

A REED SHAKEN WITH THE WIND

Without Will Power, Courage, Ambition, Energy or Hope, the Dyspeptic is Willing to Give Up the Struggle.

The confirmed dyspeptic has as little interest in life as any human being. He is unfitted for his duties and is indifferent to its charms. He is unable to enjoy the business and social relations that constitute the life of the average man. All his hopes are absorbed by the one hope to get well and again be able to enjoy the good things of life. Until this is realized, he is sick at heart and feels himself to be of little use.

Stuart's Dyspepsia Tablets are the sufferer's tree of life. They will cure him and bring him health and happiness just as sure and certain as he takes them. They are sure because they are natural and no other cure but a natural one is sure. They act on the food and digest it just as well as a stomach would. They contain exactly the same chemical properties as the digestive fluids of the stomach.

By putting Stuart's Dyspepsia Tablets in a bottle or jar with any kind of food; meat, eggs or vegetables, with sufficient amount of water, the process of digestion is carried out just as it is in a healthy human stomach and in the same time. There is consequently no unnatural disturbance of the digestive organs resulting from the use of Stuart's Dyspepsia Tablets. They relieve the weak and worn-out stomach of its work and permit it to rest up and recuperate and regain its normal health and strength.

A well-known Buffalo physician says: "I prescribe Stuart's Dyspepsia Tablets on all occasions as a relief for weakened and run-down stomachs. I find they contain all the ingredients necessary for the proper digestion of the food and will do more to give the stomach the needed rest than any medicine I could prescribe. They have never failed to give immediate relief in all my cases and I do not hesitate to recommend them to all sufferers from dyspepsia."

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box.

Deception in Fabrics.

Wool growers are coming to the conclusion that they must be protected from the shoddy and other wool adulterants in fabrics, as dairymen are protected from also. It should not be, and is not the intention of the growers to place any restriction upon the use of adulterants, other than that implied in compelling manufacturers to disclose to consumers the materials of which their goods are made. If consumers want to buy "woolen goods" made in whole or in part of shoddy, ramie, cotton or what not, or are compelled to, by necessity, they should have the privilege, but should have the same chance to know what they are buying that the buyers of butter and many other foodstuffs have. This is fair to the buyer, and not unfair to the manufacturer, except as it may make him more honest than he desires, but that may be extremely fair to him in the long run—eternity long, for instance. Legislation has been pending in congress through a term or two to give effect to the protection outlined, but powerful interests oppose it, and so but little progress has been made. Doubtless the people could do much more to hasten the legislation if they felt so disposed.

Making Good Progress.

H. W. Goodie, director-general of the Lewis and Clark Exposition, was a Salem visitor yesterday afternoon. He reports that the state commission and the exposition corporation has secured the entire third floor of the new Stearns building, near the Portland hotel, where they will have all their offices. The new offices are now being prepared, and will be ready for occupancy by the 15th of this month. The grounds are being rapidly placed in condition, and the progress made, Mr. Goodie says, is very satisfactory. President Myers, of the commission, leaves tomorrow night for Washington, where he will join Harvey W. Scott, before congress in an effort to secure favorable action, at the hands of congress, for the exposition.

Not Principal, Either.

Attorney-General Crawford has rendered an opinion in the famous land case of John Adair, Jr. Adair made application for swamp land in 1872, and made a payment of \$876.97. He did nothing further in the matter until recently, when he asked for repayment, with interest. The opinion holds that he is not entitled to interest, as the fact that the repayment was not made long ago is owing to the neglect of the

GLUTTONY

Is more common than we may think, if we define gluttony as eating beyond the body's need of sustenance and beyond the stomach's capacity for digestion and assimilation of food. That is a fair definition, and it fastens the name glutton on many a person who would resent the term as an insult. The fact of this gluttony is marked by its consequences. The overloaded stomach becomes diseased. The popular term for the condition is "weak" stomach. The "weak" stomach fails in furnishing adequate nutrition for the body, and soon the "weakness" spreads from the stomach to other organs.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect assimilation of food, by which alone the health and strength of the body is maintained.

"Your medicine helped me so much that I cannot praise it too highly," writes Mrs. C. L. Brooks of Poland, Androscoggin Co., Me. "The first dose I took helped me. I cannot forget how I felt when I took it. I was suffering everything with indigestion and my stomach was so bloated that it seemed as though it must burst. My husband said he was going for the doctor, but I said if he would get me a bottle of the 'Golden Medical Discovery' I would try that. I had not taken it long when I felt relieved, and have not had a touch of indigestion or stomach trouble since. I had been sick for four years, and less than four bottles cured me. Some people that knew me before I began to take the 'Golden Medical Discovery' tell me that they never saw such a change in anyone, and they also say they don't see how I can do such large washings as I do now, when I had not done a washing for so long."

WHY IT SUCCEEDS.

Because it's for One Thing Only, and Salem is Learning This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only.

They're for sick kidneys. They cure backache, every kidney ill.

Here is Salem evidence to prove it. G. W. Bennett of Roseburg, Ore., a well-known veteran member of 11th Iowa Reg., Co. 1, Inf., says "If kidney complaint affects everyone as it did me there is little wonder that the sufferer is constantly complaining and continually on the outlook for something to bring relief. I was annoyed more or less with kidney trouble ever since I left the army in 1865. I suffered everything from steady dull aching to excruciating twinges across the small of my back. I had to move around very carefully trying to evade pain, for a false step or backward movement brought punishment. The secretions from the kidneys were in smelted very strong and after standing a terrible condition, dark in color, in a short time possessed a heavy brick-dust sediment. I was for eight months under treatment for my kidneys but nothing gave me any permanent relief until I commenced using Doan's Kidney Pills. The first box so greatly benefited me that I followed up the treatment by using three boxes. They practically cured me. I am 83 years old, and can hardly expect to be cured completely, but when a remedy will bring such relief to a person of my age and in a case of so long standing, what will it do in ordinary cases? I might add that before I began to use Doan's Kidney Pills I was so badly affected with dizzy spells that often when walking up town I have had to stop and lean up against something for support. I keep Doan's Kidney Pills on hand all the time and every now and again when I think my kidneys or back need a little toning up I take a few doses. I recommend this remedy strongly."

Plenty more proof like this from Salem people. Call at Dr. Stone's drug store and ask what his customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N.Y. sole agents for the United States. Remember the name, Doan's, and take no substitute.

We do what We Claim

We kill and remove cancers and tumors without the aid of a knife.

Read the testimony of a prominent Salem man:

TO THE PUBLIC. In justice to Dr. Cook, and that the world may know what great work he is doing, I wish to inform them that I have been taking treatment from him for the past fifteen months and in that time he has removed from my alimentary canal three tumors of cancerous growths, as large as a man's hand, all from the larger intestine. Also another cancerous growth from off my right right foot and another from my right thumb. This has all been accomplished through medicines alone, they killing the growth and the spider like roots and nature itself casting them off, without the aid of knife or surgery. I do not believe I could have found equally successful treatment anywhere in the world and cheerfully recommend Dr. J. F. Cook, the Botanical Doctor, to all who read this testimonial. R. J. Spencer. We can do as much for you or more if you need it.
