

Rheumatism

"THE PAIN KING."

Those who have ever felt its keen, cutting pains, or witnessed the intense suffering of others, know that Rheumatism is torture, and that it is rightly called "The King of Pain."

All do not suffer alike. Some are suddenly seized with the most excruciating pains, and it seems every muscle and joint in the body was being torn asunder. Others feel only occasional slight pains for weeks or months, when a sudden change in the weather or exposure to damp, chilly winds or night air brings on a fierce attack, lasting for days perhaps, and leaving the patient with a weakened constitution or crippled and deformed for all time.

An acid, polluted condition of the blood is the cause of every form and variety of Rheumatism, Muscular, Articular, Acute, Chronic, Inflammatory and Sciatic, and the blood must be purged and purified before there is an end to your aches and pains. External applications, the use of liniments and plasters, do much toward temporary relief, but such treatment does not reach the real cause or cleanse the diseased blood; but S. S. S., the greatest of all blood purifiers and tonics, does cure Rheumatism by antidoting and neutralizing the poisonous acids and building up the weak and sluggish blood. It is safe and reliable in all forms of Rheumatism. It makes the old acid blood rich, and the pain-tortured muscles and joints are relieved, the shattered nerves are made strong, and the entire system is invigorated and toned up by the use of this great vegetable remedy.

If you have Rheumatism, write us, and our physicians will furnish without charge any information desired, and we will mail free our book on Rheumatism.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

There are many serious cases of over-pulling and over-loading horses in this city. There are stringent laws against this. Until the Ministerial Association can get action on the gamblers, it might be well to give some attention to the protection of dumb animals, who cannot save themselves or even speak for themselves. While they may never become church members, it is barely possible that they have souls to save, or at least those who abuse them have.

Deafness Cannot Be Cured. by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing,

and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

P. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

Life of the Redwood Tree. A curious characteristic peculiar to the California redwood tree is that if the head is cut off by lightning a new one will gradually grow out in place as shapely as the first.

St. Louis Exposition Buildings

Administration Building.

The administration building at the world's fair, St. Louis, is the principal structure of eleven new buildings known as the Washington University group, which is to be the permanent home of the university after the close of the exposition. All are in the Tudor Gothic style of architecture as exemplified in the college buildings of England of the time of Henry VIII and Queen Elizabeth. The administration building is 325 by 118 feet, and his in the center a massive tower 77 feet high, topped by four octagon towers, one at each corner. The doorway in the tower is a magnificent arch. The facade of the tower is elaborately ornamented with canopied niches and with strong courses on which appear the heraldic shield bearing the university coat of arms. In front of the entrance is a terrace 50 by 264 feet and

leading up to the terrace are steps of cut granite 35 feet wide. The building is of pink Missouri granite with Bedford (Indiana) limestone trimmings, cost \$250,000, and is fire-proof throughout. President Francis and Secretary Stevens have offices in the building and so has the national commission. The board of lady managers and the Missouri commission will also be located there until their representative buildings are completed. The division of exhibits and division of exploitation takes up a large part of the building and the department of concessions occupies one of the big office rooms.

The rooms of two large buildings adjoining—Busch building and Cupples building No. 1—are also used for the administration work of the exposition.

Mines and Metallurgy Building.

The mines and metallurgy building forms part of the east wing of the tan-like general ground plan of the exposition. The outside dimensions are 525 by 750 feet. The building is divided into eight oblong parts almost equal in area. The division is accomplished with glass covered and ventilated arcades, from 30 to 50 feet wide, which makes it possible that each one of the eight divisions shall receive abundant light from every side and that no skylights shall be necessary directly over any of the exhibition spaces. At the intersection of the two principal arcades

through the main axis a colonnaded rotunda is shown with an appropriate monument. The ground floor will furnish exhibition space of about 265,000 square feet and about 150,000 square feet may be gained by the introduction of galleries. A subdivision of the exhibit space into numerous alcoves for each classification is suggested. The walls of the building are set back from the facade 18 or 20 feet, forming a covered loggia which surrounds the entire building. Mr. Theo. C. Link, of St. Louis, was the architect.

WOODMEN OF THE WORLD

Tonight the local camp of the Woodmen of the World will hold their open meeting in the Holman halls, when the members of the order and their friends will enjoy a fine program, and hear an address on "Perfected Woodcraft," delivered by Hon. Geo. K. Rogers, the general organizer, who is pushing the campaign in every part of the state with a vigor that is gratifying to the members of the order generally. Mr. Rogers is an eloquent speaker, and has the power of making a very dry subject interesting and instructive, but when he discourses on his favorite topic of Woodcraft, he finds few equals in the work.

Many of the prominent members of the organization will be present and address the meeting, and it will be made the occasion of a love feast that has not been experienced in the local camp since the last visit here of Gen. F. A. Falkenburg, the head consul of the order, several years ago.

At Turner last night Mr. Rogers held a most enthusiastic and interesting meeting. Two camps of Woodmen at Turner and Aumerville joined forces and gave a rousing reception. A public meeting was arranged for, to be held in the near future, in the Turner public hall, and a good time is expected by the local "choppers." They say they will get out bills and placard every fence and road-side tree with the name of the order, and will keep the name before the people even if they cannot secure the attendance of all.

YOU WILL BE ALL SMILES AGAIN

Forget Your Stomach and You'll Have a Santa Claus Face.

HOW TO DO IT.

If there is one thing more than all others that will give a man a forlorn and friendless appearance and make him morbid and "cranky" and disagreeable, that thing is dyspepsia. It makes one forget his friends and become morose and irritable. He is so wrapped up in his own misery that he is inconsiderate of every one else. Relieved of this terrible and depressing ailment, he again becomes a good fellow and a man among men.

Stuart's Dyspepsia Tablets are beyond question the most effective and popular remedy ever offered to the sufferers of this terrible disease. The thousands and thousands of cures they have brought about and the enormous increase of their sales fully attest the truth of this statement.

They are, above all, a natural remedy. They possess exactly the same properties that the gastric juice and other digestive fluids of the stomach possess, and they actually do the digestive work of the stomach and enable that organ to rest and recuperate and become sound and well. They act in a mild, natural manner and cause no disturbance in the digestive organs. They prevent any fermentation of the food which causes sour stomach. In fact, under their influence the subject forgets that he has a stomach and his resulting cheerfulness presents a great contrast to his former dejection.

Millions of boxes of Stuart's Dyspepsia Tablets are sold annually and they are but in the dawn of their popularity. Every mail brings letters of thanksgiving from grateful ones who have been cured of this terrible disease. The following is one of hundreds received each week:

Rev. J. R. Hoag, of Wymore, Neb., writes: "For six years I have been troubled with dyspepsia. Last fall I became very much alarmed at some symptoms of heart trouble and came to believe there was a sympathetic relation between the two diseases, or rather, that the stomach trouble was the cause of the heart disturbances. I hit upon Stuart's Dyspepsia Tablets for a remedy and invested a dollar and a half for three boxes which lasted me three months and I can eat any kind of food I want and have a good, vigorous appetite. Although I am 77 years old, now I feel well and without being requested by anyone I make this statement as a compliment to the virtues of Stuart's Dyspepsia Tablets."

Stuart's Dyspepsia Tablets are for sale by all druggists at 50c a box.

Branson & Ragan.

Keep all kinds of groceries, and they are the best that can be found in the city. You don't know it until you have tried them.

When You Want

Something to eat, just try the White House. They can serve you at any hour of the day or night.

Reading Table Talk

About the Newest and Best Books and Magazines

The Ten Story Book for February is racy, interesting and full of humorous tales. Published at 324-326 Dearborn street, Chicago.

Among the books which are coming into larger demand on account of the lively interest in the Russian—Japanese imbroglio is Mrs. Ethel Colquhoun's vivacious account of journeyings in Japan, Korea and from Vladivostok over the trans-Siberian railroad. Few books give equally vivid pictures of actual scenes and daily life in these countries and the publishers, A. S. Barnes and Co., find an increasing appreciation of the author's timely sketches of the East.

Everybody's has become what its new publishers said they would make it—the great ten cent magazine—and true to its name it is in everybody's hands, mouth and mind. All the features are excellent, the editorials crispier than ever, the illustrations vivid, and the poems are not sickening. Ridgeway-Thayer company, 31 East 17th street, New York.

The Craftsman for January is adorned with a very artistic title page. The initial article is on the missions of southern California. There is another illustrated article on the constructive crafts and altogether the number is an inspiring one for all who believe in these lines of culture. United Crafts Society, Syracuse, N. Y.

The second number of Pearson's for the current year does not in any sense fall short of the expectations raised by the January number. The fiction is crisp and strong, and the articles well written and interesting. A capital character sketch of David H. Geer, D. D., New York's New Bishop Coadjutor, opens the number. This is followed by the first of a series of breezy adventures of the King and Queen of Smugglers in evading the coast guard of England. The author, Mr. Halliwell Sutcliffe is already known to the readers of Pearson's.

Another of the Revelations of an International Spy tells of his wild dash in an automobile across the five hundred miles between the Russian frontier and Vienna to avert the intended abdication of Francis Joseph. "Why Shakespeare Appeals to Actor and Audience" is interesting as giving the actor's view-point of this question—many of the players who act Shakespearean roles giving their ideas on the subject.

Much food for earnest thought, as well as entertainment for the passing hour, will be found in this number of Pearson's. The articles are carefully chosen, and the illustrations excellent.

WOMEN'S SYMPATHY.

Is Proverbial. Salem Women No Exception.

How much we owe to the sympathetic side of womankind. When others suffer they cheerfully lend a helping hand. They tell you the means which brought relief to them that you may profit by their experience. Read the testimony given here by a Salem woman:

Mrs. Needham, wife of W. S. Needham, painter, residing at the corner of Fourth street and Jefferson avenue North Salem, says: "Like almost all painters my husband has been troubled with his kidneys for years. The exposure, the reaching, the stooping, combined with the turpentine and materials in the paint, all tending to put the kidneys out of order. His back often ached badly at night when he came home from work and when he caught cold it always aggravated the trouble. He read an advertisement about Doan's Kidney Pills and procured a box at Dr. Stone's Drug Store and used them. They did good work by helping him at once and he continued their use until relief was obtained."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name, DOAN'S, and take no substitute.

"Portland and Return Only \$2.20."

The Southern Pacific is now selling round trip tickets to Portland from Salem for \$2.20, good going Saturday or Sunday, returning Sunday and Monday, giving all day Sunday and Monday in Portland. The same arrangement applies from Portland, giving all Portland people a chance to visit valley points at greatly reduced rates.

Pretty Safe Rule to Go By.

When there is a feeling that the heart or lungs, blood or liver, brain or nerves are diseased, at once commence to doctor the stomach. This is the foundation of the trouble in 99 cases out of every 100. Commence to regulate the digestive organs, get them in healthy working condition, and the other troubles will leave of themselves. Diseases which have their beginning in the stomach are cured through the stomach. The medicine for stomach disorders and half the ills of life, is Dr. Gunn's Improved Liver Pill. They are sold by all druggists for 25c per box. One pill is a dose. These pills put all the digestive organs in good condition so that disease has no basis to work upon.

Only a Left Bower.

Thursday evening Mrs. Clifford and Mrs. J. W. Bowers, of Elgin, eloped with a man named W. Y. Hoaglin.

They left Elgin in a livery rig about 7 o'clock, reaching this city about midnight, and left on the Friday morning train, presumably for Portland. Mr. Bowers came in last night, and left for Portland, to see if he could find his wife, and why she left. Mr. Bowers is at a loss to know why they should take this man with them, as he is broke. Mrs. Bowers took \$88 with her, and it is presumed that Mrs. Clifford had a little money.—LaGrande Observer.

The Nutritious Banana.

The Banana possesses all the essentials to the sustenance of life. Of wheat alone, or potatoes alone, this cannot be said. When taken as a steady diet the banana is cooked—baked dry in the green state, pulped and boiled in water as a soup or cut in slices and fried.
