Good Spirits.

Good spirits don't all come from Kentucky. Their main source is the liver-and all the fine spirits ever made in the Blue Grass state could not remedy a bad liver or the hundred and one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower-the greatest of all medicines for the liver and atomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits."
