

The Merchants Who Please the Public.
Stockton & Co.
 Stores at Court and Commercial and 298-300 Commercial Streets

Our busy stores are always on the alert for the benefit of their countless patrons in securing and offering bargains, which is reflected by the steady and most gratifying increase in business. We own more goods than any other firm in the city, and we are doing much for the public in the way of keeping prices down.

We have at each of our stores extensive stocks of ready-to-wear goods of all kinds, which we are desirous of 'closing out' before Jan. 1. So we have cut the prices so low that every lady can afford a new suit for the holidays.

Your Money's Worth or Your Money Back.

REPUBLICAN CITY CAMPAIGN

THE REPUBLICAN CANDIDATES FOR MAYOR AND ALDERMAN STAND FOR ALL POSSIBLE PROGRESS AND DEVELOPMENT OF GREATER SALEM CONSISTENT WITH GOOD BUSINESS ADMINISTRATION.

REPUBLICAN CITY TICKET.
 For Mayor—Frank Waters.
 For Aldermen:
 First ward—Robt. E. Downing.
 Second ward—R. A. Crossan.
 Third ward—A. Gesner.
 Fourth ward—J. Frank Hughes.
 Fifth ward—J. W. Young, Geo. F. Jacobs.
 Sixth ward—E. C. Churchill, Frank Smith.
 Seventh ward—Andrew Vass, Lee Atchison.

(These columns are conducted by the Republican city press committee.)

Not Personality, But Principles.
 It is conceded that the candidates on both sides in this campaign are gentlemen above reproach.

On the question of improvement of the suburbs the Republicans stand for progress. Where do the citizens stand?

On the bicycle issue the Republicans stand for fair treatment of the wheelmen. Where do the Citizens stand?

The Republicans stand for better streets and sanitary conditions. Where do the citizens stand?

Republicans Against Poll Tax Coercion of the voter.

The Citizens' council at its last meeting ordered a deputy at each polling place to enforce collection of the \$2 road poll tax. This has caused a general discussion of the right of the city government to enforce such a provision, especially in the new wards, where such taxes have been collected by the county road supervisors. Many have lost their receipts, and would have difficulty in proving that they had paid. Investigation shows that all the members of the charter commission who were Republicans voted against putting that obnoxious restriction in the charter, and the Citizens' members all voted for it, and are now trying to enforce it, which would keep many good citizens from voting next Monday. If the provision is wrong, those who put it there should be blamed, and not the Republicans who voted against a poll tax qualification.

What Will Be Gained by Crusades Against Vice?

The Citizens' are strenuously denying that their candidates are under any pledges to the Anti-Saloon League or Law-Enforcement League. If that is true what is the use of electing them on the moral issue?

In reply to the charge of the Republicans that Citizens' candidates have been obliged to give pledges to another organization, they say: "No pledges whatever have been exacted."

Now, isn't it a fact that a committee of the above league waited on the candidates, or on most of them, and exacted a pledge to do certain things outlined at a meeting of Captain Mahone and Rev. Tufts?

This committee reported to the Law-Enforcement League at the W. C. T. U. rooms Wednesday evening, recommending the Citizens' candidate for mayor, and all their candidates for aldermen, and so advertised in both the papers.

Just what those pledges are no one knows but the members of the committee who secured them from the individuals who gave them. But we know what was definitely outlined by Mahone and Tufts.

Those gentlemen are professional agitators and crusaders against what is termed vice. They will demand of the city government they elect crusades for saloon closing, for raiding places, and for prosecution of the social evil.

Let us assume that they have elected P. S. Knight, and a majority of the council, and begin a campaign of arrests and prosecutions and jury trials in their crusade against vice, and carry it on for a year. What will be gained? Does anyone believe there will be one whit less of what they complain about in this city after their crusade than before? Are they honest in that belief themselves? Let us hope they are, because, on the other side, their crusade means tremendous bills of expense for the taxpayer, injury to every business interest of Salem, neighbor arrayed against neighbor, and nothing accomplished to make Salem really a better city in any respect. At the end of the year the community would be tired of be-

ing torn up for theoretical reformation that has never been a success anywhere, and those against whom the prosecutions were carried on would be stronger entrenched politically than ever before. Have the business men of this city any interest in these impracticable crusades, to please the vanity and theories of imported hired agitators?

The Citizens Will Not Protect the New Wards.

The new wards in the city were promised fire protection when the charter of Greater Salem was under consideration, and in recent terms the officers of the Citizens' administration discussed their plans for chemical engines, to be purchased before the new charter should go into effect as far as the new wards were concerned, thus offering the new districts fire protection that it is impossible to give with the present fire-fighting apparatus in the possession of the city, which is too heavy to run to the extreme limits of Greater Salem in time to be of any use in fighting a conflagration so far from the city hall. What have the officers of the Citizens' administration done to provide adequate fire protection? Has apparatus been provided for the protection of the outlying districts? Do the citizens of the new wards remember the pledges made and the course taken by the Citizens council? The matter of providing fire protection to the new wards when they should come into the city was indeed taken up in the council, and after it was ascertained what the cost of a small chemical engine would be, the matter was dropped, and like some other pledges this one was allowed to rest, and the new wards, some of the residents of which are nearly two miles from the city hall, where the fire department is located, could not get the assistance of the heavy engines for fighting fires, in case of emergency, until it was too late, if the big engines could indeed be brought out at all. What has become of the promise to provide a chemical engine for the prompt extinguishment of fires in the distant residence districts, where the humble homes are more valuable to their owners than are the palatial residences of some of the bosses of the Citizens' party, down in the main portion of the city?

The Bonding Issue.

Judge Judah in the Citizens' campaign column very adroitly seeks to protect the administration of which he has been the head, front, tail and brains, by showing that while they are paying Mr. Bush five per cent on the \$30,000 bonds he is carrying for the city, Mr. Bush is rebating one per cent to the city. This may be true, but why did the Citizens' council not order a special election for a popular loan on the 21st of June when they obtained the power to do so under the new charter? Then they could have floated a popular loan at 3 1/2 to 4 per cent, when now they will do well if they get the popular loan at 5 per cent. Mr. Bush probably knew that money would be closer in January than it was last June, and the city may have to pay dearly for the dilatory policy of the Citizens. Mr. Judah says they waited because the new charter did not take effect in the suburbs until October 1st. What has the suburbs to do with this old debt? Absolutely nothing. They never created a dollar of that debt. They should not be asked to pay one penny of it.

The Citizens Promise the Suburbs Nothing.

Suburbanites! Are you aware the Citizens' party has promised you absolutely NOTHING in the way of IMPROVEMENTS, nor offered anything for your WHEELMEN. The Citizens' administration passed the unjust and discriminating bicycle ordinance now in force, not the Republican party. Can you afford to help continue this administration, on a new theory of law enforcement, and thus sacrifice your own interests? Are you in favor of voting into power a continuance of prohibitive ordinances? The Citizens' campaign contains nothing for wheelmen, and no promises. The Republicans, from the candidate for mayor down, are in favor of giving the wheelmen every possible privilege. The Republican ticket now stands as the wheelmen's friend. The Citizens have promised you nothing in the way of improvements, yet you will pay into the city treasury over \$17,000 in hard-earned coin, for which you will get little or nothing. Are you in favor of this scabbory? Do you want improvements? Do you want sidewalks? Do you want electric lights?

Do you want more car lines? Do you want water and gas mains out in your district, then vote for the party which is representing progress and improvement. You know what you have had during the past, vote for a change for the better. Greater Salem is the watch word. A few personal property interests NOW stands for the so-called Citizens' movement. This is easily seen in the columns of abuse and personality indulged by the press committee of the hired columns of the Citizens' push. The suburbs be damned is the policy of the Citizens' push. We shall add their \$17,000 to our own interests, and help improve our own streets, says the Citizens' push.

The Republican Campaign.
 The Republican campaign for the city election Monday has been carried on against great odds.

The Citizens' administration for the past five years has had many things to say in its favor.

So long as it adhered to its program of a strictly non-partisan business administration it knocked the Republicans out.

When it enacted ridiculous bicycle legislation, adopted poll tax coercion, and its leaders adopted secret brace-gang methods it failed.

But on top of all it has formed a coalition with the law-enforcement league, that puts the temperance and church federation on its side.

It has the police and fire department. For the Young Republicans to pick up the fight in the way they did was pretty plucky politics. They had virtually to build a new organization, make new polls of the wards, take their voters out of the ranks of the Citizens' party, and win.

The Republicans began right. They adopted Direct Nomination, holding no city convention, but making their nominees directly responsible to the people.

The Citizens' adopted closer corporation methods than ever before. They make their campaign through the agency of a small committee, which, finally boiled down, is one man.

After hunting in vain for an available candidate, Mr. Boothby offered the nomination of Mr. Knight, assuring him that if he would accept the convention would unanimously ratify the nomination. It did so.

As the Republicans began right, they have continued right, seeking no alliances or endorsement of other organizations.

The law enforcement league has shown unfairness in endorsing Republican candidates only in two wards, where there are Prohibitionists up for aldermen on the Citizens' ticket, the only effect being to divide the vote.

The Republicans are to be congratulated on standing on their own principles. Their candidates are subject

Furs

High grade furs—suffers beauties that suggest a frosty Xmas in face of winter's biting blasts.

DIED.
 RAFF—At the family home on North Liberty street, North Salem, Oregon, Friday, December 5, 1933, at 4:30 p. m., Jacob Raff, aged 46 years, of cancer of the throat.
 Deceased came to Salem from Kansas about a year ago, and since that time has followed his trade, that of carpenter, in this city, until a short time ago when he became ill. He leaves a wife and two sons and a daughter to mourn his untimely death. Deceased was a member of the local Carpenters' union, having joined that organization since coming to Salem. The funeral will be held from the residence of Mrs. Miller, on Commercial street, tomorrow at 2 p. m. Rev. Oliver, of the United Brethren church officiating.
