

Miss Nellie Holmes, treasurer of the Young Woman's Temperance Association of Buffalo, N.Y., strongly advises all suffering women to rely, as she did, upon Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Your medicine is indeed an ideal woman's medicine, and by far the best I know to restore lost health and strength. I suffered misery for several years, being troubled with menorrhagia. My back ached, I had bearing-down pains and frequent headaches. I would often wake from restless sleep, and in such pain that I suffered for hours before I could go to sleep again. I dreaded the long nights as much as the weary days. I consulted two different physicians, hoping to get relief, but finding that their medicine did not seem to cure me. I tried your Vegetable Compound on the recommendation of a friend from the East who was visiting me.

"I am glad that I followed her advice, for every ache and pain is gone, and not only this, but my general health is much improved. I have a fine appetite and have gained in flesh. My earnest advice to suffering women is to put aside all other medicines and to take Lydia E. Pinkham's Vegetable Compound."—MISS NELLIE HOLMES, 540 No. Division St., Buffalo, N.Y.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

HUSBAND TALKED POLITICS

His Wife Now Sues Him for Divorce and Files an Unusual Complaint

Mrs. Betsy Smith, a Missouri woman has sued her husband for a divorce and the complaint is not on the usual dry as dust, hum drum paper filed in such cases, but presents the cause for divorce in language both pointed and argumentative. A portion of the interesting document is as follows:

"That for several years prior to this date defendant became a frequenter of saloons and spent his time in loafing, discussing politics, whittling dry-goods boxes and saving the government of the United States from ruin; that the only necessities of life that he was willing to provide for plaintiff was 'water' and this martial duty he performed grudgingly, his whole time being occupied in preparing for a conflict with the red dragon, the octopus and other monsters that were breathing destruction and devastating the helpless millions of American serfs, and so engrossed was defendant in saving the running gear of this government and advocating a dollar that would be good in Europe that he took no time to indulge in the vulgar pursuits of rustling provender for the family larder.

"That this work was left solely to plaintiff, and that she kept the gaunt and hungry wolf from the door only by running her sewing machine from dawn's early light till the king of day had retired to his night's repose in the western horizon; that plaintiff has nothing for all these 30 years' work to keep her from want; even her sewing machine is in the possession of this great financial general, who is so apt in his dissertations on finance, per 'capiter' and the maintenance of the flag in the Philippines; that this plaintiff is no richer than she was 30 years ago, when she was led to the altar by the defendant—except in experience—and, though she is broken in health, plaintiff is willing to take the above asset for her sole alimony, feeling that it will be easier to support herself than to provide longer for defendant.

"That plaintiff feels that she ought to have her sewing machine as a reminder of the work that it has performed in the past and as a memento that she was once united in marriage to the defendant herein."

For Weak, Languid People.
Weak, sickly people often remarked "If I could only get something that would nourish me and give me strength," they do not know why, but the food they eat is of no benefit to them. They gain no flesh and feel no stronger. The fact is the stomach is too weak to perform its work. And the little appetite they once had is soon gone. The blood becomes more thin and watery, bringing on faint sick spells with loss of memory and ambition. There is a remedy for all this that acts in the right way. It is called Dr. Gunn's Blood and Nerve Tonic, and is sold by all druggists for 75c per box, or 3 boxes for \$2.00. It turns the food you eat into rich, red blood, making flesh and strength, creating an appetite because the system demands sustenance.

PONY SHOW AT SALEM

All the Animals Did Not Get Away in the Wreck

The value of a good name as a trade mark in winning the confidence and esteem of large numbers of people was never better exemplified than in the case of the Norris & Rowe's big shows. Each season this really marvelous enterprise comes to us again, and again we commend the honest policy which gives more than is promised. The Norris & Rowe's big shows will exhibit here Wednesday, May 18, and when it does it will be known as the Norris & Rowe's Greater Shows, for it is now a great big circus, exhibiting under its snowy clouds of canvas on two rings and an elevated stage and hippodrome tracks over one hundred varied acts, including the five marvelous Belfords, world's greatest acrobats, four flying La Vans, sensational aerial gymnasts, Melnotte, La Nole & Melnotte, European high wire artists, the Gardner family of six, who perform upon the high horizontal bars, the six Grohs, graceful equilibrists, the three McDonald Bros., startling trick cyclists, the royal Oka Japanese troupe of eight and many, many more sensational features of this kind.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.
When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."
There was.
Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.
Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.
Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.
Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
