

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

FIRE ESCAPES DEMANDED

Chairman Walker of Committee on Public Buildings

Believes That All Buildings Over Two Stories in This City Should Be Provided With Them

Alderman Walker, chairman of the committee on public buildings, has been investigating fire escapes and examining the buildings of this city that are over two stories high with a view of affording better protection to the public in case of any great calamity requiring sudden exit of large numbers.

Ever since the Iroquois theater fire in Chicago Chairman Walker has been looking over the public buildings and the higher buildings of this city, and he is convinced that some of them are in need of better facilities for escape. He has a draft of an ordinance adopted in some Eastern cities, portions of which Mr. Walker thinks should be adopted for the Capital City:

"Every theater, opera house, hall, church or other building used or intended to be used for public assemblies, shall be deemed a public hall within the meaning of this ordinance.

"No stairway to any public hall, or part thereof, shall raise more than ten feet without a platform and no winders, wheeling or circular steps shall be used. Each stairway and passage way shall have a strong hand rail on each side thereof its entire length.

"Every public hall with accommodation for five hundred or more people shall have at least two separate and distinct exits, to be as far apart as may be found practicable. Public halls accommodating seven hundred or more persons shall have at least three separate and distinct exits. The exits from galleries shall be independent and separate from exits of the main floor.

Over all exits shall be painted the word 'exit' in letters of at least six inches in height, and a light shall burn above.

"All stages shall be provided with standpipe and have hose and nozzle attached, ready for use in case of fire.

In lieu of exits an equal number of fire escapes of sufficient size to permit all persons, who may be occupying a balcony, to escape, may be used with the consent of the fire marshal first had and obtained.

"All aisles or passages in such halls shall at all times be kept unobstructed.

"All theaters or other places of public amusement having a seating capacity of over 500 persons and having a platform, or stage, or using drop curtains or shifting scenery, shall have suitable ventilators placed upon the roof and opening to the space above the stage. Such ventilators shall be arranged with valves or shutters that can be readily opened in case of fire, so that a current of air will pass over the stage and outward through such ventilators.

"Such halls shall also be provided with a fire alarm telegraph apparatus connecting with headquarters of city fire department or such other place as the fire marshal shall direct; and it shall be the duty of the owner, agents, lessees and occupants of such public building to provide such fire extinguishing apparatus, at such points about the building as the fire marshal shall direct."

Climatic Cures.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular course of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottle, 25c; regular size, 75c. At all druggists. At Dr. Stone's drug stores.
