Eugene School Census. Eugene Guard, May 12th: P. J. Mc-Pherson, census enumerator of the Eugene school district, has handed the Guard a statement of the population of Eugene inside the city limits. also that of the school district, which extends beyond the borders of the city. The figures are very interesting. They show that inside the corporate limits of the city there is a population of 5829, which is an increase of 2593 since the 1900 government census was taken. This is a splendid growth for that length of time, and if the present rate of increase keeps up, by the time another government census is taken Eugene will have a population of 10,-000 or more.

Good Spirita.

Good spirits don't all come from Kentucky. Their main source is the liver-and all the fine spirits ever made in the Blue Grass state could not remedy a bad liver or the hundred and one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower-the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists. At Dr. Stone's drug stores.
