

# CORBETT SULLIVAN TONIGHT

## Both Fighters in Good Trim but Corbett a Favorite

### Betting Three to One Against Sullivan and Sports think He Will Be An Easy Mark

San Francisco, Feb. 29.—Betting on tonight's battle between Corbett and Sullivan continues this morning at 3 to 1. Before the men step into the ring it may go to 4 to 1. Despite reports of Sullivan's good condition, the wise ones feel that Sullivan will prove an easy mark for Corbett, and are not to be caught by fight promoters' talk of a close and desperate contest. The belief that the affair will be one-sided will have a depressing effect on the attendance. Sullivan is nicely under the required 130 pounds. This morning he took only sufficient exercise to prevent his muscles getting stiff. Corbett is about a pound over weight, but he got up early, put on sweaters and blankets, and in a superheated room began the work of taking off the superfluous flesh. He will have no trouble in making the weight.

**Gold Mining Near Corvallis.**  
Reports of blasting operations often heard to the westward of evenings nowadays are tokens that gold mining is in progress there. The scene is five miles west of the town, and on the head waters of Oak Creek. The investigations have been going on at intervals, for almost a year. More development work is being done now, however, than at any time in the past. Seymour Simpson and John Slater are among those who are pursuing the prospect. What the promoters have in the way of gold bearing ore, is not known, save to those interested. Old residents in this section are always incredulous of any proposition to take gold out of the Coast range hills. That fact causes the present operations from being regarded as likely to result in profitable or even paying returns. Mr. Simpson, however, has unbounded faith in the prospects, and expects the operations to yield profitable returns. He has had large experience in mining in the Black Hills. He claims that the deposit he and companions are working, is free milling ore, and that all the conditions are most favorable for

working it most economically. Several assays have been made, of which the lowest is 88 cents, and the highest \$4.50 per ton. The ore is not in a ledge, but it is a soft rock deposit, all the rock as far as investigations have proceeded carrying the mineral. It is said to be a deposit very similar in appearance to that of the well known Treadwell mine in Alaska and of the famous Homestake mine of the Black Hills. The ore is easily mined and can be worked at a very small cost, in case future operations make continued expenditure profitable. The ore carries in addition to the gold, a considerable per cent of silver.

There have often been reports of small gold finds in the country to the westward. One of the Dutton brothers worked for several years on a lead beyond the summit of the Little Elk, but nothing ever came as a result of his efforts. A few years ago there was considerable excitement in the same vicinity over reported discoveries, and most of the native population from Elk City, and Eastward hurried to the scene, prepared to mine, but like many an incident of the kind, it all came to naught and is remembered now only as a bright dream that never had its fruition. So many instances of the kind have happened, that old residents are skeptical of all propositions to mine gold in this locality. —Corvallis Times.

**Pretty Safe Rule to Go By.**  
When there is a feeling that the heart or lungs, blood or liver, brain or nerves are diseased, at once commence to doctor the stomach. This is the foundation of the trouble in 90 cases out of every 100. Commence to regulate the digestive organs, get them in healthy working condition, and the other troubles will leave of themselves. Diseases which have their beginning in the stomach are cured through the stomach. The medicine for stomach disorders and half the ills of life, is Dr. Gunn's Improved Liver Pill. They are sold by all druggists for 25c per box. One pill is a dose. These pills put all the digestive organs in good condition so that disease has no basis to work upon.

**DIED.**  
WEAVER.—At the family home near Aumsville, Friday, February 26, 1904, A. G. Weaver, age 126 years, of typhoid fever.

He was married last August to a daughter of H. C. Porter, of Aumsville, and he is the last of eight children of the Weaver family. He died on the day he was 26 years old. The funeral was held at Aumsville yesterday afternoon.

**Died in Jefferson.**

Deceased was a single man, and was 44 years old. He was a nephew of Mrs. Johnson. Mr and Mrs. Johnson leave this evening for Jefferson to look after the arrangements for the funeral.

# MORO'S SHOW FIGHT

## Major Scott With a Small Force Gathers Them in

### Their Fate Contained in the Words "All Dead or Captured" Seven Soldiers Wounded

Washington, Feb. 29.—General Wade, commanding the division of the Philippines, cables this morning: "Wood reports an engagement at Jolo on the 18th. Major Scott, of the Third with a squadron of the Fourteenth cavalry and a single gun of the Eighteenth battery of field artillery, against a remnant of Hassan's Moros. Scott attacked the Colta, and took it after lively fighting. The firing was twice stopped to give the Moros a chance to surrender, but they declined. All are dead or captured but Hassan. Friendly Dattos assisted the troops. The cable was not working, which accounts for the delay in the news. Loss, wounded, Lieut. West, thigh, serious; Hulbur, troop I, right side; Hinderer, troop I, shoulder; White, battery, knee; Galloway, troop M, right arm; Cox, battery, shoulder; Hanifan, troop K, thigh."

**The Latest Yarn.**  
A Pittsburg drummer tells this new yarn: I always carry a bottle of Kemp's Balsam in my grip. I take cold easily, and a few doses of the Balsam always makes me a well man. Everywhere I go I speak a good word for Kemp. I take hold of my customers—I take old men and young men, and tell them confidentially what I do, when I take cold. At druggists, 25 and 50 cents.

**Georgia Minstrels.**

**Not a Candidate for Congress.**  
Writing to the Tillamook Headlight last week, B. L. Eddy says:

In your issue of last week, you kindly mentioned my name in connection with the congressional nomination. In order that my position may not be misunderstood, I wish to say that I am not a candidate for congress.

Should the Republican state convention see fit to nominate me for one of the circuit judgeships, I would be grateful. If the convention should do otherwise, it will be all the same. I trust I can live in future, as in the past, without the income of a public position, even though it may require the same hard work that I have always found necessary in order to succeed.

A final word about congressional matters. Those who are genuine

# THIN FOLKS

Should know that perfect digestion and assimilation of the food is the first essential to the putting on of solid flesh. Persons who have a weak stomach and suffer from Dyspepsia, indigestion and Constipation are always thin, because they fail to derive proper nourishment from their food. Try Hostetter's Stomach Bitters at once. It will strengthen the stomach, perfect digestion and build up firm, solid flesh. It never fails.
