## RUSSIA CULTIVATES GERMANY

### German Emperor Impressed With Importance of Yellow Peril

### China Shows Inclinations of Leaning Toward Japan and the Powers May Be Called Upon to Intercede to Prevent Her Taking Sides

Berlin, May 13.—Since the return from the Mediterranean trip the Kaiser has been visited daily by the Russian ambassador, causing much comment in diplomatic circles, that suggest negotiations of a most important character were being exchanged between Berlin and St. Petersburg. The Kaiser is strongly impressed with the reality of the "yellow peril."

**China Leaning to Japan.**  
Birmingham, May 13.—The Post reports that the British foreign office has received a long dispatch from the British minister, Satow, at Peking, concerning China's attitude, in which he states that there is open satisfaction expressed by Chinese Imperial authorities over Japanese successes. This Satow regards as the chief danger of the situation. China, he is reported to have said, can only be kept neutral by the joint effort of the European ambassadors. He suggests that Great Britain approach the other powers to this end.

**Russian War Loan.**  
St. Petersburg, May 13.—An ukase today authorizes the issue of a 5 per cent foreign loan of \$160,000,000, redeemable in 1909. The principal is exempt from taxation. The loan was effected by Paris banks.

**Nuns Join Red Cross.**  
Rome, May 13.—The Vatican has consented to the proposal of Russian Catholics to send 700 nuns to the seat of war to act as nurses. They will be composed mostly of those expelled from France.

**First Jap Vessel Lost.**  
London, May 13.—Reuters' Tokio cable says a Japanese torpedo boat, No. 48, was destroyed, while removing mines at Kerr bay, north of Talien Wan. Seven were killed and seven injured. It is the first vessel Japan has lost.

**Japanese Making Secure.**  
St. Petersburg, May 13, 3:30 a. m.—Further progress of the Japanese in southern Manchuria is reported in the following dispatch given out last night:  
"The position of the division which following the direct road to Hailu has not been disclosed, and

caution is also apparent in the operations on the peninsula of Liao Tung, where 20,000 Japanese are seeking to render themselves secure in the western section of the peninsula and in the vicinity of and below Pitsewo before inaugurating the operations which have been planned."

Nothing has been given out regarding the raid of Cossacks at Anju. There is no such general in the Far East as Mandariff, of whose force the raiding Cossacks were said to form a part.

**Investing Port Arthur.**  
Shan Hai Kwan, May 13.—According to reports brought here by Chinese runners, the investment of Port Arthur, from the land side, is well under way. The entire second army, under General Oku, is taking a position across the peninsula, and is bringing heavy siege guns into position to shell the defenses of the town.

While it is thought that the Russians will make a stubborn resistance, the Japanese are declared to be confident of their ability to reduce the town.

General Kuroki's forces, who are operating from Feng Wang Cheng, are about ready to move against Liao Yang. A detachment, which is said to be numerically strong, and to be equipped with plenty of artillery, is now marching on Saimathi, with the object of outflanking Kuroki's forces, who are holding Liao Yang.

**DARK HORSE IN RACE.**  
Santa Fe Setting the Strikers a New Pace.

Los Angeles, May 13.—The Methodist conference is killing time, while reports on important questions are being settled in standing committees. Rev. Wm. Quayle, of Kansas, is a dark horse in the race for the episcopacy. He arrived this morning. Bishop D. A. Goolsell presided today.

Lisbon, May 13.—Fernando Oliveira, the celebrated bullfighter, was gored to death Thursday, while giving an exhibition. His horse stumbled, throwing Oliveira directly in

front of the charging bull, which trampled on his head, and tossed his body high in the air. The toreador was horribly mangled. A panic in the audience followed, and a number were seriously hurt in the rush for exits.

## OFFICER ARRESTED IN FRENCH ARMY

### Bawled Out in the Press at Not Being Allowed to Go on a Bloody Picnic

London, May 13.—The Central News of Paris wires that the acceptance of the resignation of Colonel Marchand, of Fashoda fame, has been announced. It is understood Marchand was dis-

appointed in not being sent with the French officers assigned to follow the Russian army. His complaint to the newspapers brought discipline in the shape of a 30-day arrest.

The suicide said before making the plunge that he was financially involved to the extent of \$165,000, due to dealing in cotton. "I went up against it hard," he said, "and bad luck has broken my nerve."

## ILLINOIS REPUBLICANS NOMINATE

### Convention Was Threatened With Adjournment by Speaker Cannon

### Instructions for Roosevelt and a Power- ful Delegation to the National Convention

Springfield, Ill., May 13.—The great- est fight in the history of Republican gubernatorial campaigns began this morning, when the second day's session of the state convention opened. All combinations of candidates were broken. For 30 minutes no business was transacted on account of the deafening uproar, which Cannon threatened to end by adjournment of the convention. The credentials committee report, with Governor Yates in control, was adopted. Cannon, as permanent chairman, received a great ovation. Senators Cullom and Hopkins, Speaker Cannon and Governor Yates were chosen delegates-at-large to the national convention. The resolutions committee reported a platform which instructs for Roosevelt and recommends the name of Hitt for the vice-presidency. Adopted. The convention, to clear the decks, resolved to hear no nominating speeches, and the roll-call by districts began.

Rising Sun, May 13.—The Gillespie trial was fairly begun this morning with the opening statements of counsel. On hearing the report, and finding her daughter on the floor of the parlor dying, she saw no one about. No family troubles were revealed.

**Our 15th Friday Economic Sale**

Our special bargain-giving events are attracting such wide attention and becoming so popular that they are being imitated, which is a grand indorsement of our successful plan. The difference between a legitimate bargain and the imitation is as radical as the difference between light and darkness, as vice and virtue. The one is a commercial benefaction, a blessing to mankind; the other is the bane of commercial and sociological conditions. A bargain is when you pay a dollar for an article and get its equivalent in merchandise. These are for FRIDAY ONLY:
