PLEASANT ARMSTRONG HANGING

May Never Come Off at All Say the Lawyers

Cannot Be Executed Under the Old Law Which Was Repealed Nor Under the New Law

Captain Samuel White, of Baker City, the district attorney, came to Salem this morning to appear before the supreme court, in opposition to the attorneys of Pleasant Armstrong, the man condemned to be hanged in Baker City, January 23d for murder. Armstrong's attorneys have made an application for a certificate of probable cause to stay the execution of their client, pending an appeal. The appeal is from the order of the circuit court, fixing the execution for January 23d, and the place named is the jail yard in Baker county. His counsel object to the execution by the sheriff of Baker county, for the reason that the law under which the death warrant was issued has been repealed, and they also object to the hanging of their client by the penitentiary authorities, under the new law providing for executions there, and passed after the Baker county murder was committed, claiming that the act is ex post facto, and they urge that the defendant cannot be executed at all. The case was argued this afternoon, and will doubtless be decided by the court in ample time.

CUMMINS CREATES SENSATION

Des Moines, Ia., Jan. 12.—Governor Cummins, in his message delivered this afternoon, caused a sensation. He recommends that \$24,000, which he alleges that the former state auditor, Merriam mulcted from Eastern insurance companies as fees for alleged examinations, be refunded. He says Merriam and Insurance Examiner Behler conducted a systematic campaign of collection and extortion for personal gain.

FALK AGAIN BUSY

St. Louis, Jan. 12.—Folk is making an investigation into the statement that a new combine, composed of 15 members in the house of delegates, demanded \$15,000 for the passage of the pneumatic tube bill.

ROOT MAKES DENIAL

Washington, Jan. 12.—Secretary Root this afternoon issued a vigorous denial that the government was planning to send troops to the isthmus to prepare for war. He says neither the President nor the officials believe there is the slightest danger of war with Colombia. If the latter declared war we would be slow to accept the challenge.

Dead Fish by the Ton.

Vancouver, B. C., Jan. 12.—Dead fish strew the shore for two miles around Nanaimo. Thousands upon thousands of herring struggle up the narrow channel that connect Nanaimo with Departure bay, and there died. In some places they lay two feet thick, and in none less than a foot. People are seeking explanations for this phenomenon. The same thing occurred last year on a lesser scale. Some say the enormous school of whales which entered Departure Bay a few days ago frightened the vast shoal of smaller fish up the shallow neck, and that the fish were packed so tightly in the channel that they suffocated. They were a godsend to the Japs, who have a guano factory at Nanaimo. The little brown men are collecting the fish and converting them to practical uses.

MEETS JULY SIXTH

Democratic National Convention Will Gather in St. Louis

Chicago Wanted Too Much and Got Turned Down—Exposition Helped Her to Win

Washington, D. C., Jan. 12.—When the Democratic national committee went into session at the Shoreham Hotel today to decide upon the date and place for the national convention there was no one who could predict with any degree of certainty as to what would be the result of the committee's deliberations. When the Republican national committee met here a few weeks ago its work had been cut out in advance, and its duties were largely perfunctory. That such is not the case at today's meeting is evidenced by the wide diversity of opinion expressed by usually well-informed leaders as to what city will capture the convention, and what date will be selected for the gathering. A majority appears to entertain the opinion that Chicago will get the convention, but a St. Louis delegation is on hand with a strong plea, and there is a movement of some consequence in the interest of New York. As to the date, it is probable the convention will be held the first week in July. Senator Gorman is understood to favor an early convention, but the uncertainty as to when congress will be ready to adjourn is likely to lead the committee to fix a late date. Candidate talk is still confined mainly to Gorman and Parker, all other boomlets, including that of Marshal Field, Olney, Gray and Hearst, are still in swaddling clothes. One of the strongest advocates for an early convention is ex-Governor Steunenberg, who, by proxy, represents Idaho. He favors holding it before the Republican convention. It is expected a vote on the convention site and date will be reached between 7 and 8 o'clock this evening. It will be necessary for the committee to meet again tomorrow.

The committee was called to order at noon by Jones, and considered the contest in the District of Columbia, which was finally referred back to the district committee. It is almost generally conceded that Chicago will get the convention. The committee adjourned until 3 o'clock, when the various cities are to present their claims.

Washington, Jan. 12.—St. Louis gets the Democratic convention on the second ballot by a vote of 29 to 21. Chicago wanted the unused portion of the guarantee and the sale of 3000 tickets, which caused the decision against her. July 6th is the date fixed for the opening of the convention.

Roberts in Line for It. Washington, Jan. 12.—The Oregon delegation has not recommended a successor to Asa B. Thompson, as receiver of the LaGrande land office. It is understood that it has been practically agreed to recommend Al Roberts, of Pendleton, for the place.

Reyes Going Home. New York, Jan. 12.—Reyes, who arrived here today, says he does not know the exact date of his departure.

Deafness Cannot Be Cured. by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ton are caused by catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
