

# Is Your Stomach on a Strike?

When we consider the cruel abuse the average American gives his stomach, we cease to wonder why that faithful and industrious organ goes on a strike. Performing the hardest labor, taking care of partially chewed and indigestible food, working overtime—no eight hour day by any means—the stomach is taxed to its utmost, and sooner or later there is always trouble. The relation between it and the other vital organs of the human anatomy is extremely intimate, and unless the strike is called off a sympathetic movement on the part of the blood, the heart, the liver, etc., is sure to result.

You get run down, become thin and emaciated, have no appetite, suffer distress after eating, and are in just the condition to contract almost any serious disease.

No need to despair. An ever effective remedy is within your reach. Not one which steals the stomach's job and inflicts permanent injury and suffering. No; Stuart's Dyspepsia Tablets are a worthy substitute. They step right in, in the time of need, perform the stomach's work by the identical agencies it employs and give the digestive organs a holiday for rest and recuperation.

Remember, however, that an ounce of prevention is worth a pound of cure, and get into the habit of taking a Stuart's Dyspepsia Tablet after each meal.

Stuart's Dyspepsia Tablets are not a secret nostrum, a panacea for all ailments. They are a mixture of sense, science and the counterparts of the digestive fluids of the stomach. They do not offend Nature, but, on the contrary, follow in her footsteps.

If you are incredulous place an egg cut into small pieces in a tumbler, fill with hot water, put in one Stuart's Dyspepsia Tablet, maintain a temperature of 98 degrees (blood heat) for three hours, and the egg will be as completely digested as it would have been in a healthy stomach. What it will do in tumbler, it will certainly do in a stomach.

Very few people are free from some form of indigestion, but scarcely two will have the same symptoms. Some will suffer with distress after eating, bloating from gas in the stomach and bowels, others from acid dyspepsia or heartburn, others palpitation or headaches, sleeplessness, pains in chest and under shoulder-blades, extreme nervousness, as in nervous dyspepsia, but they all have the same cause, i. e., failure to digest what is eaten.

Stuart's Dyspepsia Tablets give the stomach absolute rest and assistance, and immediately do away with these disagreeable symptoms. At the same time the Tablets are absolutely harmless; a child can take them with benefit. As an instance of the marvelous cures effected by Stuart's Dyspepsia Tablets observe the following: Mrs. Sarah A. Skeel, Lynnville, Jasper Co., Mo., says: "After using only one package of Stuart's Dyspepsia Tablets I received such great and unexpected benefit that I wish to express my sincere gratitude. In fact it has been six months since I took the package, and I have not had one particle of distress or difficulty since.

And all this in the face of the fact that the best doctors I consulted told me my case was Chronic Dyspepsia and absolutely incurable, as I had suffered twenty-five years. I distributed half a dozen packages among my friends here, who are very anxious to try this remedy."

A Wisconsin man says: "I suffered the pangs of dyspepsia for ten years. I tried every known remedy with indifferent results until I was told of the remarkable cures of Stuart's Dyspepsia Tablets. I bought a box, began taking them and forgot I had a stomach. Three boxes cured me completely. I have had no trouble whatever for a year and have an appetite like a harvest hand and can eat anything that is set before me without fear of bad results."

Rev. J. R. Hoag of Wymore, Neb., writes: "For six years I have been troubled with dyspepsia. Last fall I became very much alarmed at some symptoms of heart trouble, and came to believe there was a sympathetic relation between the two diseases, or, rather, that the stomach trouble was the cause of the heart disturbances. I hit upon Stuart's Dyspepsia Tablets for a remedy and invested a dollar and a half for three boxes, which lasted me three months, and I can eat any kind of food I want, and have a good, vigorous appetite. Although I am 77 years old, I now feel perfectly well, and without being requested by any one I make this statement as a compliment to the virtue of Stuart's Dyspepsia Tablets."

Stuart's Dyspepsia Tablets are for sale by all druggists at 50c a box, full size packages.

You or any of your dyspeptic friends will be mailed free book on stomach diseases by addressing F. A. Stuart Co., Marshall, Mich.

## CALL FOR A WEEK OF PRAYER

### Evangelical Alliances of the World Take Part

#### Program Suggested, and Subjects Given for Each Day of the Week

The Evangelical Alliances of the World have issued a special call for a week of prayer for this, the first week of the new year, and all churches are asked to make it one of special united prayer and supplication for the glorification of the church and the saving and blessing of the world. The invitation to participate in this work contains the following appeal:

"In continuance of their action for more than half a century, the Evangelical Alliances of the World suggest the opening week of the year as a week of special, united prayer. Past experience illustrates the divine faithfulness in answering the plea of faith. Existing conditions call for a renewed and world-wide appeal to the throne of the heavenly grace. With unprecedented swiftness and momentum the course of events moves on. Nations are in commotion. Races are at variance. Classes angrily contend. False religion dreams of new conquests. 'The lust of the flesh and the lust of the eyes, and the vainglory of life,' take captive the souls of men. Yet the church includes an almost numberless host of true believers. She sits in high places of learning and lit-

erature and science and wealth. She has lost neither her habit of philanthropy nor her aptness for missions nor her genius martyrdom. She keeps her essential unity. She worships God. She loves His truth.

"What she lacks is precisely what she may gain through united prayer—the augmenting of her faith; the sanctifying of her life; the perfecting of her unity in the spirit and in the bond of peace; the re-awakening of her enthusiasm for humanity, and her passion for the saving of the lost; the setting on fire of her loyalty to Him who gave his life a ransom for the world.

"God will surely glorify His church and savingly bless the world, if His children pray aright."

The Evangelical Alliances of the United States makes the following suggestions for the subjects of prayers for the several days of the week.

Monday, January 4—The warrant, privilege and power of prayer, and the present need of world-wide intercession.

Tuesday, January 5—The recognition of the church of Christ, the one body of believers, called to God to win the world to Christ.

Wednesday, January 6—All nations and people, the one human family loved of God; hastening of the day when the nations will recognize the brotherhood of man.

Thursday, Jan 7—Home and foreign missions, departments of the one great evangelizing effort under the one great commission.

Friday, January 8—The family and the school.

Saturday, January 9—The entertainment of Christ on earth, the only hope of humanity's highest welfare.

Sunday, January 10th—Sermon: The holy spirit, God's free gift.

**Millionaire's Poor Stomach.**

The worn-out stomach of the overfed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over 35 years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system, and makes life worth living, no matter what your station. Trial bottle, 25c; regular size, 75c. At all druggists. At Dr. Stone's drug stores.

## FOUR NIGHTS OF MAGIC

### The Celebrated Magician and Hypnotist, McEwen

#### Begins a Four Nights Engagement at the Opera House Wednesday Evening

Wednesday evening Professor McEwen the celebrated magician and hypnotist will begin a four nights engagement at the Grand Opera House, the first appearance being under the auspices, and for the benefit of Salem lodge of Elks No. 336 of which lodge the professor is a member, having been initiated during his visit here some three years ago. As a hypnotist the professor has a reputation that is world wide, none excelling him;

as a sleight-of-hand performer he is without a peer. There never was but one man attempted the feats performed by Professor McEwen, and that was Heller, who stood alone in his day; but Professor McEwen not only does all that others have done, but has many original creations that are simply bewildering. As a palmer he does the apparently impossible, handling four solid billiard balls at once, and making them appear and disappear at will, and yet without leaving his hands. This is one of a hundred mystifying features, and they are all done with a smoothness and ease, that leaves one wondering if his eyes have not deceived him, and he is not under the professor's spell of hypnotism. The mystic always has a charm, and when you see what Professor

McEwen does, you will find that you have not only been amused and interested for the evening, but that you will have something that will cause

you to do a whole lot of thinking for many days after. Don't forget the date, Wednesday evening and the ballance of the week. Curtain at 8:15.

## Hominy Corn

Some fine white corn that makes hominy "Like mother made."

Violet Rolled Oats, use them and get a White House Cook Book, free.

Oat Flakes, a prize in every package.

We sell Flour, good flour and at the lowest prices in the city.

**D. A. White & Son**  
Feedmen and Seedsmen  
301 Com'l St. Phone 1781

## German Market

## Positive Proof

**Envy and Deceit**

Has prevented many from being cured by me, THAT'S JEALOUSY!

**Can you Afford to Run the Risk**

**We Do What We Claim**

We kill and remove Cancers and Tumors without the aid of knife or other instrument.

Dr. J. F. Cook, the Botanical Doctor, cures all kinds of diseases after all other schools have failed, without the aid of knife or poisons. His medicines are composed of Nature's herbs; they are gathered and selected in various parts of America and foreign countries, at great expense.

Read the Testimonial of a Prominent Salem Man: **TO THE PUBLIC.**

In justice to DR. J. F. COOK, and that the world may know what a great work he is doing, I wish to inform them that I have been taking treatment from him for the past 15 months, and that in that time he has removed from my alimentary canal three tumors of cancerous growths as large as a man's hand, all from the large intestine. Also another cancerous growth of lesser size from off my foot, and another from off my thumb. This has all been accomplished through medicines alone, they killing the growth and spider-like roots, and Nature itself casting them off without the aid of knife or surgery. I dare not believe I could have found equal successful treatment anywhere in the world, and cheerfully recommend Dr. J. F. Cook, the Botanical Doctor, to all who read this testimonial.—R. J. SPENCER.

We can do as much for you, or more, if you need it.

**J. F. COOK**  
Deutscher Botanical Doctor. Liberty Street, Salem, Oregon.
