A Family Affair.

Jacob Idelwino, of North Salem, an aged and well-known resident of this city, was last evening arrested on the charge of assault and battery, on a warrant issued out of the justice court. He was allowed to go on his own recognizance until tomorrow, at 10 a. m., when his trial will be had. The warrant was issued at the instance of Clarence Bell, and the difficulty is said to be the result of a family disturbance.

REAL ESTATE TRANSFERS

The largest real estate transfer in recent times, in Marion county, was that filed in the recorder's office this afternoon by which Joseph DeWenter and wife sold to Henry Duenwald 293 acres of fine farming lands between Stayton and Aumsville, in section 1, t 9 s, r 1 w, for \$12,500.

Carrie Goode has sold a small tract of land in block No. 73, North Salem, to D. F. Brunne, for \$800.

Istalme Bauernfeind also sold a valuable piece of property, known as lots Nos. 11 and 12, in Battlecreek Fruit Farm No. 1, to John L. and Lydia Knight, for \$2100.

Istalme Bauernfeind also sold to W. L. Knight one acre of land adjoining lot No. 12 of Battlecreek Fruit Farm No. 1, for \$250.

Lot No. 1, in block No. 21, in Oxford addition to Salem has been sold by Daisy E. Rodgers and her husband to I. C. Sutton, for \$100.

J. M. Brown has sold to E. J. Brown lots Nos. 5 and 6 in block No. 4, Brown's addition to Silverton, for \$100.

John Daly has disposed of his one-fifth acre of land in t 10 s, r 5 e, to G. G. Milloy, for \$100.

China Will Remain Neutral.

Washington, March 15.—Besides her general proclamation of neutrality, China has sent a special declaration to the United States, called forth probably by Hays' circular note, to the effect that it is her set purpose to remain entirely neutral throughout the war.

WILL NOT SET ASIDE THE LAW

J. J. Hill Says He Will Submit Even if It Is Inconvenient

Thinks the Supreme Court's Decision Is Final and Will Recommend Being Real Good

New York, March 15.—Hill, before going into conference today with the lawyers and bankers interested in "Securities," said, "the company will obey the law, no matter what the inconvenience or discomfort. As I understand the situation the decision acts as a finality, and I don't think we shall have a rehearing. What plans we shall pursue depends entirely upon the advice of our counsel. After the calmest deliberation our line of conduct will be determined."

"Corea Shall Be Russian."

Paris, March 15.—The St. Petersburg correspondent of the Echo de Paris says that the czar's refusal, following General Kuropatkin's advice, to permit Prince Louis Napoleon to go to the Far East, is much commented on.

The correspondent says that six new torpedo boats have been sent of the Newsky yards, and that ten others, modeled after the French torpedo boat Cyclone, are being completed, and probably will be sent by railway to Port Arthur.

In the course of his conversations in the train, while traveling from Moscow, according to his correspondent, General Kuropatkin repeated his desire that peace should be signed only in Tokio. The general said that Germany, France and Austria had agreed with Russia to prevent Great Britain interfering with another Berlin treaty, adding:

"We will never permit Great Britain to interfere for the purpose of depriving us of the fruits of our dearly-bought victory. Corea shall be Russian."

Miles Will Take Nomination.

Indianapolis, Ind., March 15.—C. W. Newlin, chairman of the Indiana Prohibition state committee, has received a letter from the chairman of the Vantage county, Pa., committee, in which it is said that General Nelson A. Miles has written a letter indicating that he is in the hands of his friends, and is a receptive candidate for the Prohibition party's nomination for President.

The news comes by way of the Pennsylvania committee, because of its prominence as a county in which the Prohibitionists have elected a majority of their ticket.

Kills Herself So Son Can Be a Soldier

New York, March 15.—A Japanese woman at Takasaki, on learning that her only son had been exempted from active service on the ground that she was dependent upon his earnings, has committed suicide, says a World dispatch from Tokio. In a letter she stated she was about to kill herself in order that her son might be free to fight for her fatherland. Then she plunged a dagger into her heart. Withdrawing the weapon, she handed it to her son who immediately volunteered for active service.

Government Defeated.

London, March 15.—The government was defeated in the house of commons today by a vote of 141 to 180, on a motion by Redmond against the reduction of the Irish educational estimates. It is claimed it was a snap division, and is not taken seriously.

Washington, March 15.—The navy department is advised that the cruiser Cincinnati has returned to Chemulpo with 23 American refugees.

Aged Woman Burned to Death.

Oregon City, Or., March 15.—Miss Rosine Smith, aged 70 years, and a cripple, was slowly burned to death at the home of Gus Brady, near this

city, Sunday night. The unfortunate woman had been left alone at the Brady home by Mr. and Mrs. Brady, who were visiting a neighbor. In some unexplainable manner, the woman, who has for many years been a cripple, set fire to her clothes and slowly burned to death. By a miracle the building itself did not catch fire, and the woman, roasted to a crisp, was discovered by her friends upon their return home later in the evening.

Coroner R. L. Holman, of this city, was called this morning, but, after investigating the circumstances, decided that no one was blamable for the catastrophe, and dispensed with the formality of an inquest. The remains were brought here and prepared for burial, which will take place Tuesday at Aurora, where relatives of the deceased reside.

Tells of Japanese Heroism.

Tokio, March 15.—The steamer bearing ten wounded and the bodies of nine of the seamen who were killed in the battle off Port Arthur, on March 10th has reached Sasebo. The wounded and dead were chiefly participants in the battle between the Japanese and Russian torpedo boat destroyers. The survivors unite in praising the desperately heroic attack of the Russians, and tell a story of a personal encounter between a Japanese sailor and the captain of the Russian destroyer Steregutchi. When the Japanese closed on the Russians, the sailors sprang aboard the enemy's vessel and met her commander emerging from the cabin. Captain and sailor sprang at one another, but the seaman was the quicker of the two, and felled the Russian officer by striking him on the head with a cutlass. The Russian endeavored to rise, but the Japanese sailor kicked him overboard and he was drowned. The Japanese say there were 22 dead on the two Russian destroyers.

The Japanese dead were landed at Sasebo, and received with full military honor. They were borne on gun, carriages to the naval brigade headquarters.

Spooner's Bill Passed.

Washington, March 15.—Spooner's amended bill, appropriating \$526,000 for the defense of the Hawaiian Islands, was agreed to. After its passage the executive session on the Wood case was taken up.

Do It Today.

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists. At Dr. Store's drug stores.

Getting the Jury.

San Francisco, March 15.—Four additional Botkin jurors were chosen to complete the jury will be completed tomorrow.

THE YOUNG MEN STILL AT WORK

Republican Club Continues to Increase Its Membership and Activity

The executive committee of the Young Men's Republican Club met last night and discussed the matter of continuing the program of open meetings recently commenced, and it was decided that such a course was not only advisable, but the best that could be followed, and, as a result, another open meeting will be arranged for at an early date. In view of the amount of business to be looked after constantly, the committee decided to hold meetings every Monday evening from now until the close of the campaign, and also to continue the work of extending the organization to every part of the county, and assist the Young Republicans in every section in the organization of new clubs.

Several meetings for the near future are now being arranged for, and some of the best talent in the state will be secured to address the meetings. At last night's session 28 new members were elected and a number of applications were reported as being ready to come in for the next meeting of the executive committee. Nearly all the young men eligible in this city will be enrolled as members of the club before the campaign is over, and as the membership is pledged to support the Republican ticket straight,

irrespective of personal feeling in the matter, the indications are that the club will wield quite an influence in the coming election, and its work will be of great value to the party.

Cleaning the Switch.
The Southern Pacific section crew is at work today, cleaning up the switch down Front street, north of the freight depot, and making a fine job of it. The switch has not been used very much north of State street for a number of years, and the result is that the rails are in most places buried in the mud of the street, but the Japanese section men are digging them up, and when this has been done the track will be raised so as to bring it up to the grade of the street, or a little higher, in order to be available for use when traffic shall be sufficient in that direction to justify the use of the switch. Several warehouses are to be erected on Front street during the coming season, while some are already there, and the switch is being placed in condition for their accommodation, and for the purpose of delivering material to the north end of Front street when the rebuilding of the bridge will be commenced, in a short time.
