

CHOICE CLOCKS, YET NOT COSTLY ONES.

The Barr Stone has never been able to make a more beautiful display of fine mantel clocks than is the case at the present time. There is goodly variety of choice, many sorts of different designs, all of the hand-somest and most tasteful sort. Some are finished in the rich black enamel, and others in various handsome color tones. The workmanship and material are of the best; they are splendid timekeepers, and they will withstand a lifetime's usage. Yet we are selling them from \$6 to \$9—undoubtedly the lowest prices ever quoted in Salem for clocks of such real beauty and such marked intrinsic value. How would a fine new clock look on your mantel?

Engineers at Marshfield.
The engineers in charge of the railroad survey, which has extended from the Southern Pacific's track at Drain to Elkton, thence down the Umpqua river to Winchester bay, thence along the coast, is within a few miles of Coos bay, having changed their headquarters to this city. That is they will open an office here, where all the drafting and working up of the field notes will be done. The office equipment, consisting of drafting tables and all the necessary paraphernalia was brought up on the Flyer. The work has been accomplished heretofore at a point advantageous to the field workers, so that there would be the least possible time lost in getting the results accomplished to headquarters. The surveyors are now working in the vicinity of Saunders Lake.—Sun.

At 1 o'clock the court instructed the jury and these gentlemen retired for the purpose of considering the case and finding a verdict.

DIAMOND GUESSING POPULAR

Everybody Or His Wife Has Figured it Out

The Exact Number That Will Capture the Beautiful Tiffany \$150 Ring

There is a remarkable interest in The Journal Diamond Guessing Contest, and ladies and gentlemen are speculating already who will be the lucky individual to wear a diamond worth \$150 that costs the person guessing the unknown numbers absolutely only the trouble to write three figures.

It is a funny fact that all who come into The Journal office or send their order in by mail have already decided on the number they believe will capture the prize, and no two, so far as they have told their guesses, have faith in the same number, so it is a matter of fact a clear guess, hit-or-miss affair.

People from the suburbs and from the country are as much interested as those in town, and the mail orders from all parts of the state are increasing. It would be an extremely interesting feature to publish everybody's guess, but it is likely that only the guess that gets the diamond will be made public.

The Journal Diamond Guessing Contest is the best advertised event of the kind that has ever interested the general public, and the good-natured interest taken is not confined to those holding receipts, but even those who have no guess coming are as much interested. Several members of the Salem Woman's Club have dropped in guesses.

STRAIN TOO GREAT.

The hustle and worry of business men, The hard work and stooping of workmen,

The woman's household cares, Are too great a strain on the kidneys,

Bacache, headache, sideache, Kidney troubles, urinary troubles follow.

A Salem citizen tells you how to cure them all.

Jacob Morelock farmer residing on Rural avenue, between Hazel and Laurel streets, in Nob Hill addition, South Salem, says: "Doan's Kidney Pills procured at Dr. Stone's drug store did me good. I had been bothered off and on for quite a long time with pain through my back and kidneys. I have always worked hard at farming and think the trouble was originally caused from a strain. The secretions from the kidneys were annoying at times and caused me considerable inconvenience. Before I had taken one box of Doan's Kidney Pills the pain in my back and other symptoms of kidney trouble had passed away. I am pleased to recommend this remedy to others."

Sold for 50 cents a box by all dealers. Foster-Milburn Co., Buffalo, N. Y. sole agents for the United States. Remember the name DOANS and take no substitute.
