A DEMOCRATIC VIEW

This is the season of the biennial incubation of the political plums, that is, the time when offices begin floating around in the air in search of would-be occupants, that is as it should be, but in reality when favored sons with sufficient native gall to convince them that they are the real chosen few who should become the servants of the people begin looking around to see what political plums are hanging on the trees ready to be picked.

Oregon this year does not have any too many "soft snaps" to offer its favorite sons, but there are a few, and they will be jealously looked after by the eligible. There is a justice of the supreme court to be selected, and two congressmen must be chosen. Besides there are numerous county offices to be filled, but these are merely local affairs, and the incumbents must be selected to a very great extent on their merits. This should also be true with reference to the selection of associate justice of the supreme court, but Oregon, like nearly all the other states, has not yet elevated its judiciary above partisanship, and whoever is nominated on the Republican ticket for supreme court judge will very likely be elected on the 6th of next June, hence there will be a scramble for the nomination on that ticket.

MUST CONVINC.

Salem People Must Believe the Testimony of Her Best Citizens.

Testimony like that below cannot fail to convince Salem people, because a Salem man is the speaker and he is a man of reputation in the community. Jacob E. McCoy, bridge builder and contractor, residing on Capital street, second house beyond Mill creek says: "I have always enjoyed good health up to five or six years ago. Along about that time my kidneys commenced to bother me. There was not so much backache, but the principal symptoms were in connection with the kidney secretions. A strain or over-exertion very often caused hemorrhages of the kidneys. I cannot say that it was so painful but it was very annoying. I used various remedies and while some gave relief others were worthless. In some way Doan's Kidney Pills were brought to my notice and when up town I dropped into Dr. Stone's drug store and procured a box, taking them as directed. A few doses gave me very convincing proof that they were going to the right spot, and though I can't say they have cured me, as I may never be cured, I can state that they gave me wonderful relief. I have a high opinion of Doan's Kidney Pills and cheerfully recommend them."

Jorgensen, who was for seven years with John H. Holm, and has now bought out the shop one door south of the Salem Hotel. He has whitewashed the shop, put in a neat office, and will, if he can get a lease, put in a new building soon. Mr. Jorgensen is an energetic, hard-working young business man, and has a large run of work, shoeing horses and general repair work.

OIL FOR THE BODY

You can't lose an atom without feeling it. The body is like an engine, a watch, a machine; must be kept in good order to run right.

That's the reason Scott's Emulsion is so successful in all wasting diseases. It feeds, nourishes and strengthens when ordinary food won't. Doctors say Scott's Emulsion is the best nourishment for those who are not as well as they should be—young or old.

We Do What We Claim

We kill and remove Cancers and Tumors without the aid of knife or other instrument.

Dr. J. F. Cook, the Botanical Doctor, cures all kinds of diseases after all other schools have failed, without the aid of knife or poisons. His medicines are composed of Nature's herbs; they are gathered and selected in various parts of America and foreign countries, at great expense.

Read the Testimonial of a Prominent Salem Man: TO THE PUBLIC.

In justice to DR. J. F. COOK, and that the world may know what a great work he is doing, I wish to inform them that I have been taking treatment from him for the past 15 months, and that in that time he has removed from my alimentary canal three tumors of cancerous growths as large as a man's hand, all from the large intestine. Also another cancerous growth of lesser size from off my foot, and another from off my thumb. This has all been accomplished through medicines alone, they killing the growth and spider-like roots, and Nature itself casting them off without the aid of knife or surgery. I dare not believe I could have found equal successful treatment anywhere in the world, and cheerfully recommend Dr. J. F. Cook, the Botanical Doctor, to all who read this testimonial.—R. J. SPENCER.

We can do as much for you, or more, if you need it.

COSGROVE CONCERT COMPANY

The Cosgrove Concert Company and Orchestra, engaged for a one night's entertainment for next Tuesday, to be given under the auspices of Company M. O. N. G., promises an evening's entertainment, unequalled in the history of Salem. The company has not its equal in the country, every member being a star performer, and wherever they appear nothing but words of praise follow them. The Minneapolis (Minn.) Times, of recent date, in speaking of the entertainment given in that city, says:

"An immense crowd turned out to the popular entertainment given by the I. O. O. F. in South Side Wigwam last evening. Long before the time for starting people had to be turned away, and a very large number of people who had purchased tickets in advance had to have money refunded: it

Specialty of Pneumatic Tires.

One Salem blacksmith is making a specialty of putting rubber tires on all kinds of vehicles. The advantages of rubber tires are so many that people who have been driving rigs are having them changed to ride on easy-going, rubber-shod wheels. There are four kinds of such tires—pneumatic, solid-rubber, cushion and rubber-wing.
