CATARRHA COMMON COMPLAINT

Catarrh begins with a stubborn cold in the head, inflammation or soreness of the membrane or lining of the nose, discharge of mucus matter, headaches, neuralgia and difficult breathing, and even in this early stage is almost intolerable. But when the filthy secretions begin to drop back into the throat and stomach, and the blood becomes polluted and the system contaminated

system contaminated by the catarrhal poison, then the sufferer begins to realize what a disgusting and sickening and after taking several bottles I was cured and disgusting and sickening disease Catarrh is.

Northwest Cor. 7th and Felix Stz., St. Joseph, Mo.

and stomach as well as other parts of the body. It is a constitutional disease and as inhaling mixtures, salves, ointments, etc., are never more than palliative or helpful, even in the beginning of Catarrh, what can you expect from such treatment when it becomes chronic and the whole system affected? Only such a remedy as S. S. S. can reach this obsti-

nate, deep-seated disease and purge the blood of the catarrhal poison. S. S. S. purifies and builds up the diseased blood, and the inflamed membranes are healed and the excessive secretion of mucus ceases when new, rich blood is coming to the diseased parts, and a permanent cure is the result.

S. S. S. is guaranteed purely vegetable and a reliable remedy for Catarrh in all stages. Write if in need of medical advice; this will cost you nothing. THE SWIFT SPECIFIC CO., ATLANTA, GA.

THE WEEK'S SOCIAL EVENTS

Pleasant Gatherings---The Rivets That Fasten Friendship

The West Salemites Meet.

The West Salem Literary Society F. E. Smith, Mrs. A. A. Lee, held its regular meeting at the West Salem hall Saturday evening. President Elbert Thompson called the all present:

Reading, Mrs. Crossan. Solo, W. J. Squires.

Recitation, Miss Nettie Smith.

Duet, Misses Brandon and Wilson, panied by Miss Church. Newspaper, West Salem Gazette, read by David Eyre.

OTHER WORLD'S.

Our sole knowledge of the peo-ple on other worlds and how far the people there differ from our inhabitants, can only be guessed by omparison with animal nature on this small sphere of ours. More important us is a knowledge of ourselves. "Know Tryshle" was an old Greek thought. How to take care of one's own body is not so simple as some think the human mechanism is a wonderful thing and requires watching.

One man who has done more to teach the American people how to care for their bodies than almost any other, is Dr. R. V. Pierce, of Buffalo, N. Y., the Author of the "Common Sense Medical Adviser." He says: It is not the quantity of the food caten which produces strength and health (for some people can keep strong on a very meagre diet), but it is how much food is absorbed and assimilated by the blood and carried to nourish every organ of the body. It is, therefore, vitally necessary for the body that the stomach be in a healthy If disease of the stomach, or what is state. If disease of the stomach, or what is called "stomach trouble," prevents proper nutrition then the heart, liver, lungs, and kidneys do not get proggr food—they are not fed on rich red blood, and in consequence, begin to show signs of distress. Outwardly these right may be pimples and cruptions on skin, pale face, sleepless nights, tired, languid feelings, or, by reason of the nerves not being fed on pure blood, they become starved, and we receive a tearning in the pain we call neuralgia. Rheumstism, too, is a blood disease. After years of practice and study Dr. Pierce years of practice and study Dr. Pierce found that an Alterative Extract, which he named 'Dr. Pierce's Golden Medical Dis-covery," made from the extracts of several plants, invariably produced a tonic effect upon the system. It helped the process of absorption of the healthy elements in the food and increased the red corpuscles of the blood as well as eliminated the poisons the blood, as well as eliminated the poisons from the system.

Business is business. No time for headches. Constipation causes them. Doctor ing the cause. Laxative and m
