The Property Called Health

runs down or improves, just depends on how it is cared for. It is the most valuable property we have, and should receive the most consideration. It helps you in business, helps good looks, helps make friends, helps get situations and helps you hold them, and always makes happiness. Property like this, at the first indication of being out of repair, should be looked after and a remedy applied at once. There are any number of signs that show repairs are needed. Bilious spells, indigestion, dyspepsia, belching, dizziness, sick headache, sallow complexion, pimples and liver spots on the face, a drowsy feeling after meals, sour stomach, etc. These symptoms all show loss of health. Druggists will sell you for 25c a box of Dr. Gunn's Improved Liver Pills, a sure cure for all of these diseases.

Portland and Return Only \$2.20.

The Southern Pacific is now selling round trip tickets to Portland from Salem for \$2.20, good going Saturday p. m., or any train of Sunday, returning Sunday and Monday, giving all day Sunday and Monday in Portland. The same arrangement applies from Portland, giving all Portland people a chance to visit valley points at greatly reduced rates.

At George Bros.

You can get a meal at any time of the day or night. When you are in a hurry for a meal just try them. You will find them at 106 State street.

SATISFIED WITH OREGON

Two Prosperous Salem Business Men Discuss Conditions

That Salem offers opportunities in the business field far superior to many other places and excelled by none is demonstrated in the rapid increase of two popular business firms on Commercial street. About a year ago A. Scott came to this city from Oklahoma and engaged in the second hand and furniture business. His stock at first was not large, but he has made rapid strides and today carries a general line of house furnishing goods, both new and second hand.

Mr. Scott said to a Journal representative last evening: "I like Oregon and the people in the state. Salem is a good business town and I cannot complain. The climate is far superior in the Willamette valley to that of Oklahoma, and we are not subject to the excessive heat of summer and freezing cold of the winter, when the thermometer ranges from 112 in the shade to 20 below zero. No, sir, no more East for me. I am satisfied and know when to let well enough alone."

Another Oklahoma man who is well pleased with Oregon and the business in this city is J. A. Patterson, just two doors from Mr. Scott's. They were friends and neighbors in Oklahoma, coming west together. Mr. Patterson said, "Oregon is away ahead of any Eastern country. The climate is perfect and as for the business, well, I have all that I can take care of with my present help. I am sending out a nice assortment of goods every day and my floor is taxed. Oklahoma is a fairly good country, but does not compare with the valley. It is a prairie country, with occasionally a strip of black pine, only fit for wood. Oregon's climate is superb and money seems to be plenty."

SO DIFFERENT.

Lots of Claims Like This But so Different—Local Proof is What Salem People Want.

There are a great many of them. Every paper has its share. Statements hard to believe, harder to prove.

Statements from far-away places. What people say in Florida. Public expression from California. Ofttimes good endorsement there. But of little service here at home. Salem people want local proof. The sayings of neighbors, friends and citizens.

Home endorsement counts: It disarms the skeptic beyond dispute.

This is the backing that stands behind every box of Doan's Kidney Pills. Here is a case of it:

James A. Tanner, farmer, corner Thirteenth and Lewis sts., says: "So many suffer from kidney complaint that for a time I was alarmed about myself for I was troubled with my back aching in the region of my kidneys. I think it was caused first by a strain from heavy lifting I did two years ago. I kept getting worse instead of better and finally consulted a doctor. He told me I had gall stone in the bladder, but trouble with kidney secretions existed their too frequent action disturbed my rest from fifteen to twenty times a night. This was very annoying and I was in a bad way when I read of Doan's Kidney Pills and procured a box at Dr. Stone's drug store. To say I was surprised at the speedy effect of their use is putting it mildly. I have recommended Doan's Kidney Pills to others and will always have a good word for them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no substitute.

Is Fond of Eggs.

A good story is told on an official of one of the little cities in Marion county, and it is vouched for by several. Easter Sunday the question of eggs was being discussed, and the watchdog of the city's peace vouched that he always was fond of eggs, and knew that he could eat four dozen. A wager was made, and he proceeded to devour the stated amount of hen fruit in the short period of 20 minutes. The services of a physician were not needed, and he is apparently well and happy.

CASTORIA.

The Kind You Have Always Bought

Castoria

THE GUARDIAN OF OUR BODY.

The foremost biologist of our day, M. Metchnikoff, has shown the world of science that there are leucocytes in our blood that act as scavengers or policemen. These policemen which are called phagocytes look out for the noxious or poisonous elements in our blood. Various offending elements are picked out of the blood and tissues by these policemen and destroyed. Therefore our lives are protected by these blood-cell-policemen, the phagocytes, and we enjoy immunity from disease so long as our blood contains plenty of phagocytes and red blood corpuscles.

"A new broom sweeps clean"—and in order to put our own house in order we must get rid of all the poisons in the blood with a new broom such as an alternative extract made from roots and herbs—without the use of alcohol, as Dr. Pierce's Golden Medical Discovery, a specific for making rich red blood—for eradicating the poisons from the blood. In some way the policemen in the blood are increased in number and strength—so that we are put in the best possible shape to resist disease—to cure neuralgia, colds, catarrh, and incipient consumption.

"The more study and time is given to the subject the more we find that the blood is the center of life"—says Dr. K. V. Pierce, the noted specialist of Buffalo, "the health and comfort of the average person depends entirely on this blood supply—for the heart must have pure blood or it will not pump and keep the body supplied regularly like the beautiful automatic engine it is. The nerves must be fed on pure blood—or we suffer the pain of neuralgia, which is the cry of the starved nerves for food. Headaches, cold in the head, catarrh—and many other things are due to stagnation of the blood."

Dr. Pierce's Pleasant Pellets are a mild laxative. No other medicine equals them for gentleness and thoroughness.
