## HANDY ROOM JEWELRY SAFE

**Chas. H. Hinges Secures an up to Date One For His Stock**

One of the happiest men in Salem is Chas. H. Hinges, the State-street jeweler, all over the receipt of a new Cary Jeweler's safe, which was placed in his store yesterday. It has been over a month on the way from Buffalo. It is one of the newest things in the safe line, having the new water proof feature, as well as being fire and burglar proof. It has the greatest number of spaces for storing trays of watches, diamonds and jewelry of any safe ever brought to Salem, and has no equal in the matter of conveniences. With this safe Mr. Hinges can store all of the more valuable portion of his stock, and do it in less than half the time consumed in putting away goods in one of the old-fashioned safes.

Besides having a large chilled steel chest and half a dozen lock drawers, there are 17 plush-lined drawers for storing all kinds of goods, and, in addition, spaces for 56 jeweler's trays. Mr. Hinges has been very uneasy about this safe, lest it might not arrive in time to accommodate his stock of expensive jewelry, diamonds and watches, his old safe lacking the necessary capacity. Furthermore, he has been greatly distressed because the combination had not been sent him from the manufacturers, for having a safe without the combination is just about as useful as a herd of white elephants. However, he trusted to luck, and, strange to say, just as the dray backed up to his store with the mammoth, new safe the letter carrier stepped into his door with an envelope containing the combination. The new safe is now in place, and contains its precious stock.

### Beware of Ointments for Catarrh that Contains Mercury.

As mercury will surely destroy the sense of smell, and completely derange the whole system, when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten-fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price 75 c per bottle. Hall's family pills are the best.

## Ackerman's Close Call

Prof. J. H. Ackerman, while returning from Dallas on Saturday evening, met with an accident that came near proving fatal. He came home in a livery rig, leaving Dallas about dark, and, when coming through the Eola hills, at a point where the newly-graveled road is very narrow, the horses overtook another rig, and, swerving suddenly, attempted to pass, when the buggy went over the embankment, capsizing, and throwing the driver into the mud, while Mr. Ackerman was caught in the top of the rig and, bundled up as he was in a rain coat and laprobe, he was unable to extricate himself. Fortunately the driver kept control of the horses, stopped them promptly, and righted the rig. Mr. Ackerman was found to be covered with mud, and his body badly bruised. His left side was seriously injured by being jammed against the side of the rig. The driver was thoroughly covered with mud, but was not injured. Mr. Ackerman was unable to move about much Sunday and yesterday, but this morning left for Portland, and he may go to Eastern Oregon.
