

# FATAL NO LONGER

## Dread Locomotor Ataxia Robbed of its Terrors.

### DOOM REVOKED IN EXTREME CASE

The Very Doctors Amazed at the Astonishing Cure—Helpless And Hopeless, Miss Phebe Ett Enos Recovers the Strength and Activity of Youth.

No legend of the widely famed valley of the Susquehanna surpasses in strangeness, and certainly none approaches in vital significance, the story of the long struggle in which Phebe Ett Enos has conquered a frightful form of disease, the very name of which physicians shrink from telling to its victims because it has come to mean inevitable death. The story which Miss Enos told a reporter at her home at Oneonta, N. Y., will be read with intense interest throughout the whole world:

"My trouble began six years ago with a numb feeling in my feet. They pricked and stung as if needles were being stuck into them and the numb-

"This was discouraging enough, but I do not give up easy and I kept on with his treatment. By this time I could not rise from my chair without being pulled up by the hands. I couldn't walk without a cane, and I couldn't walk at all in the dark. The disease kept spreading until I had to keep to my bed most of the time. I could neither dress nor undress myself and when I wanted to lie down my sister had to lift my limbs and put them on the bed. I had no power to raise them myself.

"You see, I was in pretty bad shape when I first began to take Dr. Williams' Pink Pills for Pale People. How did I hear about them? Well, my nephew told me about a man he had met, somewhere down south, who could walk only with crutches the first time my nephew saw him but was entirely well a year afterward, and gave all the credit to Dr. Williams' Pink Pills. Then a neighbor showed me a newspaper account of a Schenck county man who had been cured of locomotor ataxia by the same remedy. I sent for some the very next morning. I stuck to it too, for it was five weeks before I saw any benefit. Then I noticed less pain and I could walk without a cane, and had left of my former trouble only a little dragging of my right foot.

"One day, when I was out, I saw my doctor. He was greatly surprised and exclaimed: 'You certainly are better. What has done it? If you had not got better you could not have raised hand or foot by this time.'

"Well, I kept on taking the pills and improving. Now I am as well as any one, go about freely, do my own housework, even run up and down stairs, and sometimes think I am young again. All the credit for my recovery is due to Dr. Williams' Pink Pills, and surely no one can recommend them more highly than I can."

A remedy proved capable of curing the most dreadful form of nervous disease known, may be used with confidence for all minor disorders, such as sciatica, neuralgia, nervous headaches, St. Vitus' dance and nervous debility. Dr. Williams' Pink Pills for Pale People are sold by all druggists throughout the world.

ness spread until both limbs were affected. The pain was so intense that I could not get to sleep. The best doctor in Oneonta attended me and I took his medicine faithfully but kept growing worse.

"One day I asked the doctor to tell me frankly whether he could cure me. He hesitated a while and then said, 'I might as well tell you one time as another, Miss Enos, that you will probably never be active again. Your trouble is locomotor ataxia and that is regarded as incurable. I can probably make you comfortable, but that is all. He was very serious and before he went away he advised me to put all personal matters of importance into satisfactory shape.

#### Detectives Go Free.

Los Angeles, Jan. 23.—Detectives Cowan, Hawley and Murphy, who killed Louis and Joseph Cholmer, of Equality, Illinois, while trying to arrest them on a charge of embezzlement, were discharged at their preliminary hearing this morning. The

Judge held that it was done in self-defense.

Miss Delphine Cornoyer has returned from a visit to Portland. She was accompanied by Miss Ada Ghrod, who will spend a few days in this city.

## Committee Decides to Investigate the Charges

### Utah Senator Rests Easy Knowing He Will Be Tried by a Jury of Peers

Washington, Jan. 23.—By unanimous vote the senate committee on elections today decided the charges against Smoot were of such a character as to demand investigation. The committee authorized Chairman Burrows to present resolution in the senate to gain authority to send for persons and papers, administer oaths, employ a stenographer and have the expense charged to the contingent fund of the senate. The resolution will be presented Monday. There is but little doubt that the authority will be granted, and the whole question of Smoot's obligation to the Mormon church, and whether they supercede those to the government, and the authorization by the church of polygamy will be fully ventilated.

# TAFT COMES HOME

San Francisco, Jan. 23.—With the booming of guns from all the forts at the entrance to the harbor the liner Korea came into the bay this morning with Governor Taft, recently appointed secretary of war, aboard. The Korea was met just outside the heads by the army transport tug Slocum, on which was a party of distinguished citizens and army officers. Taft gave them a hearty greeting. He was welcomed on behalf of General MacArthur by Major Devol, chief of staff. Taft was hurriedly conveyed to Oakland, where a train for the East was in waiting. Before his departure Taft expressed his belief that the Filipinos will be ready for a limited self-government within two years. He said foreign capitalists were pouring large sums of money into the islands, with which they were constructing steam and electric railways.

#### Killed by Moros.

Manila, Jan. 23.—While on a scouting expedition, Lieut Campbell Fluke was killed and Lieut. Wm. Roberts and Private Foy wounded by Moros. All belonged to the Twenty-second infantry.

#### May Have Found Body.

Ventura, Jan. 23.—A hurried telephone message this morning summoned Coroner Beckley to the hills back of Sespe, where Harry Radford, the young hunter is lost. It is thought the body of Radford has been found.

# A GEORGIA JUDGE WAS ALARMINGLY AFFLICTED WITH CATARRH OF THE LUNGS, CURED BY PE-RU-NA.

JUDGE DURHAM, OF GREENSBORO, GEORGIA.

## Catarrh of the Lungs the First Stage of Consumption.

### So All Medical Authorities Agree.

Judge Durham, a well-known local Judge of Greensboro, Ga., had an experience with Peruna well worth reciting. A report had become current among the judge's friends that he was threatened with consumption. It was feared for a time that Georgia was to lose one of its most prominent and influential citizens. It was also reported that the judge had failed to get any relief from any of the medical aid at his command, that he had made use of the now world famous

remedy, Peruna, and made a prompt recovery. The affair created quite a sensation in medical circles especially, and the many friends of Judge Durham were not only exceedingly gratified at his recovery, but were enthusiastic in their praises of the remedy that had brought him relief.

The following written statement from the judge himself set forth the facts:

*Greensboro, Ga., March 3, 1900.*  
 "Some time ago I contracted a severe cold which settled on my lungs and in my head. I tried many remedies, all of which gave me no relief. I concluded that my case was catarrh of the head and lungs, and seeing Peruna so highly recommended I began using it, experiencing the very best results from the first bottle.

A reward of \$10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonial is genuine; that we hold in our possession authentic letters certifying to the same. Every one of our testimonials are genuine and in the words of the one whose name is appended.

"I continued using Peruna for a short while, and have never felt the least symptoms of catarrh since. Peruna is certainly a good medicine, and deserves the highest praise which is given it by the general public."

Judge Durham has been Secretary and Treasurer of the city of Greensboro, Ga., for the past three years, and has been a local judge for ten years.

#### Dread Consumption.

There are three roads which lead from health to consumption. Over one of these roads pass all of that great multitude of people who die every year of consumption. Each route begins with health and happiness and ends with disease and death.

First road: a slight cold—neglected—settles in the head or throat—chronic catarrh—extends to the lungs—consumption—death.

Second road: a slight cold—neglected cough—settles in the lungs—cough gradually growing worse—consumption—death.

Third road: a cold—neglected—settles in the throat—hoarseness—short breath—consumption—death.

Thousands have just started on one of these roads, all of whom could be easily cured by Peruna. Thousands more are half way to the fatal end of one of these roads who are still curable by a course of treatment by Peruna. Yet other thousands are near the end whose last days could be made bearable and hope of recovery more probable by commencing Peruna without delay.

er known. All industries dependent on electricity are tied up, including the newspapers. The first floors of all buildings on the water front are under water.

#### Highest Water Known.

Charon, Pa., Jan. 23.—The Sharpville bridge was swept away, drowning Victor Dunham and three laborers this morning. The water is the highest known, and is still rising. All trains on the Cleveland & Pittsburgh

have been abandoned, and the tracks are five feet under water. Families in many parts of the city are trapped in the upper stories.

#### No Cause for Murder.

Bedford, Ind., Jan. 23.—All the evidence shows Miss Schaffer was murdered by men who had laid in wait for a week for the opportunity; the cause is unknown. One white man and the other a mulatto, both strangers here. Two suspects answering the description, have been arrested at Carruthersville, where they are being held, but won't be returned here for fear of a mob.

# FIFTEEN SAILORS DROWNED

West Hampton, L. I., Jan. 23.—The schooner Augusta Hunt, from Portland, was wrecked off Quogue's early this morning, and, despite the efforts of the lifesavers, 15 of the crew were drowned, and but two saved. The sea was very heavy, and the fog so dense the coast guard for hours could not launch their boats or line, although they heard continued cries for help.

# PLATE TROUBLE

Plate trouble is a common thing and there are various kinds of it. Many plates never were right. Others are properly made, but the mouth is not placed in proper condition for the wearing of plates. The membranes become tender, red and inflamed. The gums become swollen and the plate is uncomfortable. Sometimes a little shaping or a little grinding, or polishing, is sufficient. Occasionally a plate is so utterly wrong as to be worthless. If your plates are in any way unsatisfactory we will be glad to make an examination and tell you the cause of the trouble.

Teeth extracted positively and absolutely without pain!!! and free when plates are made.
