

# You Can Go Right Over Colorado's Mountains

If you choose the Burlington for your trip to the East—and the scenery doesn't cost a penny extra, you know.  
At Denver you can take one of the Burlington flyers for Omaha, Chicago, Kansas City or St. Louis. You will enjoy this part of the trip, too.  
The trains leaving Denver in the afternoon take you to Chicago and St. Louis with only one night spent on the road. The evening trains land you at your destination the second morning after leaving Denver.  
Good service on all trains in sleeping car, chair car and dining car. All your questions about the trip will be answered promptly and accurately if you will write me.

## HOPMEN FEEL ELATED

### Krebs Bros. Sold One Large Lot at Good Figures

#### Reported That Yards Have Suffered Some Injury From the Continued Cold Weather

Krebs Bros., hop dealers and growers, of this city, yesterday sold to Eastern parties 100 bales of medium prime hops at 25 1/2 cents. They still have 634 bales of primes, but will not sell for some time, as they expect the market to open up stronger in a few weeks.

The hop center of Oregon is in Salem, and the buyers and growers feel jubilant over the prospects of a high price this summer. Every dealer expresses himself as confident that the brewers are up against it, and will be compelled to come and see them very early in the season. One large dealer said:

"The entire foreign crop is exhausted, and very little remains of the American growth. Oregon dealers and growers have 2907 bales on hand, besides a few bales of 'olds' and 'old olds,' but the latter cut very little figure in the market. Salem dealers hold about three-fifths of the stock, and do not care to sell until the market gets right. The outlook for the crop this year will have some effect on the market, and our reports lead us to believe that a great many of the yards that bore large crops last year have been weakened and have suffered from the long cold rainy weather. One yard on upland that we examined shows many hills dead, and many more in a very punny condition. If this prevails throughout the North Coast yards, where the rain has been heavy, the crop this year will be shortened, and that will add another figure to the price. New yards that did not get a good start last year are also in the same condition, and will not yield much, according to the present outlook."

Other dealers were feeling about the same, and looked forward to an advance in the prices before July 1st. Krebs Bros. have their big Polk county yard of 420 acres in good shape, and report the grounds in good condition. They also have 224 acres in Marion county. It is understood that they refused better than 25 1/2 cents for a lot of primes yesterday. With a big price and fair crop Marion county will see prosperous times this fall, as the hops bring in a large amount of money for distribution. The hop money reaches people of all classes, and is a great help to many people of small means who take their vacation in the hop yards at picking time, and still earn money for their winter supplies.

The crown of womanhood is motherhood. But uneasy lies the head that wears the crown or anticipates this coronation, when there is a lack of womanly strength to bear the burdens of maternal dignity and duty. The reason why so many women sink under the strain of motherhood is because they are unprepared.

"I unhesitatingly advise expectant mothers to use Dr. Pierce's Favorite Prescription," writes Mrs. J. W. G. Stephens, of Mill, Northumberland Co., Va. The reason for this advice is that Dr. Pierce's Favorite Prescription is the best preparative for the maternal function. No matter how healthy a woman may be, she cannot use "Favorite Prescription" as a preparative for maternity without gain of health and comfort. But it is the women who are not strong who best appreciate the great benefits received from the use of "Favorite Prescription." For one thing its use makes the baby's advent practically painless. It has in many cases reduced days of suffering to a few brief hours. It has changed the period of anxiety and struggle into a time of ease and comfort.
