

Wealth From the Ocean

The total value of the annual product of such things as furs and leathers, bones and ivory, glue and seaweeds, roughly approximates throughout the world \$45,000,000, to which sum the United States contributes \$11,000,000. So Mr. Charles H. Stevenson writes in two monographs published by the fish commission.

It is known that some twenty kinds of products issue from crude petroleum, running all the way down from benzine to chowling gum. But it may be a surprise to learn that in refining sperm oil, the spermaceti which is obtained is used in candle making, as an ointment for medicinal purposes, as a polish on linen in laundering, and for lubricating cartridges.

Take ambegria, a valuable substance found at rare intervals, but sometimes in large quantities, in the intestines of the whale or cast upon the shore. A single whale has yielded \$50,000 worth of ambegria, which is used as an incense, in cookery, as a medicine and as a per-

fume. The aquatic fertilizers produced in the United States approximate at present 420,000 tons, and are worth about \$2,120,000.

Writing in a general way, Mr. Stevenson says that 50 per cent of the world's stock of furs is obtained from aquatic animals. He says the percentage was formerly greater, but it has been reduced by the decrease in the product of beaver, fur seal, otter, and the large increase of certain land fur-bearers. Yet 75 per cent of all the furs produced in the United States comes from aquatic animals, and the value of the annual output is close upon \$2,500,000 in the raw or undressed state.

There is the leather, aside from the fur, and it is made from the skins of nearly all the aquatic mammals and of the species of fish. Then there are the hard substances existing in the form of shells, bones and scales. Almost 1,000,000 tons are yearly secured in the United States, the supply consisting chiefly of the shells of oysters, clams and mussels. A fair valuation of these with the pearls found is placed at about \$2,000,000. The yield of whalebone in our fisheries is less by 5 per cent than it was half a century ago, but the value has correspondingly increased. To quote: "The product in the American fisheries now approximate 120,000 pounds each year, worth \$500,000, and about \$150,000 worth is obtained in all other parts of the world." The total value of whalebone secured in the United States fisheries since 1850 is estimated at about \$200,000,000.

Again there is tortoise shell, of which we produce annually about \$12,000 worth, as compared to South American, West and East Indian and Pacific island products valued at about \$500,000 a year. Elsewhere the profits we derive from our aquatic animals are to be noted in a sentence or two: the annual yield of ivory, in the form of walrus tusks, sperm-whale teeth, etc., amounts to about \$25,000; the sponge output of Florida approximates \$500,000 yearly, about a tenth of the world's product; commercial albumen is made from the eggs of cod and other species; the uses of seaweed are numerous, not only for fertilizers and chemicals, but for food; lainglass, made from "sounds" or swimming bladders of sturgeon or hake, is now profitably used for clarifying fermented liquors; and glue manufacture provides an outlet for the economical use of much waste in dressing codfish.

Business Men

Will be benefitted by hearing Judge Hanna's lecture Friday night. Admission free.

Would Sell Their Ears

Nearly 150 men and women, boys and girls living in New York City have manifested a willingness to part with their right ear for \$5000. Telegrams by the score from near-by states show that there are numerous persons who feel the same need of money.

The offers grow out of an advertisement by a physician offering \$5000 for the right ear of a healthy person. The size of the ear was specified with precision and the doctor stated that sex would not matter.

It appears he has a patient who has grown rich in the western mines, but had the misfortune to lose one of his ears. The doctor makes a specialty of fixing up deformed noses and ears so that all he needs to restore the rich miner's beauty is an ear of the right size and shape to be grafted on. Many of those who called had not been measured beforehand, so the desire could not be gratified. The doctor believes he has found one that will meet requirements in one of the city hospitals, but is postponing the operation a week in order to get the best possible fit from among his applicants.

Millionaire's Poor Stomach.

The worn-out stomach of the overfed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over 25 years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system, and makes life worth living, no matter what your station. Trial bottle, 25c; regular size, 75c. At all druggists. At Dr. Stone's drug stores.

Three to the Pen.

Sheriff Flak, of Lane county, last evening brought three prisoners to Salem, and placed them in the penitentiary. James Bunn, who three months ago was released from the penitentiary, was in the lot. Bunn was convicted in Eugene of attempt to commit rape on a little girl eight years old, and Judge Hamilton gave him the limit, 10 years in the penitentiary. C. C. Harwick, larceny by bailer, three years, and David Hunter, assault with intent to rob, one year, were the other two prisoners. Hunter is a mere boy, and will look somewhat out of place in a state's prison cell and in stripes.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell, and completely derange the whole system, when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten-fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price 75 c per bottle.

Hall's family pills are the best.

Chocolate-Colored Queen.

Lilioukalan, ex-queen of Hawaii, arrived in San Francisco from Honolulu on the steamer Sonoma. She is to stay in the city but a few days before going to Washington to prosecute her claims against the government. It will be remembered that a recent senate committee reported favorably on a bill to award the ex-queen \$200,000 damages on account of the loss of her crown lands. Congress has failed to act favorably upon the measure, but Lilioukalan expresses the hope that she will be successful at the present session.

Members of her suit say they received a great send-off on leaving home, the whole city turning out to do their former ruler honor.

The ex-queen looks well, and appears to be in excellent spirits. A letter from Colonel George McFarlane says that she is still a queen of popularity at home, and General Wolf, who acts as a go-between twist her highness and the more undesirable members of the outer world, is enthusiastic in the same way.

The traveling companions of Lilioukalan are Myra Heloluke, John D.

Limoku and Joseph A. Aea, all of Honolulu.

Mormon Agents Active.

(New York Letter.) One hundred and more young girls have mysteriously disappeared in the Harlem section of the city within the last few months. They have been vainly searched for by their friends, been spirited away by missionaries of the Mormon church. It seems that there are scores of these Mormon agents in the city, many of them holding licenses to preach their doctrines in public from the municipal authorities. Their plan of operation is to make the acquaintance of the young women as they enter or leave the public schools and then lure them away from their homes.

May Not Recover.

The Dallas Chronicle of Wednesday says: At the hospital this morning Dr. Ferguson and Rouser amputated the left arm of Willis Galloway, who was shot through the shoulder while driving into Biggs Monday. The young man survived the operation all right, but his chances for recovery are not very encouraging, the shot penetrating the chest. His mother arrived from Hillsboro last night, in answer to a telephone message.

Physicians

Should by all means hear the lecture on Christian Science Friday night. Admission free.

A city man never sees the sights at home until his rural relatives come along and point them out.

CHEAP SUNDAY RATES

Between Portland and Willamette Valley Points.

Low round trip rates have been placed in effect between Portland and Willamette Valley points, in either direction. Tickets will be sold Saturdays and Sundays, and limited to return on or before the following Monday. Call on Southern Pacific Co.'s agents for particulars; 2.20 round trip Salem to Portland and return. 10-11

W. E. COMAN, G.P.A.

"Portland and Return Only \$2.20."

The Southern Pacific is now selling round trip tickets to Portland from Salem for \$2.20, good going Saturday or Sunday, returning Sunday and Monday, giving all day Sunday and Monday in Portland. The same arrangement applies from Portland, giving all Portland people a chance to visit valley points at greatly reduced rates.

For Good Groceries

Go to Branson & Ragan's, and after once trying their groceries you will use them all the time.

Everybody

Goes to the White House lunch counter at noon? Open all hours of the day and night.

CASTORIA.

The Kind You Have Always Bought

Beats the Signature of

Summons.

In the Circuit Court of the State of Oregon, for the County of Marion, Department No. 2:

Amanda A. Johnson, plaintiff.

vs.

Charles E. Johnson, defendant.

To Charles E. Johnson, the above named defendant: In the name of the State of Oregon, you are hereby required to appear herein and answer the complaint of plaintiff on file herein against you within six weeks from the date of the first publication hereof.

And you are further notified that if you fail to so appear within said time said plaintiff will apply to the court for the relief prayed for in her complaint, to-wit:

For a decree forever dissolving the bonds of matrimony now existing between plaintiff and defendant, and for the custody of Carl Johnson, a minor, and for her costs and disbursements, and for such other relief as may seem meet with equity to the court.

And you are further notified that this summons is served upon you by publication in the Daily Capital Journal, a daily newspaper of general circulation in Marion county, Oregon, for six consecutive weeks pursuant to an order of the Honorable R. P. Boise, judge of the above entitled court duly made, rendered and entered of record herein on the 30th day of October, 1903.

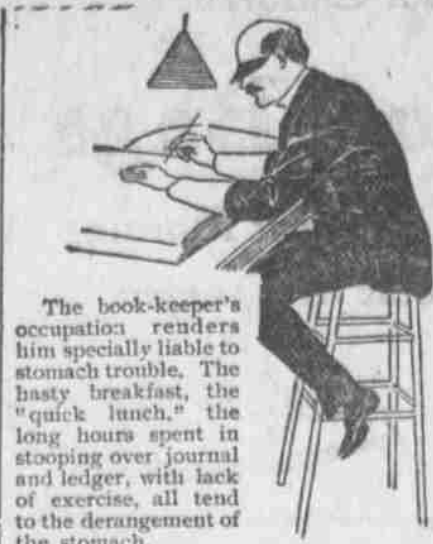

And you are further hereby notified that the date of the first publication herein is the 30th day of October, 1903, and the date of the last publication will be on the 11th day of December, 1903.

FRANK HOLMES,

Attorney for Plaintiff.

J. Brownstein & Son.

54 State street. Highest cash price paid for Hides, Pelts, Wool, Tallow and furs; also general dealer in old iron, Rubber and Metals.

The book-keeper's occupation renders him specially liable to stomach trouble.

The busy breakfast, the "quick lunch," the long hours spent in stooping over journal and ledger, with lack of exercise, all tend to the derangement of the stomach.

When the stomach is in a healthy condition the feeling after a meal is one of satisfaction and comfort. Whenever there is discomfort after eating it is a sign of stomach derangement or disease.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition perfectly and permanently. The cures effected by this medicine are almost countless.

"I have taken one bottle of Dr. Pierce's Golden Medical Discovery for indigestion and liver complaint," writes Mr. C. M. Wilson, of Yachin College, Davidson Co., N. C. "I have had no bad spells since I commenced taking your medicine—in fact have not felt like the same man. Before I took the 'Golden Medical Discovery' I could not eat anything without awful distress, but now I can eat anything I wish without having unpleasant feelings."

Don't be fooled into trading a substance for a shadow. Any substitute offered as "just as good" as "Golden Medical Discovery" is a shadow of that medicine. There are cures behind every claim made for the "Discovery," which is "just as good" medicine can show.

Dr. Pierce's Pleasant Pellets cleanse the bowels and regulate the liver. They produce permanent benefit and do not react on the system.

STONE'S DRUG STORES

SALEM, OREGON.

The stores (two in number) are located at No. 235 and 297 Commercial street, and are well stocked with complete line of drugs and medicines, toilet articles, perfumery, brushes, etc.
