Twenty Years Trial.

There are lots of good things the doctors know nothing about. We frequently cure people of disease after the doctors have given them up. If the disease comes from overwork, dissipation or exposure, causing weak and watery blood and loss of flesh and strength, we have the one sure remedy in Dr. Gunn's Blood and Nerve Tonic. These tablets taken with meals turn food into rich red blood, making strong, steady nerves and increasing the strength, producing solid flesh at the rate of 1 to 3 lbs. per week. This means health. Druggists sell Dr. Gunn's Blood and Nerve Tonic for 75c. per box or 3 boxes for \$2. For nervous prostration, loss of memory, or a pale sallow complexion, a better remedy was never made. Doctors know nothing about this remedy only the fact that we make cures which we have been doing for 20 years.

Real Estate.

H. H. Savage has sold 80 acres of land in section 26, township 8 south, range 3 west, to Abner Lewis for \$1750.

A deed from Mr. and Mrs. J. J. Murphy was filed today for a consideration of \$1, transferring to their son, Chester Murphy, 171 acres in sections 12 and 13, township 5 south, range 2 west.

Rathbone Sisters Organize.

A temple of Rathbone Sisters was organized at Independence Wednesday night by Mrs. Chas. L. Parmenter, deputy G. O. She was assisted by Mrs. L. R. Stinson, of this city, and Mrs. Will Hinshaw and Mrs. E. Edgar, of Fall City. After the lodge adjourned the new temple served a splendid banquet.

A Marion County Magazine.

The Easter number of the Mt. Angel Magazine is at hand, and is a well-edited and prided publication. It contains several interesting and instructive articles from the pen of brilliant writers, and is very creditable to the publishers.

Observed in Chicago.

Chicago, Ill., April 1.—Good Friday was observed in Chicago with special services in the Catholic churches, and in many of the Protestant churches. The board of trade, the stock exchange, banks and numerous business houses remained closed in observance of the day.

NEW CURE FOR CONVICTS AT PRISON

Water Turned Through Hose Proves an Effective Remedy

Wrong Doers Have a Dread of a Stream and Warden Believes Treatment More Human

A Salem special says:

The cold-water cure has recently been adopted at the Oregon state penitentiary, with apparently satisfactory results. For all practical purposes flogging has been abandoned. No rule has been established prohibiting flogging, and if a case should be presented in which all other punishment failed, the lash might be resorted to, but this is a contingency not deemed probable. The cold-water cure has been found effective in some very obstinate cases.

The cold-water remedy consists of stripping the prisoner to the skin and turning upon him a stream of cold water from an ordinary garden hose. The infliction of the punishment is not as brutal as flogging, it leaves no scars or permanent injuries, and the punishment ends the moment the water is turned off. A prisoner who has been subjected to the punishment once, wants no more of it, though he may be smiling within a few minutes after the ordeal is over. Governor Chamberlain and the prison authorities are highly pleased over the result of the experiments, for they have been desirous of abolishing the whip.

Only one prisoner has been flogged during this administration. That man was a trusty and had run away, and upon being captured, was given the penalty always imposed in such cases up to that time. Since then two prisoners have been punished with the cold water remedy. One of them was a big, burly negro. When he came to the prison he was assigned to work in the shops, but refused to obey orders. He asserted that he didn't have to work, and wouldn't work. He was taken to the bathroom, stripped and stood in a corner. The first spurt of water from the hose brought out a shriek that was evidence of the effectiveness of the remedy. After trying for half a minute to dodge the stream of cold water, the man gave up and began to beg and make promises. The punishment ended, he went to work, and has given no further trouble.

The other prisoner subjected to the water cure was a white man. For several months he has been giving trouble, and seemed to find enjoyment in disobeying rules, even when he gained nothing by it. Small penalties did no good, and he was finally warned that another offense would bring severe consequences. A few days later he deliberately violated an important regulation, and was sent to the bathroom. He began to beg before the water struck him, and before a painful of water has been used he was completely subdued. Before he had dressed again he was laughing over the punishment, but his subsequent conduct has proven that he doesn't intend to receive a second dose of water cure.

There are men in the Oregon penitentiary who bear flogging scars that

Two severe cases of Ovarian Trouble and two terrible operations avoided. Mrs. Emmons and Mrs. Coleman each tell how they were saved by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I am so pleased with the results obtained from Lydia E. Pinkham's Vegetable Compound that I feel it a duty and a privilege to write you about it."

"I suffered for more than five years with ovarian troubles, causing an unpleasant discharge, a great weakness, and at times a faintness would come over me which no amount of medicine, diet, or exercise seemed to correct. Your Vegetable Compound found the weak spot, however, within a few weeks—and saved me from an operation—all my troubles had disappeared, and I found myself once more healthy and well. Words fail to describe the real, true, grateful feeling that is in my heart, and I want to tell every sick and suffering sister. Don't dally with medicines you know nothing about, but take Lydia E. Pinkham's Vegetable Compound, and take my word for it, you will be as different woman in a short time."—MRS. LAURA EMMONS, Walker, Ont.

Another Case of Ovarian Trouble Cured Without an Operation.

"DEAR MRS. PINKHAM:—For several years I was troubled with ovarian trouble and a painful and inflamed condition, which kept me in bed part of the time. I did so dread a surgical operation. I tried different remedies hoping to get better, but nothing seemed to bring relief until a friend who had been cured of ovarian trouble, through the use of your compound, induced me to try it. I took it faithfully for three months, and at the end of that time was glad to find that I was a well woman. Health is nature's best gift to woman, and if you lose it and can have it restored through Lydia E. Pinkham's Vegetable Compound I feel that all suffering women should know of this."—MRS. LAURA BELLE COLEMAN, Commercial Hotel, Nashville, Tenn.

It is well to remember such letters as above when some druggist tries to get you to buy something which he says is "just as good." That is impossible, as no other medicine has such a record of cures as Lydia E. Pinkham's Vegetable Compound; accept no other and you will be glad.

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free. No woman ever regretted writing her and she has helped thousands. Address Lynn, Mass.

they will carry to their graves. It is but fair to say that the scars were not received during this administration. Some of the men thus punished are still unconquered, and are, perhaps, more vicious and more desperate because of the method of inflicting pain. Many a prisoner has sworn that if he ever gets an opportunity he will take the life of the officer who laid the lash across his back. Flogging was degrading to both the prisoner and the man who imposed the punishment. The prisoner was stripped and bound and flogged until, in many instances, the blood flowed
