MOTHERHOOD is the reward nature bestows upon healthy womanhood. Women whose vitality has been sapped by disease cannot safely give birth to children. In pregnancy and in childbirth weakness of the mother is revealed in the pain

and agony she suffers.

This great medicine drives out every vestige of inflammation and weakness, and gives tone and strength to the delicate ergans which mature the child. The pains of programcy are banished by Wine of Cardui, and miscarriages, which blast so many fond mother's hopes, are prevented. Flooding, which so often occurs after childbirth, is corrected when Wine of Cardui is used during pregnancy.

Wine of Cardui babies are healthy babies, because, during the months of pregnancy, the mother is able to give them necessary vitality

With these facts presented to American women no expectant mother should be satisfied without the re-inforcement that Wine of Cardui will give her. Every mother should be able to treat herself in her home with this valuable medicine.

Wine of Cardui can be secured from any druggist at \$1.00 a bottle.

Polycarp, N. C., Jan. 11, 1902.

I am the mother of seven children and while in pregnancy with the first aix suffered untold misery until they were born. One month before the seventh was born I began to take a bottle of Wine of Cardui, which gave me relief after taking three doses. I used the remainder of the bottle until the birth of the child, and was stonter in three days after the birth than I was in a month after the birth of either of the first six. I am 29 years old.

MRS, V. ELIZABETH STAFFORD.
