

# MAYOR BISHOP RESIGNS

## Talk of Candidates For His Successor

### Many Names Suggested For Membership In the New City Council—Ten to Elect

The resignation of Mayor Bishop as chief executive of the city, while not entirely unexpected, was not looked for last night by the members of the city council, and there is considerable speculation as to Mr. Bishop's successor. Of course, there is always a supply of candidates for this place, which is, at best, a thankless job, and the present case is no exception to the rule. In political circles this morning, many people "got busy," and the crop of candidates for the place vacated by the mayor is rapidly growing, with the prospect that the office will seek more men than has been the case in Salem in many years.

Among the possible candidates for mayor are men of all ages and shades of politics, and some excellent timber

among them. Dr. Cusick is the choice of many Republicans, especially of the people who so successfully conducted the Citizens' administration the past five years. Judge Boise is also favorably mentioned by those people, as is George J. Pearce. Among the Republicans mentioned are Gid Stolz, T. T. Geer, E. M. Croisan, J. P. Rogers, J. H. McNary, Judge Wm. Waldo, W. T. Rigdon, C. A. Gray and others.

The Democrats are talking of putting up Judge T. C. Davidson, while D. J. Fry has also adherents who are putting his name forward.

More names are being put forward for councilmen in the several wards.

**Candidates Mentioned.**

In the first ward Thomas Burrows retires. Frank Waters, James Lawrence, Eugene Eckerlen, Henry Wenderoth, Col. J. Olmsted and Lot Pierce are mentioned.

Second ward, Herman Pohle retires, Frank Powers, Max Buren, H. C. Epley, T. B. Kay, C. H. Robertson and C. O. Constable are mentioned.

Third ward, Gideon Stolz retiring, Chas. A. Gray and Wm. Brown are mentioned.

Fourth ward, Peter Larsen retiring, Geo. P. Hughes is spoken of. Mr. Hughes is in Alaska, and possibly Frank Hughes could be induced to take it.

Fifth ward, two to be chosen, Geo. C. Will, Wm. Schantz, J. F. Goode,

Geo. Jacobs, J. W. Young, T. J. Cronise and Chris Paulus are mentioned. In the sixth ward two are to be chosen and L. D. Henry, Frank Smith, Al. Burton and C. T. Doty are mentioned.

In the seventh ward S. C. Kightlinger, Fred Hurst, A. Vass and Z. K. Ferguson are mentioned.

At meeting of the Republican central committee, held this morning, it was decided to ask the voters at the primaries to name a candidate for mayor, and placed the same in their call. It was also decided that any person might become a candidate for mayor at the primaries who sent in a petition signed by 20 Republicans.

**Royalty May Be Reconciled.**

Vienna, Nov. 18.—In reference to the decision of ex-Crown Princess Louise of Saxony to reside at Ventnor, England, private reports from Dresden indicate it is the outcome of a partial reconciliation with the crown prince. Princess Louise complains to her husband that she was virtually a prisoner in the castle at Ronno; that she was not allowed to receive visitors; that she was permitted to go out only at certain hours. Her life, she declared, was rendered miserable by this treatment. Correspondence between the crown prince and his wife ensued, which, it is hoped in some quarters, may lead to a reconciliation.

# LINN COUNTY NEWS

**Attempted Poisoning.**

Democrat, Nov. 17th: Yesterday morning the daughter of Mr. Jack Simpson, upon going into the pantry after the meat for breakfast, discovered something glistening in the almost darkened room. There were five pieces, which, the night before, had been piled up. When taken for breakfast they were spread out on the plate. Suspicion was excited, and a piece of the meat was brought to Dr. Davis by a son of Mr. Simpson, and examined, and found to have been poisoned. A small piece of the meat cooked was eaten by Vida Simpson, causing sickness, but not enough was taken to prove serious. No cause is known for any such attempt, and the matter is shrouded in mystery.

**Did the Goats Eat Him?**

Democrat, Nov. 17th: A young man residing on the road between Albany and Corvallis, East Side, is reported to have gone into the fields to see what

was the matter with some goats, taking his gun, and has since not returned or been heard from. The particulars could not be learned.

The young man lives on the Efleischer farm with a family of Germans, that recently came here from Kansas.

**Missing Man Returned.**

Herald, Nov. 18th: Carl Mealy, who, as stated in yesterday's Herald, was thought to be either lost or have met with some accident while on a hunting trip with his uncle, William Mealy, has at last put in an appearance. Mr. Benson Harris came down from Lebanon yesterday, and reports that his brother, who has charge of the Santiam postoffice, brought word to that place that Mealy had wandered around for six days, and finally succeeded in making his way out of the woods a little below Sweet Home. No particulars, further than that he had been found, could be obtained.

# SISTERS OF CHARITY

RELY ON PE-RU-NA TO FIGHT CATARRH WHEREVER LOCATED IN THE SYSTEM.

MISS BEATRIX CALLAN.

### Interesting Letters from Catholic Institutions.

In every country of the civilized world the Sisters of Charity are known.

Not only do they minister to the spiritual and intellectual needs of the charges committed to their care, but they also minister to their bodily needs. With so many children to take care of and to protect from climate and disease, these wise and prudent sisters have found Peruna a never-failing safeguard.

A letter recently received by Dr. Hartman from Sister Beatrix B. Callan, 410 W. Thirtieth street, New York, reads as follows: "I cannot say too much in praise of Peruna. Eight bottles of it cured me of catarrh of the lungs of four

years' standing, and I would not have been without it for anything. It helped several Sisters of coughs and colds and I have yet to find one case of catarrh that it does not cure."—Sister Beatrix.

From a Catholic Institution in Central Ohio comes the following recommendation from the Sister Superior.

"Some years ago a friend of our institution recommended to us Dr. Hartman's Peruna as an excellent remedy for the influenza of which we then had several cases which threatened to be of a serious character.

"We began to use it and experienced such wonderful results that since then Peruna has become our favorite medicine for influenza, catarrh, cold, cough and bronchitis."

Another recommendation from a Catholic Institution of one of the Central States written by the Sister Superior reads as follows:

"A number of years ago our attention was called to Dr. Hartman's Peruna, and

since then we have used it with wonderful results for grip, coughs, colds and catarrhal diseases of the head and stomach.

"For grip and winter catarrh especially it has been of great service to the inmates of this institution.

### SISTERS OF CHARITY

All Over the United States Use Pe-ru-na for Catarrh.

Dr. Hartman receives many letters from Catholic Sisters all over the United States. A recommendation recently received from a Catholic Institution in the South-west reads as follows:

A Prominent Mother Superior says:

"I can testify from experience to the efficiency of Peruna as one of the very best medicines, and it gives me pleasure to add my praise to that of thousands who have used it. For years I suffered with catarrh of the stomach, all remedies proving valueless for relief. Last spring I went to Colorado, hoping to be benefited by a change of climate and while there a friend advised me to try Peruna. After using two bottles I found myself very much improved. The remains of my old disease being now so slight, I consider myself cured, yet for a while I intend to continue the use of Peruna. I am now treating another patient with your medicine. She has been sick with malaria and troubled with leucorrhœa. I have not a doubt that a cure will be speedily effected."

These are samples of letters received by Dr. Hartman from the various orders of Catholic Sisters throughout the United States.

The names and addresses to these letters have been withheld from respect to the Sisters but will be furnished upon request.

One-half of the diseases which afflict mankind are due to some catarrhal derangement of the mucous membranes lining some organ or passage of the body.

A remedy that would act immediately upon the congested mucous membranes restoring it to its normal state, would consequently cure all these diseases. Catarrh is catarrh wherever located, whether it be in the head, throat, lungs, stomach, kidneys, or pelvic organs. A remedy that will cure it in one location will cure it in all locations.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

# LADIES, ATTENTION

"There can be no Economy where there is no Efficiency"

**OUR EXPERT** Will Teach You Efficiency We Want You to Meet Her

The Cheapest Fuel used in a Gas Range is the Air You burn, Seven-Eighths of the Fuel is the Air Drawn Through the Mixer

**THAT'S CHEAP**

Salem ladies using a GAS RANGE wear a smile that won't come off. We want you to wear one, so we ask you to lunch with us at Speer Bros. old stand in the Klinger block.
