

DAILIES ON THE OCEAN

Plan to Print Newspapers on Steamships Crossing the Atlantic

New York, April 13.—A new international daily newspaper will be launched—and that's the best word for it—on May 15. It will be printed simultaneously on most of the vessels of the transatlantic fleet while they are in transit.

The news of the world will be laid before the 20,000 to 30,000 passengers afloat at breakfast time every day this summer much in the form that the readers are used to finding it in New York and London. The paper will be made up like a regular city journal.

The Marconi apparatus, of course will be the means by which the news will reach the ships. All the lines except one are now equipped with the wireless instruments. The ships of the American, Red Star, French and both German lines and some of the Atlantic Transport ships now issue a daily bulletin of news from a summary supplied by a bureau of publicity which has its headquarters in Boston. The Cunard line gets its news from Reuter's agency.

Ships with the Marconi equipment are now practically in constant touch with one or other of the Marconi transmitting stations at Poldhu, England, and Casco, Nantucket and Babylon on the American coast. It is completely practicable to expand the present news service into as full a telegraphic report as a well managed newspaper need have ashore, covering everything from the war to market reports.

The newspaper enterprise will be

under the control of a single concern, which will establish an adequate plant on each of the ships. The editorial and business offices will be established either in New York or London. It is a matter of detail to supply each ship on its sailing with sheets on which the advertising matter has already been printed so that

No Dessert More Attractive

Why use gelatine and spend hours soaking, sweetening, flavoring and coloring when

Jell-O produces better results in two minutes! Everything in the package. Simply add hot water and set to cool. It's perfection. A surprise to the housewife. No trouble, less expense. Try it to-day. In Four Fruit Flavors: Lemon, Orange, Strawberry, Raspberry. At grocers, 10c.

For Kidneys, Bladder and Rheumatism

New Discovery by Which All Can Now Easily Cure Themselves at Home—Does Away With Surgical Operations—Positively Cures Bright's Disease and Worst Cases of Rheumatism—Thousands Already Cured—Note Endorsers.

Trial Treatment and 64-Page Book Free.

At last there is a scientific way to cure yourself of any kidney, bladder or rheumatic disease in a very short time in your own home and without the expense of doctors, druggists or surgeons. The credit belongs to Dr. Edwin Turnock, a noted French-American physician and scientist who has made a life-long study of these

"None can say they are incurable until they have tried my discovery. The test is free."

diseases and is now in sole possession of certain ingredients which have all along been needed and without which cures were impossible. The doctor seems justified in his strong statements as the treatment has been thoroughly investigated besides being tried in hospitals, sanitariums, etc., and has been found to be all that is claimed for it. It contains nothing harmful but nevertheless the highest authorities say it will positively cure Bright's disease, diabetes, dropsy, gravel, weak back, stone in bladder, bloated bladder, frequent desire to urinate, albumenuria, sugar in the urine, pains in the back, legs, sides and over the kidneys, swelling of the feet and ankles, retention of urine, scalding, getting up nights, pain in the bladder, wetting the bed and such rheumatic affections as chronic muscular or inflammatory rheumatism, sciatica, rheumatic neuralgia, lumbago, gout, etc., which are now known to be due entirely to uric acid poison in the kidneys—in short, every form of kidney, bladder or urinary trouble in man, woman or child.

That the ingredients will do all this is the opinion of such authorities as Dr. Wilks of Guy's Hospital, London; the editors of the United States Dispensary and the American Pharmacopoeia, both official works; Dr. H. C. Wood, member of the National Academy of Science and a long list of others who speak of it in the highest terms. But all this and more is explained in a 64-page illustrated book which sets forth the doctor's original views and goes deeply into the subject of kidney, bladder and rheumatic diseases. He wants you to have this book as well as a trial treatment of his discovery, and you can get them entirely free, without stamps or money, by addressing the Turnock Medical Co., 993 Turnock Building, Chicago, Ill., and as thousands have already been cured there is every reason to believe it will cure you if only you will be thoughtful enough to send for a free trial and a book. Write the first spare moment you have and soon you will be cured.

It would seem that any reader so afflicted should write the company at once since no money is involved and the endorsements are from such high and trustworthy sources.

the news only need be "set up" and printed on board ship. The promoters of the enterprise argue that a daily circulation of above 20,000 copies will attract a high class of advertising. The newspapers will be assured of a reader in practically every passenger and ocean passenger as a rule are a good class to appeal to. Naturally hotels, theaters, resorts and railroads will figure largely in the advertising columns.

Each ship will require typesetting machines, a stereotyping plant, a good quick press and the men to run them.

The Associated Press offices in New York and London will supply the news. On the first three days of a ship's journey eastward the dispatches will be sent from New York. Then London will take the service.

If the Ocean Daily, owned in America, were to print a libelous article on a German ship in French waters or on the high seas, to what court would the aggrieved person look for redress?

Doctors who prescribe a sea voyage for the overworked on the ground that a week's isolation from the world is necessary will have to send their patients by an un-Marconi line.

NEW PENSION ORDER

Provision for Age Service Goes Into Effect Today

Washington D. C., April 13.—Several hundred thousand Union veterans are to benefit by the age service pension order which went into operation today. The cost to the government will amount to nearly \$7,500,000 a year, these figures being based on the estimate of Pension Commissioner Ware that it will require 1,500,000 to meet the claims under the new regulation between the present date and the close of the present fiscal year, June 30, a period of two and a half months.

The Property Called Health runs down or improves, just depends on how it is cared for. It is the most valuable property we have, and should receive the most consideration. It helps you in business, helps good looks, helps make friends, helps get situations and helps you hold them, and always makes happiness. Property like this, at the first indication of being out of repair, should be looked after and a remedy applied at once. There are any number of signs that show repairs are needed. Bilious spells, indigestion, dyspepsia, belching, dizziness, sick headache, sallow complexion, pimples and liver spots on the face, a drowsy feeling after meals, sour stomach, etc. These symptoms all show loss of health. Druggists will sell you for 25c a box of Dr. Gunn's Improved Liver Pills, a sure cure for all of these diseases.
