

# Nervous Women

The relation of the nerves and generative organs in women is so close that nine-tenths of the Nervous Prostration, Nervous Debility, the Blues, Sleeplessness and Nervous Irritability arises from some derangement of the organism which makes her a woman. Fits of Depression or Restlessness and Irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the ovaries and between the shoulders. Loss of voice, nervous dyspepsia. A tendency to cry at the least provocation. All this points to Nervous Prostration. Although you may not know it, in nine cases out of ten this is caused by some uterine disorder, and the nerves centering in and about the organs which make you a woman influence your entire system. Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as

## Lydia E. Pinkham's Vegetable Compound.

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can as easily be cured as the two women whose genuine letters follow, and thousands of others.

"DEAR MRS. PINKHAM:—Words cannot tell what I suffered before taking your medicine. I am 23 years old and the mother of four children, the last two being only 16 months apart. I was all run down, had fainting spells, palpitation of the heart, and was so bad with womb trouble that I could not be on my feet but a short time before I would have to lie down. Also was troubled with leucorrhoea, I was nervous and could not sleep, and at times wished I could die.

"A friend insisted on my giving your medicine a fair trial, which I did. I began to feel better before the first bottle was half gone, and after using five bottles of Lydia E. Pinkham's Vegetable Compound and three packages of Sanative Wash, I was a different woman. I owe my good health to-day to you, and I will never suffer again while you make such good medicine. I will always speak a good word for your remedies. My little girl was troubled with her kidneys, and one bottle of your Vegetable Compound has entirely cured her."—Mrs. KRISTEN B. PETERSON, Jenison, Mich.

"DEAR MRS. PINKHAM:—I want to thank you for the good your medicine has done me. When I wrote you last July I was so weak and nervous that I could not endure the sight of work. I was in a terrible condition, so nervous that it took all my strength of will to keep from convulsions. The doctors did me no good. My heart troubled me, would have spells of skipping beats and would flutter. I had such a feeling of dread and fear about me all the time I was afraid to go anywhere.

"I commenced taking your remedies as you advised me, and in one week I felt better than I had in a whole year before, and the gain was steady. Day by day the bad symptoms disappeared. My appetite returned and I was able to go to bed at night and sleep like a child. In all I took nine bottles of your Vegetable Compound and seven of your Blood Purifier, and would say to all suffering women, do not stop at a few bottles, but keep on. In three months I was able to return home, and have since done the housework for a family of six. It does not seem possible that I am the same person that suffered so a year ago."—Mrs. T. J. FAUCETT, Leslie, Michigan.

### REFORM SCHOOL BOY

Caught in Albany and Returned to the Institution

Albany Herald, May 13: The reform school boys who escaped from that institution last Tuesday evening have been recaptured. The two lads started north, going beyond Chemawa, but turned back, and on arriving at Chemawa a second time some of the Indian boys arrested the lads and placed them in the guard house connected with the school. After the reform school authorities had been notified of the capture of the runaways, it is reported that the Indian boys disagreed over the division of the rewards and some of them went to the guard house, released William Hammett, the older of the two boys, and permitted him to leave. The younger of the two runaways was turned over to the reform school authorities.

Hammett, the lad released at Chemawa, came on up the valley, and early yesterday morning reached this city on his way south, when he was arrested and placed in jail, awaiting the arrival of an officer to take him back. Superintendent N. H. Looney came up yesterday noon and took the lad back to school on the afternoon train.

May 17, 18, 19, those are the dates.

### IOWA MAN LEADS

Blythe Will Manage Campaign in the West

Washington, May 13.—At the present writing it is probable that the management of the Republican campaign will be placed in the hands of Cornelius N. Bliss, of New York, as chairman. While Bliss will be in control of the Eastern headquarters, the actual control will be under J. W. Blythe, attorney of the Burlington railroad, with headquarters in Chicago.

Just how long this combination will be allowed to stand is hard to predict. Nobody can truthfully say that this comes direct from the President, but it does come from men who have talked with the President, and who hope such arrangements will be made.

Blythe is one of the most popular men in Iowa, and he is really at the head of the Republican organization of that state, and has extensive acquaintance everywhere. His selection to manage the western end of the campaign would be eminently satisfactory to many of the Eastern men and corporate interests, and his personality is such that Western men would acquiesce in his selection.

It is not the first time his name has been mentioned in connection with the management of a campaign, and there have been so many suggestions, and so many men have been rejected that it would not be at all surprising if the combination of Bliss and Blythe should be adopted. But like many other things in politics it is extremely uncertain.

**If You Have Dyspepsia, Read This.**

The old way of taking pepsin, bismuth, etc., to cure dyspepsia is all wrong. They may be put up in tablets or liquid, the result is just the same. The object is to create artificial digestion, but this does not make a cure. Stop taking the pepsin, etc., and you have your dyspepsia or indigestion back again. People use cocaine or opium for nervous troubles and sick-headache. It does not cure, stop taking the drugs and the pain and distress return. The only common sense method is to drive out of the system the cause of dyspepsia and sick headache by cleansing the stomach and bowels, at the same time using a medicine that will act on the liver. This forces through the glands of the stomach the digestive fluid that nature intended. In this way you cure dyspepsia. The medicine that cures dyspepsia by this method is called Dr. Gunn's Improved Liver Pills. Druggists sell these pills at 25c per box. It only takes one of these pills for a dose.

### ROSEBUD INDIAN LANDS

To Be Disposed of by the Government on the Oklahoma Lottery Plan

The proclamation covers 418,000 acres. The price of land sales will go by lot. Applicants are registering their names with government officials appointed to conduct the drawings. The price asked by the government is \$3 per acre. It is expected that 50,000 people will register. Similar lands in Northwest Iowa are now quoted at \$80 per acre.

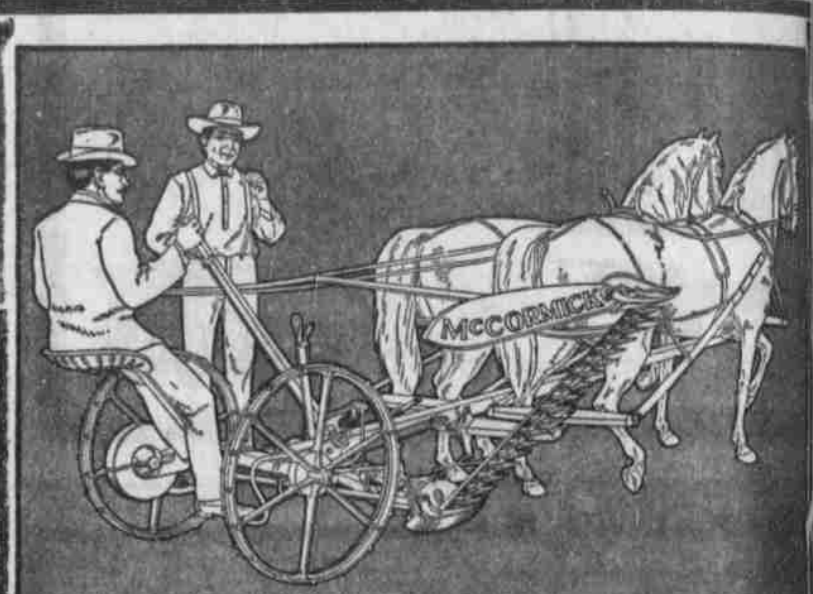

### WASTED GOOD WINE

New Salem Steamer Floated and Draws Only Nine

At 8:15 o'clock this morning the new steamer, built at Independence by Captain Skinner, was launched. A committee of C. S. Hamilton, J. L. Stockton and J. G. Graham, of the Salem Commercial Club; C. M. Lockwood, B. P. Taylor and other Salemites, were present, and report the whole affair a success. Miss Cooper, daughter of Hon. J. C. Cooper, broke the bottle of champagne over her bow and proclaimed to the crowd assembled: "I christen thee Independence." The boat was launched at the old sawmill, and floated up like a bird. It was estimated that she drew less than nine inches of water when empty. The material from which she was made was entirely seasoned, and naturally the hull leaked a little, but that is only what is to be expected from a new craft. Everybody present proclaimed the event a success, and great interest is manifested in her future career. Captain Skinner expects to come to Salem on his first trip next Tuesday, and will have a hearty reception at the hands of interested Salemites.

The majority and minority reports bear no questions of home rule and centralization of management of the association. The majority report is now before the convention for amendment or adoption. A threatened demonstration was quelled by the chair, who called for silent prayer.
