M. A. Moody's ability as a wire-puller, but a poor opinion of President Roosevelt and Secretary Hitchcock. He says both of these gentlemen will rush to Moody's defence.

Beware of Ointments for Catarrh that Contains Mercury.

As mercury will surely destroy the sense of smell, and completely derange the whole system, when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten-fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price 75 c per bottle. Hall's family pills are the best.

CHEAP SUNDAY RATES

Between Portland and Willamette Valley Points.

Low round trip rates have been placed in effect between Portland and Willamette Valley points, in either direction. Tickets will be sold Saturdays and Sundays, and limited to return on or before the following Monday. Call on Southern Pacific Co.'s agents for particulars; 2.20 round trip Salem to Portland and return. 10-11f W. E. COMAN, G.P.A.

Carrie Nation, Actress.

New York, Nov. 7.—Over in Jersey, in the little town of Perth Amboy, Carrie Nation and her hatchet are to make their stage debut tonight. The time-honored "Ten Nights in a Bar-room" has been chosen as the vehicle which is to carry Carrie to fame and fortune and incidentally give aid to the cause of temperance. No outsiders have been allowed to see Mrs. Nation in her rehearsals, but the active press agent is authority for the statement that worse players have been seen on the stage. The piece is to be staged with effective realism and the climax will be reached when the crusader from Kansas does her smashing act with a real hatchet and real glass.

HERPICIDE
The Latest Scientific Discovery
Is based on the principle, "Destroy the cause, you remove the effect."
Herpicide kills the germs that cause dandruff by digging up the scalp as they burrow their pestiferous way to the hair root, where they finally destroy the hair. Without dandruff your hair will grow luxuriantly.
Newbro's Herpicide
stops dandruff and falling hair, and starts hair growing within 10 days. One bottle will convince you of this.
