

SENATOR SMOOT NEXT

Pantomime Played Out Now Comes the Farce

Committee of Pure Innocents Will Examine the Record of Naughty, Sooty, Smutty, Smoot

Washington, D. C., March 1.—During the next week or so the objective point of public interest promises to be shifted, in a large measure at least, from the warfare in the Far East to the Smoot inquiry before the Senate Committee on Elections and Privileges. The date set for the opening of the case has arrived and it is understood the investigation will proceed without delay.

All kinds of stories are afloat as to the scope of the investigation, and its probable results. It is said to be the intention of the organization which has been formed to oppose the seating of Senator Smoot to summon the head of the Mormon church and each of the twelve Apostles, including the Senator. Whether this is true or not, it is certain that the investigation will be made to take the form of an indictment against the entire Mormon people, the purpose of the anti-Smoot forces being to focus public attention on the conditions alleged to exist in Utah at the present time.

Several photographs have been secured in which President Smith, the head of the Mormon church, has been pictured with a wife, and the photographs, it is alleged, show that they are different women. One of them is a photograph taken at St. Louis during a world's fair celebration, which shows Reed Smoot immediately behind the president of the church and his wife.

If the Mormon Apostles are called to the stand an effort will be made, it is said, to prove that no less than seven of the twelve have contracted polygamous marriages, and the contention is made that it can be proved that since Utah has been admitted as a state and the manifesto declaring there would be no more plural marriages solemnized a new wife has been sealed to one of the twelve Apostles.

Attorneys for Smoot allege that they will be able to controvert any testimony which may be offered to show that any new wives have been sealed to any Mormon since the admission of the territory as a state. Senator Smoot will swear that he has only one wife, and the Apostles who are blessed with several are expected to take oath that they have lived with only one in recent years, but have separately supported the others, as dependants, under the solemn vow taken when the plural wives are sealed to them.

Des Moines in Commission.
Boston, Mass., March 1.—The United States sheathed cruiser Des Moines was placed in commission today at

the Charlestown navy yard, the occasion being attended by the usual ceremonies. Rear Admiral Mortimer L. Johnson, commandant of the navy yard, formally turned over the vessel to Commander Alexander McCracken, U. S. N., who is to be her first commander. Officers and crew were mustered on deck and a salute was fired as the Stars and Stripes were hauled to the masthead.

The cruiser Des Moines was constructed in the yards of the Fore River Ship and Engine company of Quincy, Mass. She is similar in design to the Cleveland, the Tacoma, the Chattanooga, and the Galveston. Her full load displacement, is 3,500 tons.

In the construction of the Des Moines and her sister ships corn pith with an estimated capacity of 6,720 cubic feet has been used as an obliterating material for the water line protection, so that if the hull should be pierced by a shot the swelling of the corn and inner plates will prevent the ingress of the water.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. World's Fair Stock Divided.
Chicago, Ill., March 1.—People who helped to make successful the great Chicago exposition in 1893 by buying stock in the world's fair company today received checks for amounts representing a final dividend of 85 per cent on their holdings. Altogether the stockholders have received 14.65 per cent on their investment, or \$1.46% on every \$10 invested. The payment of the final dividend practically closes up the business of the company which financed the great exposition.

Salemities in New York.
Col. Jefferson Myers, who spent yesterday in this city, said that while in New York he met Frank R. Anson, formerly manager of the Salem electric light and street car systems. Mr. Anson is a Wall street broker, with offices near the banking house of Henry Clewes & Co., where he is doing a fine business. He has a fine suite of offices, and has made a fortune since going to New York, having made a good start in the West Virginia oil fields. Mr. Myers also met George W. Watt, who is doing well in the metropolis, and he spent much time in showing the Oregon visitors about the city to visit points of interest. Both of these gentlemen remember their old Oregon friends with pleasure, and exert themselves to make the visit of Oregonians pleasant in New York.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money for any case of Leucorrhoea, Female Weakness, Prolapsus, or Falling of the Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

Very often a married woman or young girl does not know who to turn to for advice in circumstances where she dislikes to talk with the family physician about delicate matters. At such times write to Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for free consultation and advice, and the same will be held as strictly confidential. It is foolish to consult women friends or persons without medical training.

Dr. Pierce's Favorite Prescription contains no alcohol, is entirely vegetable and was the first exclusively woman's tonic on the market—it has sold more largely in the past third of a century than any other medicine for women.

All other compounds intended for women only are made with alcohol, or alcohol is a large component—this alcohol injures the nerves, shrinks the corpuscles of the blood are shrunken by alcohol. All such compounds, therefore, do harm.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. Use them with the "Favorite Prescription" when a mild cathartic. One is a laxative, two, a mild cathartic.

Wakeful?

Sleeplessness Is a Sign of Nerve Trouble and Should Be Looked To.

There are three different manifestations of sleeplessness.
First, hardly to sleep a wink all night, second, to lie awake a long time before falling asleep; third, to fall asleep soon, waking up after several hours and then find it hard to sleep again.
They mean that somewhere in the nerve fibres, somewhere in the brain cells, somewhere in the blood vessels that carry blood to the brain, something is radically wrong, and must be righted, or the end may be worse than death.

To fight it, take Dr. Miles' Nervine.
Some other symptoms of nerve trouble are: Dizziness, Headache, Backache, Worry, Restlessness, Irritability, Melancholy, Lack of Ambition.

They indicate diseases which may lead to Epilepsy, Fits, St. Vitus' Dance, Nervous Prostration, Paralysis, Insanity. Nothing will give such quick and lasting relief as Dr. Miles' Nervine.

"My husband had been sick for weeks, could not sit up to have his bed made. With all the medical help we could get he continued to grow worse. He could neither sleep or eat. Our baby girl was sent away, and all callers barred, because he could not stand a bit of talking. I read of a case of nervous prostration cured by Dr. Miles' Restorative Nervine. We began giving it to him, and in a few days he was able to be dressed. From that time he steadily improved. Nervine saved his life."
