BEET SUGAR SITUATION

At Association Convention Today Important Matters Will be Taken up

Washington, D. C., April 11.—An effort to solve some of the serious problems confronting the beet sugar industry will be made by the American Beet Sugar association at a convention begun in the capital today. There are now 56 beet sugar factories in the country and several more are building. A profitable market must be developed for the product of these factories and steps taken to enable the beet sugar to successfully compete with the cane product.

It is reported that the association will request the department of commerce and labor to make an investigation of the operations of the sugar trust. Since the Cuban reciprocity treaty went into effect the association has had an expert in Washington watching the market and he has prepared a report bearing on the operations of the sugar trust. The claim is made that the trust is the real beneficiary of the reciprocity treaty, that the Cuban people have not received one cent of benefit, and that the Cuban cane sugar crop instead of selling at a greater price in consequence of the treaty, has been bought by the sugar trust at an average of 30 1/2 cents per hundred pounds less this year than at a corresponding period last year, before the treaty was effective.

Regardless of the operations of the trust, however, the beet sugar manufacturers recognize the fact that many things must be done to put the industry on a sounder and more profitable basis. Improved conditions in manufacturing, lessening the cost and utilizing by-products are regarded as necessary before the beet sugar industry will have developed to a point where it will control the market of this country.

As a step towards bringing about these conditions and likewise enhancing the efficiency of the association it is proposed to widen the field of the organization. Heretofore the association has been purely a business organization, but hereafter it will include everyone, farmers, manufacturers, chemists, supply men and others interested in the industry.

RESENT STAGE KISSING

Chicago Woman's Club Make This an Issue in Their Election

Chicago, April 11.—Amateur theatricals in which hugging and kissing are a feature are an issue in the Arche Woman's Club. Mrs. William Parker, an amateur dramatist, is up for the office of president. Mrs. Frank T. Bliss opposes her. Mrs. Bliss says:

"Eight homes on the South Side were broken up by amateur theatricals given at the Old Oakland Club and three family quarrels have resulted from performances at the Colonial Club. There is much hugging and kissing in all of the plays, and by mature women, too.

"Most of the theatricals are given just as excuses to let the young men and young women have a chance to make love. Amateur theatricals are a menace to society and to young womanhood. Mrs. Parker writes plays and therefore we do not want her to be president of the Arche Club."

The Property Called Health runs down or improves, just depends on how it is cared for. It is the most valuable property we have, and should receive the most consideration. It helps you in business, helps good looks, helps make friends, helps get situations and helps you hold them, and always makes happiness. Property like this, at the first indication of being out of repair, should be looked after and a remedy applied at once. There are any number of signs that show repairs are needed. Bilious spells, indigestion, dyspepsia, belching, dizziness, sick headache, sallow complexion, pimples and liver spots on the face, a drowsy feeling after meals, sour stomach, etc. These symptoms all show loss of health. Druggists will sell you for 25c a box of Dr. Gunn's Improved Liver Pills, a sure cure for all of these diseases.

The convention will consist of 177 delegates, apportioned among the several counties of the district as follows, to-wit: Benton, 7; Clackamas, 18; Coos, 9; Curry, 3; Douglas, 14; Jackson, 12; Josephine, 7; Klamath, 4; Lake, 4; Lane, 19; Lincoln, 5; Linn, 14; Marion, 23; Polk, 9; Tillamook, 5; Washington, 13; Yamhill 11. That the work of the convention may be expedited as much as possible the committee suggests that the chairmen and secretaries of the several county conventions certify to the list of delegates elected by their county conventions to this congressional convention and mail them at once to Curtis B. Do you remember the little things that gave us so much pleasure when we were young? With what zest did we sit down to the table after our play was over and eat the mush and milk our mother put before us. But as we get older it takes more to give us pleasure. Mush and milk no longer tastes good to us, and our digestion may be impaired. The best advice we can give to such a person is to tone up the stomach with Dr. Pierce's Golden Medical Discovery. It is nature's most valuable and health-giving agent—made without the use of alcohol. It contains roots, herbs and barks, and is the concentration of nature's vitality as found in the fields and woods. This remedy has a history which speaks well for it because it was given to the public by Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., nearly forty years ago, and has since been sold by druggists in ever increasing quantities. Some medicines, tonics or compounds, enjoy a large sale for a few years, then disappear from the public attention, but Dr. Pierce's Golden Medical Discovery has proved such a reliable blood remedy and tonic that it often enjoys the confidence of several generations in a family, and its increased sales year by year coming from the recommendations of those who have tried it, prove its lasting merit, so that every bottle bears the stamp of public approval. Every other blood-maker and tonic for the stomach that we know of contains alcohol, but Dr. Pierce guarantees that no alcohol is contained in his "Medical Discovery."
