Storm Raged In Bohemia

F. D. Wheeler, who recently returned from a visit to the Crystal Consolidated mine, reports that old miners and prospectors in the district say that the recent storm is one of the heaviest ever known in the district.

The new Champion Basin road was materially damaged, there being at this writing some 15 or 20 slides. The night of the heavy storm was one not soon forgotten by those in the district, says Mr. Wheeler. The roar and crash of falling timber was something terrific.

The electric line of the Oregon Securities Company, running from the Warehouse to the head of Champion, was not a little damaged. In several places the wires were broken by heavy timber falling over them.

What the storm has broken it will require several weeks of hard work and a good force of men to put things in proper shape.

The Oregon & Southeastern Railway suffered some loss, and is materially handicapped for some little time, owing to the recent storms. The false work had just been put in at the bridge across Rowe river, above Willwood, and now it is scattered from that point down to the Willamette river. The two heavy chords, each 108 feet long, which have just been placed across the river, were also taken down the stream. The false work will be immediately replaced, and if the heavy chords, which, by the way, square 18 inches and 108 feet long, cannot be recovered, another set will soon be gotten out, and the work rushed out as fast as possible.— Cottage Grove Nugget.

Artistic Education.

Artistic education, whether by the direct teaching which develops the power of creation or by the indirect influence of surroundings, which improve the taste and ennoble life, is not a luxury and should never be so regarded. Luxury pampers the body, art gladdens the soul; luxury seeks for dainty food and soft raiment, art seeks for the beauty which ennobles the mind and uplifts the heart; luxury weakens the powers; art, on the other hand, strengthens them; luxury debases the ideals of life, art inspires and exalts them.

That Bonta Road Again

Mr. N. U. Carpenter, the Burns banker, and his colleagues, did not come as a delegation to interview railroad builders, as stated in last evening's paper, but as a delegation to the irrigation convention, held in Pendleton November 9 and 10.

They did, however, call upon the different railroad officials at Baker City and Portland, as well as the president of the board of trade and chamber of commerce and leading business men of both places, to see what could be done towards showing the people of Oregon that they would gain much in a business way by helping to show the railroad men of Oregon they should push more rapidly toward Harney county, for a delay now may lead some railroad from the east or south to enter the vast field now so important to our Western people, and which brings a large revenue to the state.

The people of Burns do not pledge themselves to support any one railroad. They will support the first railroad that comes into their field, and the Sumpter Valley railroad is now within 105 miles of Burns, and it is reasonable to expect this will be first on the ground, if reports are true.— Baker City Democrat.

For a good banjo, guitar, mandolin, violin and French harmonica call on W. Calvet, 158 State street, practical watchmaker, who will sell you all these articles at rock-bottom prices. eod

Sick

Headaches From Army Life

Finally Caused Nervous Dyspepsia.

Dr. Miles' Nerve Cured Me.

Nervousness, indigestion and insomnia are the three greatest afflictions of mankind. Attended as they are by a thousand disagreeable symptoms the victim is in constant misery. Pity the person who cannot sleep, enjoy his food nor secure rest and peace of mind. Dr. Miles' Nerve is a sure cure for all these maladies. It soothes the brain, strengthens the nerves of the stomach and digestive organs, bringing sleep, rest, health, strength and a good digestion.

"Smallpox contracted while in the army, left me with a disease of the spine, nearly blind, and with a complication of nervous affections. Perhaps the most distressing of all my troubles were the sick headaches which grew more frequent and severe as the years passed by, until I became a confirmed dyspeptic with all the characteristic symptoms of nervousness, indigestion, and insomnia. In my search for health, I left my old home in Westbrook county, Maine, and located in the west. Soon after coming here my attention was called to Dr. Miles' Restorative Nerve, and I decided to try it. It soon stopped my headaches and I have not had one since. When I had taken six bottles my health was wonderfully improved in every way. I am well today, eat and sleep all right and in fact feel that my youth has been renewed."—J. B. BYRON, New Whatcom, Wash.

A statistical professor in the University of Chicago declares that "Chicago is the second largest Bohemian city in the world, the third Swedish, the third Norwegian, the fourth Polish, the fifth German (New York being the fourth)." Although the United States arsenal at Rock Island, Ill., has been destroyed by fire, it may be of interest to some of our European friends to know that we have another at Springfield, Mass., which is in excellent working order.

We do what We Claim

We kill and remove cancers and tumors without the aid of a knife.

Read the testimony of a prominent Salem man:

TO THE PUBLIC. In justice to Dr. Cook, and that the world may know what great work he is doing, I wish to inform them that I have been taking treatment from him for the past fifteen months and in that time he has removed from my alimentary canal three tumors of cancerous growths, as large as a man's hand, all from the larger intestine. Also another cancerous growth from off my right right foot and another from my right thumb. This has all been accomplished through medicines alone, they killing the growth and the spider like roots and nature itself casting them off, without the aid of knife or surgery. I do not believe I could have found equally successful treatment anywhere in the world and cheerfully recommend Dr. J. F. Cook, the Botanical Doctor, to all who read this testimonial.

R. J. Spencer. We can do as much for you or more if you need it.

J. F. COOK
