

TWO WENT ASHORE

Vessels Go on the Beach and Lives Are Lost

Heavy Fog Causes Schooners to Try to Take a Trip Over-land

New York, Feb. 22.—In a heavy mist off the New Jersey and Long Island coasts this morning the schooner *Cromwell*, lumber laden, was wrecked on the bar off Belleport. Seven members of the crew clung to the rigging. The lifesavers endeavored vainly to rescue them in a heavy sea. The masts finally went over, carrying the men into the sea, and only one was rescued. Another schooner, name unknown, went ashore near Egg harbor, New Jersey, and lifesavers have gone to the rescue.

INSURGENTS BROKE WORD.

Fired After Promising Peace and Got Swift Punishment.

Santo Domingo, Thursday, Feb. 11.—The Clyde liner *New York* arrived here this morning, conveyed by the United States cruiser *Newark*, and Minister Powell instructed the captain of the vessel to discharge his cargo at the wharf. An agreement had been made by Minister Powell and Commander Miller with the insurgents and government that neither party should fire while the *New York* was at the wharf discharging. The government kept this agreement, but the insurgents fired on the steamer and on the launch from the *Columbia*, which was entering the river. Eight rifle shots damaged the *New York's* woodwork, endangering the lives of passengers and crew.

The commander of the United States warship then decided to shell Pajarito, near the city, the place occupied by the insurgents, and to land 300 marines, with the object of punishing the insurgents for insulting the United States flag, and damaging an American vessel. At 2:30 the *Newark* approached and opened fire, discharging 10 shells. The insurgents fired upon the marines while they were landing, wounding some of them. The marines returned the fire, and the insurgents ran away. The marines landed, were divided into two columns and searched the houses, woods and bushes. They then followed the insurgents, who fired as the marines were reloading. The result of the bombardment is not known.

The *New York* left here at 5 o'clock p. m. for the roadstead, after landing her cargo. All is now quiet, and it is supposed that the insurgents have retreated to a considerable distance. Reports from the interior are favorable.

able to the government. Great misery exists in the city for want of food, and the arrival of the Clyde line steamer is a great relief. The steamer could not land a portion of her cargo at Monte Cristi, being prevented from so doing by a Dominican warship.

SEEKS RUSSIAN SHIPS.

Japanese Fleet Wants Battle With Cable-Cutting Squadron.

New York, Feb. 22.—The American's Tokio cable, dated February 21st says Russian warships are reported between Japan and Corea. Transports carrying troops are heavily convoyed in consequence. Half the Japanese fleet is occupied in surveying and protecting the landing of troops in Corea and the other half is searching for the Russian Vladivostok squadron.

The prefectural office has received a telegram from the chief magistrate of the Island of Miyake, south of the Gulf of Corea, reporting that 12 Russians debarked in a boat from a vessel in the offing on February 19th. The subsequent movements of the mysterious party were not reported, but inquiry is under way. The Russians were probably seeking to cut the cable, as three warships were reported off Okushiri Island today searching for the cable.

ARRIVALS AT SALEM HOTELS

At the local hotels during the day the following guests registered: G. Carrier, N. Y.; W. H. Carroll, San Francisco; L. H. Buddemer and wife, Wm. Davis, Jr., E. A. Schultz, H. M. Ogden, Portland; H. GEORGE IS NOT FORGOTTEN

Flags Float for the Father of the Country

Offices Are Deserted, Courts Are Closed and Finances Rot in Business

Washington's birthday was observed in a quiet manner in this city. At the state house and court house all public business was suspended, and while the clerks in the several departments were all at their posts, none but the necessary routine business was transacted. The courts were not in session at all, owing to it being a non-judicial day. The banks were open until noon.

The public schools were not in session, and the pupils enjoyed a holiday along with their teachers and the public officials. At the reform school this evening suitable exercises will be held, a patriotic program will be rendered, in which some of the boys will participate, and the day will be made one of enjoyment and pleasure.

At the First M. E. church, this evening President Coleman will deliver a lecture on "Divine Providence in American History," for the benefit of the athletic department of the Willamette University.

Throughout the city today flags were flying on almost every flagstaff.

Do It Today.

The time-worn injunction, "Never put off 'till tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists. At Dr. Stone's drug stores.

Books Experted.

The report of the experts who have been at work on the books of the county, have been filed, but will not be made public until the county court meets again. The report is said to speak in flattering terms of the county officers here, who are said to employ a system that is not excelled in the West. The sheriff's office is said to come in for special praise. The report shows that there has been a difference of but 71 cents in the sheriff's office out of a collection of more than \$150,000. The report covers the work of the county officials for the year 1892, and the experts, who work in all of the Northwestern states, are regarded as the most competent judges of the systems employed in the several counties.—Astorian.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists 75c. Hall's Family Pills are the best.

Dam in the Huangho River, China, Breaks

Several Villages Swept Away and Hundreds Got in the Social Swim

Beilin, Feb. 22.—A telegram from Tsingli, the capital of Shantung province, China, states that hundreds of lives have been lost by the bursting of a dam in Huangho river, several villages being destroyed.

Mining Machinery.

President E. F. Zinn, of Houghton, Michigan, who is here personally to inaugurate work on the property of the Merchants Placer Mining Company, situated in the Burnt River district, about 18 miles west of Baker City, was busy yesterday, with his superintendent, transferring two carloads of machinery from the O. R. & N. gauge cars to the Sumpter Valley narrow gauge. The machinery will be hauled to Lockhart, and from thence by team to the mines.

The machinery is from the American Spiral Works, of Chicago, and includes a Knowles pump, weighing 7500 pounds, with a capacity of throwing 1200 gallons of water per minute. The boiler weighs 15,000 pounds, and the pipe fitting, etc., completed a total weight of 39,290 pounds.

The placer grounds to be operated by this company are situated on Pine

Deutscher Kleiderladen.

Tailor Made Suits

I have now the fullest line of samples of suitings for spring and summer wear. They include the newest weaves and most artistic designs. The tailoring is the best done in America, and the cost is only a trifle above ready-made suits. See them. Orders promptly filled.

Silks! Silks! Silks!

3000 Yards of Swell New Silks

On Sale For a Few Days Just to Introduce Them.

Our new silks have just arrived. They are the choicest production of the great manufacturers of the world. America, France, China and Japan are all represented. This is the business we have been raised up to, and we must say that as far as the knowledge of silks go, we do not take a back seat from any house in America. Six years in silk dept. of McCreary & Co., of New York, and five years in the silk department of Mandel Bros., of Chicago, ought to be sufficient guarantee to the people of Salem and the surrounding country that we thoroughly understand the silk business. We have sold thousands of yards of silk during the past year. This year we are going to sell five times that amount. We have them ready for your inspection. You will say when you see them that were ever offered to the people of the Willamette valley.
