

FATHER KRUG APPOINTED

Well Known Abbot Attains Deserved Distinction

Soon to Become Papal Nuncio at Berlin—History of His Career

Washington, April 15.—The report from Rome that the Rev. Father Boniface Krug, Abbot of the famous Benedictine Abbey of Monte Cassino, province of Caserta, Italy, is to be appointed papal nuncio at Berlin, is of special interest in the United States, for Father Krug is known personally to thousands of Catholics throughout this country. The Abbot, though born in Germany, was brought up and educated in Baltimore. When he was a boy of 6 years his parents started to emigrate to America, but his father died at Bremen, and was buried there. The mother continued the journey, and settled with her children in Baltimore. When the boy was 10 years old Rev. Boniface Wimmer, who had shortly before introduced the Benedictines into the United States and founded St. Vin-

cent's Abbey, near what is now Lantrobe, Pa., paid a visit to Baltimore. Young Krug was pointed out to him as a boy of great promise, and Abbot Wimmer, after a talk with the lad, obtained permission for him to return with him to St. Vincent's Abbey and study to be a monk.

At St. Vincent's young Krug showed much aptitude for study. After a course of about 10 years he made his first vows in the order, in 1861. A few months later he was drafted to serve in the Union army, and in order to escape military service he obtained permission from Abbot Wimmer to go to Europe. After a few months in Rome he met a Benedictine from Monte Cassino, who induced him to go to that famous Abbey and complete the vows which he had first taken on this side of the ocean. Some years later he became the prior of Monte Cassino, and during his occupancy of this post restored the chapel in which were buried the bones of St. Benedict and his sister, St. Scholastica. St. Benedict died in the year 543.

Six years later Father Krug was made Abbot of the Benedictine Monastery at Caserta, an old abbey famous as the residence for many years of Pius VII. Seven years ago he was made president of the Cassinese Congregation, which includes the associated Benedictine abbeys of Italy. The celebrated abbey of which he is now the archabbot is on Monte Cassino, about 50 miles north of Naples. The monastery is a massive pile of buildings, more like a palace than a church. The monks located there are noted for their scholarship and their medical skill.

Four years ago Father Krug made an extensive tour of the United States for the purpose of raising funds for the restoration of the tomb of St. Benedict, in which object he was eminently successful. Father Krug has a sister, Theresa, who is Mother Prioress of the Benedictine Sisters in Chicago. Another sister is Mrs. Frances Kuper, of Baltimore, and still other relatives and intimate friends reside in Milwaukee and elsewhere in this country.

His appointment to the Berlin court will be regarded as particularly good politics on the part of the Vatican, for Father Krug is a personal friend of the German emperor, by whom he is held in highest esteem. It will be remembered that on the occasion of his visit to Rome last year Emperor William went to much trouble and personal inconvenience to pay a visit to Father Krug at Monte Cassino.

She Uses Dope.

Nellie O'Rourke, of Portland, was brought to the asylum last night from Multnomah county. She is addicted to the use of morphine, and the Multnomah authorities thought a trip to Salem would benefit her.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

RUSSIAN JOAN WILL RACE THE SEAS

Gorka Hieff Will Join Czar's American Battle-hips to Be Forces in the Far East

St. Petersburg, April 15.—The services of a volunteer Amazon have been accepted by the Czar, and the fair soldier is now on her way to the scene of hostilities in the Far East. She is a young unmarried woman named Gorka Hieff. She became so imbued with military ardor that she was recently occupying leading a band of Macedonian revolutionaries against the Turks.

Recognizing a wider sphere for her energies in the war between Russia and Japan, she offered her services to the Czar. The average Russian soldier, being prone to superstition, discovered superhuman qualities in the young woman, and when it was rumored that her offer had been refused, grave fears were expressed as to the outcome of the campaign.

This was duly represented to headquarters, and the Czar is said to have observed: "Is she wishes to go, let her go—but as a common soldier in the ranks." On hearing this, the enthusiastic amazon cried, "Even as a drummer boy I will serve." She is already the idol of her regiment.

HERE'S A NEW ONE.

Citizen Pleads Exposure to Smallpox to Avoid Jury Duty.

Seattle, Wash., April 15.—A. F. Kinsey, a juror in Superior Judge Rudkin's court, asked to be excused from jury service this morning, after he had been sworn to try a case, on the ground that he had been exposed to smallpox a short time ago, and feared he was going to contract the disease.

There was a small-sized panic in the court room for a minute, and it seemed that Kinsey was soon to be the only man in the jury box. The bailiff sternly rapped for order, however, and Judge Rudkin gently but firmly led the man into his chambers, where he said he would discuss the matter with him.

The result was that Kinsey was reinstated in the jury box, and the court explained that, after investigating the matter, he had learned that considerable time had elapsed since Kinsey was exposed to the smallpox, and that there was no danger.

Good Spirits.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass state could not remedy a bad liver or the hundred and one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists. At Dr. Stone's drug stores.

CASTORIA.

Washington, April 15.—Plans have been completed for putting the battleships of the American navy through such an endurance test as no war vessels of any nation ever have been subjected to. Within a few days the battleship squadron of the North Atlantic fleet, with several cruisers, will be rushed across the Atlantic and into the Mediterranean. They will visit Trieste, Villa Franche and Lisbon, and will return early in August, again racing across the ocean.

This is a part of the comprehensive scheme for the improvement of the navy worked out by the general board, of which Admiral Dewey is president. It is intended further to impress the world with the serviceability of American naval ship and develop any weakness that less severe tests have failed to reveal. On his way to Europe it is probable Admiral Barker, commanding the squadron, will meet the British North Atlantic fleet, which is to be sent racing across the ocean in a similar test of speed and endurance.

JEROME WINS VICTORY.

Energetic New York District Attorney Defeats Gamblers.

New York, April 15.—District Attorney Jerome has won a victory over the gamblers, and his anti-gambling bill, which he pushed with great energy, has been passed by the state legislature. It was slightly changed before it was passed, but Mr. Jerome is confident that it will enable him to carry out with success his plan of prosecuting the gaming house keepers of this city, and to make it so hot and unpleasant for them, that they will seek other fields for their nefarious business.

It is maintained that under the provisions of that new law Reggie Vanderbilt can be compelled to testify against Richard Canfield, who has hitherto escaped the law, because it was impossible to compel his victims to testify against him. The gamblers' ring made desperate efforts to prevent the passage of the bill, and it is stated on good authority, that over \$100,000 were used to urge certain approachable members of the legislature into opposing the measure.

It is scarcely probable that the agent of the gambling ring brought any part of the \$100,000 dollars back when he returned from Troy to New York, but the investment proved unprofitable.

May Come to Salem.

Albany, Or., April 15.—A girl giving her name as Frances Fresh, who has given the officers some trouble for the past two weeks, was yesterday afternoon placed in custody, as she was supposed to have taken some things from her place of employment, and, as the family did not care to prosecute her, she was ordered to leave the city. She leaves this morning, probably for Salem or Portland. The girl, it is said, made herself a nuisance about the Southern Pacific depot some two weeks ago, and later was once or twice ordered off the streets.

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period—how to avoid pain and suffering and remove the cause by using Lydia E. Pinkham's Vegetable Compound.

"To YOUNG WOMEN:—I suffered for six years with dysmenorrhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds.

"If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment, and was cured a month later. I am like another person since. I am in perfect health, my eyes are brighter, I have added 15 pounds to my weight, my color is good, and I feel light and happy."—Miss Agnes Miller, 25 Potomac Ave., Chicago, Ill.

The monthly sickness reflects the condition of a woman's health. Anything unusual at that time should have prompt and proper attention. Fifty thousand letters from women prove that Lydia E. Pinkham's Vegetable Compound regulates menstruation and makes those periods painless.

READ WHAT MISS LINDBECK SAYS:

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound has greatly benefited me. I will tell you how I suffered. My trouble was painful menstruation, that was as each month went by that I was getting worse. I had severe bearing-down pains in my back and abdomen.

"A friend advised me to try Mrs. Pinkham's medicine. I did so and am now free from all pain during my periods."—JESSIE C. LINDBECK, 1201 6th Street, Rockford, Ill.

FREE ADVICE TO WOMEN.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it. Her advice has restored to health more than one hundred thousand women. Why don't you try it, my sick sisters?

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

You don't have to hire a Cab

The La Salle Street Station in Chicago, which is used by the trains of the Rock Island System, is located in the very heart of the city, less than a block from the Board of Trade; less than two blocks from the Post Office; within easy walking distance of the principal hotels, theatres and stores.

You don't have to hire a cab to reach them. The "union loop" is right in front of the station. Pay 5 cents, get aboard the elevated, and you are whisked to any part of town you wish to reach.

Let me give you other reasons why you should use the Rock Island System. There are lots of them.
