

ARE YOU AGEING?

Dr. Holmes used to say he was "seventy years young." Some men are old at half that figure.

Age is not in years. It is in the blood. Scott's Emulsion helps to keep you young by keeping your blood young; by supplying it with an abundance of rich, pure, vital nourishment; carrying constant life and renewal to every fibre of your body. It will help you to rob advancing years of half their sting.

For Kidneys, Bladder and Rheumatism

New Discovery by Which All Can Now Easily Cure Themselves at Home—Does Away With Surgical Operations—Positively Cures Bright's Disease and Worst Cases of Rheumatism—Thousands Already Cured—Note Endorsers.

Special Treatment and 64-Page Book Free.

At last there is a scientific way to cure yourself of any kidney, bladder or rheumatic disease in a very short time in your own home and without the expense of doctors, druggists or surgeons. The credit belongs to Dr. Edwin Turnock, a noted French-American physician and scientist who has made a life-long study of these

None can say they are incurable unless they have tried my discovery. The cost is free.

These diseases are now in sole possession of certain ingredients which have long been needed and without which cures were impossible. The doctor seems justified in his strong statements as the treatment has been thoroughly investigated besides being used in hospitals, sanitariums, etc., and has been found to be all that is claimed for it. It contains nothing harmful but nevertheless the highest authorities say it will positively cure Bright's disease, diabetes, dropsy, gravel, weak back, stone in bladder, bloated bladder, frequent desire to urinate, albumenuria, sugar in the urine, pains in the back, legs, sides and over the kidneys, swelling of the feet and ankles, retention of urine, sweating, getting up nights, pain in the bladder, wetting the bed and such rheumatic affections as chronic muscular or inflammatory rheumatism, neuralgia, rheumatic neuralgia, lumbago, gout, etc., which are now known to be due entirely to uric acid poison in the kidneys—in short, every form of kidney, bladder or urinary trouble man, woman or child.

That the ingredients will do all that is the opinion of such authorities as Dr. Wilks of Guy's Hospital, London; the editors of the United States Dispensary and the American Pharmacopoeia, both official works; Dr. H. Wood, member of the National Academy of Science and a long list of others who speak of it in the highest terms. But all this and more is explained in a 64-page illustrated book which sets forth the doctor's original plans and goes deeply into the subject of kidney, bladder and rheumatic diseases. He wants you to have this book as well as a trial treatment of the discovery, and you can get them entirely free, without stamps or money, by addressing the Turnock Medical Co., 593 Turnock Building, Chicago, Ill., and as thousands have already been cured there is every reason to believe it will cure you if only you will be thoughtful enough to send a free trial and a book. Write for the first spare moment you have and you will be cured.

It would seem that any reader so affected should write the company at once since no money is involved and the endorsements are from such high trustworthy source.

OREGON WILL GO REPUBLICAN

Result of the State Election a Foregone Conclusion--Republicans Promise an Outburst Soon--Democrats Admit Defeat in Advance

(Portland Oregonian.) The political campaign thus far has been as quiet as Sunday in the woods. None of the four parties with tickets in the field has yet manned its guns or even chartered a voice to emit oratory. Success of the Republican cause is so certain that Democrats see nothing to fight for save local offices, as, for example, sheriff or district attorney in Multnomah.

But leaders of the Republican forces promise to whoop things up right soon. They say that the campaign opened so quietly will soon develop into a loud outburst. F. C. Baker, chairman of the Republican state committee, and W. L. Boise, chairman of the Republican county committee, announce that they will give the enemy no rest.

"Oregon will fire the first Roosevelt gun," quoth Mr. Baker yesterday, "and the report will be heard all over the United States."

The contest in this county will be tamer than any in the political annals. In the stat at large, the Republican arms will win an easy victory at pluralities ranging between 15,000 and 20,000 votes. This outcome is so manifest that Democrats do not deny it, and they can dispute with Republicans only about the size of the Republican plurality.

In three or four judicial districts Republicans may lose a circuit judge, or a district attorney, and in several legislative districts Democratic candidates for seats in the legislature may be successful. Judge J. W. Hamilton, of Roseburg, who has been renominated for re-election to the circuit bench in the Second judicial district, is probably as strong a Democratic candidate for office as any in the state. Judge R. P. Boise, of Salem, renominated by the Democrats in the Third district, is counted by Republicans as a formidable candidate; also Judge W. L. Bradshaw, of The Dalles, in the seventh district, and Judge M. D. Clifford, of Canyon City, in the Ninth.

Democratic nominees for prosecuting attorney who are expected to make strong runs are: A. E. Reams, of Jacksonville, in the First district; James H. Raley, of Pendleton, in the Sixth, and Sam White, of Baker City in the Eighth.

At the two sessions of the present legislature Democrats occupied five seats of the 30 in the Senate and 11 of the 60 in the House. In all the other places sat Republicans. From present indications this small guard of Democrats will be reduced even more in the next legislature. The only Democratic nominee for Senator whom Republicans regard as dangerous to their own is A. S. Bennett, of Wasco, who has been put up against N. Wheelon. But Republicans of Wasco county declare that Wheelon will be elected easily.

When optimistic Democrats search the state for counties which may elect men of their faith to the House of Representatives, their eye fixes itself first on Jackson and Linn counties. Jackson's two Representatives in the present legislature are Democrats, also two of Linn's three. The Democratic eye gazes next into eastern Oregon, where it rests longingly and dubiously on Union and Baker, each of which elected a Democratic Representative two years ago. But before

leaving western Oregon the eye tariffs at Yamhill, which sent one Democrat to the house last time and one Republican.

All the Republican nominees for state offices will be elected. Frank A. Moore, Republican candidate for supreme judge, will lead the ticket. Thomas O'Day, nominated by the Democrats against Moore sees only blackness ahead, and would like to pull out, but will probably be induced to stay in by his compatriots. J. W. Bailey, Republican nominee for Dairy and Food commissioner, will be elected by a big plurality over his Democratic rival, S. M. Douglas. Presidential electors will not be elected until next November.

Republicans will place the management of their campaign in the hands of an executive committee of 15 members. The personnel of the committee will be announced in a few days. W. L. Boise, chairman of the county committee, will be ex-officio chairman. Of the 14 other members, ten will each represent one of the ten wards in the city and four will represent the country.

Mr. Boise and five members of the county committee delegated for the duty will select 14 men. Eligibles are now under consideration.

After the appointment of the executive committee, Republicans will open the campaign with a flourish and will continue the fight with vigor until the election. Each ward member of the executive committee will command the Republican forces of his ward and will direct a system that will reach every voter in his precincts.

"We will make things lively for the Democrats," said Mr. Boise. "Within a week we shall have our organization ready and then we shall fall into the Democrats at once. It will be a straight contest between Republicans and Democrats this year, and we shall conduct the fight on party issues. Lines between the two parties will be clearly defined, and Republican victory will be the more decisive on that account. We desire to run up a large Republican majority in this county, so as to demonstrate in the strongest possible manner Roosevelt's popularity.

"In about a week we shall open the campaign with a big mass meeting of the entire city. Then we shall hold frequent rallies in the several wards. Brass bands will stir up the enthusiasm, and good speakers will employ Republican doctrine to rally voters under the Republican and Roosevelt banner."

Mr. Boise doesn't believe that Democrats can elect a single nominee on their ticket in this county.

Indian Murderer Captured.

Sheridan, Or., April 27.—Louis Savage, charged with the murder of Foster Machino, was captured late last night by deputy sheriffs on the Wallin place, 1 1/2 miles from the scene of the murder. Savage readily gave up to the officers, saying it was no use to resist. He was taken to McMinnville and lodged in the county jail by Sheriff Sitton.

The coroner's jury returned a verdict Saturday night that Foster Machino met his death from pistol shots fired by Louis Savage.

The accused Indian will have his preliminary hearing before Justice Coleman at Sheridan on next Saturday, as the warrant for his arrest was issued out of that court.

No revolver was found on Savage, nor is the weapon in evidence as yet. Savage refused absolutely to talk about the case, and will today procure an attorney. He has the reputation of being a bad Indian, especially when drinking, which can be said of any Indian, however. He is reported to have served a term in the penitentiary for robbery.

In Memory of Grant.

Pittsburg, April 27.—In accordance with a custom extending over several years the American Club, of Pittsburg, will give a banquet tonight in observance of the birthday anniversary of Gen. U. S. Grant. Congressman John Dalzell will act as toastmaster, and the chief speaker of the evening will be Secretary Taft. Other speakers will be Congressman C. H. Grosvenor, of Ohio, and Judge J. Frank Fort, of the supreme court of New Jersey.

SELLS MINE AND NEWSPAPER

Balliet Disposes of His Interests in Baker County

Baker City, April 27.—Two important documents were filed in the recorder's office at the court house yesterday.

One is a deed and the other a bill of sale, and what the real meaning of the papers is, is a matter of conjecture. C. H. Stuller, now general manager of the White Swan mines, limited, is the party who made the filings.

The first paper is a deed from Letson Balliet, of San Francisco, to the White Swan Mines company, and gears the date of June 10, 1901.

For the sum and consideration of \$10, he conveys to the above named company the White Swan No. 1, Red Ledge, Rattler and Black Bear quartz mining claims, located in Baker county, Oregon, stating in the conveyance that he transfers all that he owns in said property individually and as trustee for said company.

The next document is one that is liable to set people guessing on account of several transactions which have taken place recently.

This paper is a bill of sale and is dated March 29, 1904, and is acknowledged before Geo. F. Knox, a notary public of San Francisco.

In it Letson Balliet, individually and as trustee, for the consideration of \$1,000, sells to the White Swan Mines company, limited, a private corporation of San Francisco, California: "All the right, title and interest in and to two large printing presses, several job presses, all type, cuts, type metal, imposing stones, racks, type cases, etc.; two Smith premier typewriters, No. 2; one steam engine; one roll top desk; one gas engine; two stoves; six chairs; two tables; all furniture and fixtures and supplies now in the office of the Herald, belonging to the White Swan Mines company, limited, situated in Baker City, Oregon. Also all account books and the amounts due thereon to the Herald or to the so-called Herald Publishing company, or to Letson Balliet as agent, trustee or otherwise.

"Also all the subscription lists and will of the paper known as The Evening Herald, and also any equity I may have in the two typotype machines now in the Herald office at Baker City, Oregon. Also all rights of action at law or in equity that I may have against any one claiming adverse ownership of the Herald, and the Herald plant and equipment.

It has been noticed for the past week or 10 days that the names of Hill, Livermore and Moore have not appeared on the title page of the Herald, and it is presumed by many that the sheet is still an asset of the White Swan Mines company.

Archbishop Williams is 82.

Boston, Mass., April 27.—There were many congratulations today for Archbishop John J. Williams on the occasion of his 82d birthday. The venerable prelate remains in possession of all his faculties, and takes as keen an interest as ever he did in public affairs and in the church. His great age and bodily infirmities, however, make it imperative that assistance be given him in looking after the affairs of the archdiocese, and to this end steps have been taken for the appointment of a coadjutor. The name

of Bishop Harkins, of Providence, is most prominently mentioned in connection with the appointment.

Hon. L. T. Harris, of Eugene, and Miss Jennie B. Beattie, of Oregon City, will be married at the latter place tomorrow.

A New England Dinner. The ladies of the First Methodist church will give a New England dinner in the church parlors Wednesday afternoon, April 27th, from 5:30 to 7:30 o'clock. 42342
