

THE LAWS BEING ENFORCED

Saloon Keepers Must Keep Places Closed Sundays

All Gambling Games Closed, Even to Playing Cards or Shaking Dice for Cigars

Acting under the instructions of the city council, to strictly enforce all the ordinances of the city, early last night Chief of Police Gibson, accompanied by the two night officers, made the rounds of the city, and ordered all saloons to close at once, on pain of prosecution under the ordinances. The order was strict, including all card games for money, roulette, etc., and included all games of chance in the city except slot machines, these being excluded for the reason that they pay licenses to the city. The saloon men were ordered to permit no games to be played in their places of business. The marshal also ordered the saloon keepers to close their places on Saturday night at midnight, and to keep them closed until Sunday night at 12 o'clock. The houses of ill-repute were ordered to close up at midnight, to remove their red lights and curtains, and to permit no music in their respective places after the hour fixed for the closing of the houses. They were also told they must keep their houses closed on Sundays.

The order was promptly complied with, and business was at a standstill in some of the places last night, where frequently there are lively times during late hours. The order was not quite unexpected, but when it came many of the proprietors of the houses cursed loud and deep, and especially bitter were some of them against certain places that have catered to the boys, as it was asserted that the fact that boys were allowed to gamble had brought about the crusade and the closing of the town.

City Marshal Gibson, when seen about his action this morning, said he had very little to say at this time, except that he had started in to carry out the orders of the council, and he expected to do so right along. He said: "I propose to stay with the order of the council, and enforce the ordinances as well as I know how, to the strict letter of the law. If I make mistakes, they will be of the head and not of the heart. If violations of the ordinances occur I will undoubtedly see what I can do to suppress them by bringing the offenders into court."

Fruit Growers' Meeting. Port Huron, Mich., March 3.—The Ontario Fruit Growers' association, the Michigan State Horticultural society and the St. Clair County Horticultural Society began a joint international meeting here today with a large attendance. The sessions are to continue two days and will be devoted to the reading of papers and the discussion of practical horticultural topics. Prominent speakers from both Michigan and Canada are on the program and the meeting promises to be the most notable of its kind ever held in this section.

American League Meeting. New York, March 3.—American league baseball for the season of 1904 made its bow today when the delegates of the organization assembled at the First Avenue Hotel to discuss the schedule and other matters pertaining to the league's affairs for the coming summer. The schedule committee—composed of Comiskey of Chicago, Mack of Philadelphia, and Kellelea of Boston—has prepared its report and it will be submitted to the meeting. The announcement has been made regarding a conference with the National League, but as nearly all of the big men of the rival organization are in the city it is possible that the two schedules will be compared before their final adoption and mutual concessions made so as to avoid as much as possible conflicting dates in the cities where both leagues have clubs.

Appointed Administrator. County Judge Scott yesterday afternoon decided the matter of the petitions for the appointment of an administrator for the estate of the late Levi Bartmess, by appointing J. M. Howell to administer the estate. Deceased was an old resident of the Stayton neighborhood where he owned some fine property. He has been sick for some time, and has been cared for at the home of Mr. Howell, where he died at the age of 77 years. As he had no family or kin near here, so far as those caring for him knew, and Mr. Howell being a creditor of the estate, he petitioned for his appointment as administrator. A few days later Oscar Cole, of near Turner, also came in with a petition asking to be appointed, as he was a relative of the deceased. The matter was heard before the county judge, and was yesterday decided in favor of Mr. Howell. It is stated that Mr. Cole will appeal the case to the circuit court.

A Plucky Little Teacher. A letter from Miss Anna Steen states that she reached her destination at the extreme southern part of the county without any inconvenience more than a long, tiresome ride. From here she rode by stage to Ontario, 45 miles; from Ontario to Caldwell by train, about 40 miles. At that place she again took the stage for Jordan Valley, 55 miles. From Jordan Valley to her destination in Desolation Valley, she traveled 120 miles by private conveyance—280 miles in all. Desolation Valley, we believe, lies mostly in Nevada, and was so named from a massacre of immigrants by Indians in early days.—Our Western Ways, Westfall, Or.

The Senators Meet. The High School Senate held its regular meeting last evening in the hall of the East school building. The meeting was called to order by Riegleman, president pro tem. A resolution was introduced by Turner, and, after a lengthy discussion, was adopted. Robert Patulis and Paul Miller were admitted as new members. A motion was made by Moores to elect officers, and the result was: President, Riegleman, of Pennsylvania; secretary, McIntire, of Minnesota; treasurer, Mourer, of Kansas; reading clerk, Curtiss Cross; sergeant-at-arms, Sterling Mike. After the election the society adjourned until next Wednesday.

Lowell Ferry Broke Loose. Last Friday evening, about 5 o'clock, the county ferry at Lowell broke loose, the cable breaking, and the boat drifted down the river about half a mile. The river being high at the time, it was feared that the boat would float beyond recovery, but it lodged against the bank, and Monday C. L. Williams, with his logging crew and teams, commenced to haul it back to its place. Luckily there were no teams on the boat at the time.—Eugene Guard.

Afternoon Tea. Mrs. Allen Nye entertained a few girl friends of her daughter, Alma, yesterday at an afternoon tea, in honor of her 14th birthday anniversary. The afternoon was enjoyably spent with music and all kinds of games. A dainty luncheon was served during the afternoon.

Curious Lake. In the center of Kildine, an island in the North Sea, is, perhaps, the most curious lake in the world. The surface of its waters is quite fresh, and supports fresh-water creatures, but deep down it is as salt as the greatest depths of the sea, and salt-water fish live in it.

At Philadelphia, since January 1st, the bodies of 227 babies have been found in the streets of that city, many of the infants being only a few hours old. In the closing month of last year 60 bodies were picked up in alleys and incinerated, and Coroner Dugan began an investigation. His discoveries have been sensational. Four baby farms are under police surveillance, and implicated in the affair are a number of physicians and nurses.

HIGH PRICE FOR EGGS

Thought of the Ancient Order Cost Three Hundred Each

Presented by the Democrats of Wilmington S. C. to Henry F. Seawell During Campaign

Forty-five hundred dollars for fifteen odoriferous eggs is the price the supreme court has just paid on this article of commerce by a decision in the action of Henry F. Seawell against a railway company, says a despatch from Wilmington, S. C. In the year 1900 M. Seawell was the Republican-Populist candidate for lieutenant-governor. During the campaign he went to the town of Shelby to fill an appointment of Senator Marion Butler. In the course of his remarks he excited the anger of the democrats in his audience by a scathing denunciation of the methods of their party. The democrats tried to prevent Mr. Seawell from finishing his speech, and he denounced them in unmeasured terms for their rowdism. After his speech Mr. Seawell went to the railroad station and a crowd of infuriated democrats followed him. Mr. Seawell bought his ticket and proceeded to promenade on the platform. He was faultlessly dressed in a high silk hat, black Prince Albert coat, white vest, doeskin trousers and patent leather shoes and carried a gold-headed cane. The democrats armed themselves with eggs which had been in existence for several months under a hot sun, and as Mr. Seawell appeared on the platform the eggs were hurled at him. They burst all round him, and fifteen, by actual count, struck his apparel. In addition to the disgusting appearance which the contents of the eggs gave to his clothes, the intensified odor arising therefrom made Mr. Seawell despise himself for the time being and kept his friends at a distance.

For this indignity and assault and battery Mr. Seawell brought suit against the railway company, because the agent at the station and other employees of the company actually engaged in dashing stale eggs against him. The case was tried in the superior court and was decided in favor of the plaintiff. The supreme court has just affirmed the decision of the superior court with an intimation that the jury might have increased the amount of damages without making the sum excessive or exorbitant.

GIRLHOOD WOMANHOOD MOTHERHOOD

The first lesson that the young girl has of womanhood is usually a painful one. She learns to know what headache means, and backache, and sometimes is sadly borne down by this new experience of life. All the pain and misery which young girls commonly experience at such a time may, in almost every instance, be entirely prevented or cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, it tones up the general health, and cures headache, backache, nervousness and other consequences of womanly weakness or disease.

The anxious mother of the family often-times carries the whole burden of responsibility so far as the home education of common ailments of the girls or boys are concerned. The cost of the doctor's visits is very often much too great. At such times the mother is invited to write to Dr. R. V. Pierce, of Buffalo, N. Y., for medical advice, which is given free. Correspondence is held strictly confidential.

Gacked up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhoea, Female Weakness, Protracted Cur, Falling of the Womb, which they cannot cure. All the World's Dispensary Medical Association, Proprietors, of Buffalo, N. Y., ask in a fair and reasonable trial of their means of cure.

Your wonderful medicine, "Favorite Prescription," has helped me greatly in time of suffering. I write Mrs. Minna Wright, of Edwards, Ind. "Last winter I was unable to do my work, was to be confined in February, and a lady, Illinois wrote and told me about your medicine. I used three bottles of "Favorite Prescription," and will say I had the easiest and quickest confinement I ever had. Had three children before and would suffer from twenty-four to thirty-six hours before birth, but this time only two hours. Have a fine baby girl and she is the most healthy one of all I am still using the "Favorite Prescription" as a tonic."
