

CANDIDATE FOR CIRCUIT JUDGESHIP

Has Remarkably Good Record as Lawmaker and Politician

B. L. Eddy Has Saved the Taxpayers Money and Would Make a Model Man on the Bench

B. L. Eddy, one of the Republican candidates for circuit judge in the third judicial district, has been practicing law in Tillamook county for the past eight years, where he has for some time enjoyed the leading law practice. Before locating at Tillamook he had resided for some years at Portland where he began the practice of law. He is a native of Washington county, Oregon, and has spent his life on the Pacific coast. He is now in his thirty-ninth year, and a hard worker at everything he undertakes. He has always been an enthusiastic Republican and during each campaign for several years he has taken the stump for the ticket. He has been twice elected to the Oregon House of Representatives, and in that

Hon. B. L. Eddy.

body he made a record for hard work and careful attention to important measures affecting the general welfare. He served first in the session of 1901, and took an active part in all important work of the session, being generally recognized as a leader in the house. He was, during that session, chairman of the committee on food and dairy products and zealously assisted in the preparation and passage of the present food and dairy law, which has proven of great benefit to the dairymen of the state, and has been of especial benefit to Tillamook, the banner dairy county. In addition to this work, Mr. Eddy was a member of the committee on judiciary, where he found ample opportunity to make use of his legal training, and he was at once recognized as one of the members of the committee who "did things." Being re-elected to the house in 1902, Mr. Eddy became at the session of 1903 chairman of the committee on judiciary, and again made a record for hard work and careful attention to the business of the committee. His conservatism and energy in this work elicited flattering notices from the press of the state while the legislature was in session. But Mr. Eddy's principal work at the session of 1903, was in the original framing and introduction of what is now known as the "Eddy Corporation Tax Law." In accordance with his usual conservative methods, Mr. Eddy submitted the first draft of this bill to a number of gentlemen who had given the matter some attention and the bill was finally reduced to the form in which Mr. Eddy introduced it into the legislature. It has been pronounced the most popular and successful piece of legislation that Oregon has enacted in many years. Under its operation the corporations of the state are paying into the state treasury over \$100,000 a year to the relief of the farmers and other owners of tangible property. When it is considered that this law saves to every person who pays taxes on real property about one-half a mill each year on his state tax, its popularity is easily understood.

Among other important acts for the

public benefit which Mr. Eddy fathered in the session of 1903 was that now on the statute book providing that the statute of limitations shall not run against the state. This measure is of important public benefit in view of the fact that as the law formerly stood, it was possible for a private citizen to hold possession of state land for ten years and thus acquire title. This actually occurred in the case of a section of school land in Eastern Oregon. Litigation is constantly arising in which the state or a county or a municipal corporation is a party and through some oversight or want of information a public right has not been promptly asserted. As the law formerly stood these public rights could be barred by lapse of time. Now, they cannot.

At home, Mr. Eddy has been twice elected mayor of his town; has been deputy district attorney for the county and is now serving his third term as a member of the school board. He has always taken an active interest in educational matters both at home and as a member of the legislature.

Mr. Eddy's nomination for circuit judge by the late Republican state convention came as a surprise to the politicians. This was not because he was unknown to the republicans of the state, for his selection as chairman of the convention itself attested his standing with the party, but the surprise of the politicians was due to the fact that a man from a small coast county with only five votes out of 62 in the district convention should have been the favored one against candidates from the larger counties with more votes. About the time the convention met it was taken for granted that the large counties would form combinations which would leave out the Tillamook candidate entirely. However, if combinations were attempted they failed, and the nomination came to Mr. Eddy without any trade or combination whatever, and simply because the delegates believed him worthy of the honor.

J. G. Graham for the Legislature.

There are those who think J. G. Graham should be defeated for the legislature because he has not lived all his life in Marion county. He has managed warehouses in this county for the past ten years, although he has resided in Salem but a few years. Few men in the county have had business relations with more farmers than J. G. Graham, and uniformly they are his friends. Three years ago he was the means of bringing a competitive grain market to the city of Salem, and the farmers who had to bring grain here were given the benefit. The grain market of this city had been virtually destroyed, so far as competition was concerned, until Balfour, Guthrie Company opened shop here. For this Mr. Graham should not be crucified. He should be supported by

every loyal citizen of Salem and by the farmers regardless of party.

As a Republican, Graham has done loyal service in the Young Men's Republican club. As a business man he has given his time freely to the Commercial club to promote Salem enterprises.

That he is a trusted employe of a Portland firm is not a crime. He will be able to work for Marion county interests all the more effectively.

H. H. Turner, Republican Nominee for Justice of the Peace for Salem District.

Mr. Turner is one of Salem's bright young lawyers who has made quite a success in the practice of his profession, and has just been honored by the confidence of the Republican party in receiving the nomination for justice of the peace in this important district.

Mr. Turner was born at Fairfield, Iowa in 1876, and came to Oregon in 1895, since which time he has been a permanent resident of Salem. He read law first with Judge B. F. Bonham and later with John H. Scott, our present county judge, and W. W. Holmes. Under instruction of Dean S. T. Richardson he graduated from Willamette University law department in 1900, and was admitted to the bar by the supreme court in the same year. Since being admitted he has shown by his energy and perseverance in the manner in which he has handled cases intrusted to his care that he is a successful practitioner, and when he is elected to the office of justice of the peace for Salem district, will give matters pertaining to that office the same careful consideration that he has shown in his practice.

City Gets More Money.

J. O. Olsen, a recent arrival from the East, contributed \$5 to the city this morning for perambulating the streets and highways last evening while in an unsteady condition of body and mind. He was celebrating his good luck to celebrate in such a desirable climate, and partook too frequently of the cup that cheers.

HOW A BEAUTIFUL WOMAN ESCAPED SPRING CATARRH BY USE OF PE-RU-NA

Nothing Robs One of Strength Like Spring Catarrh-- Spring Fever is Spring Catarrh.

MISS HELEN WHITMAN.

Miss Helen Whitman, 308 1/2 Grand avenue, Milwaukee, Wis., writes: "There is nothing like Peruna for that tired feeling, which gives you no ambition for work or play. After a prolonged illness, about a year ago I felt unable to regain my health, but four bottles of Peruna made a wonderful change and restored me to perfect health. As long as you keep your blood in good condition you are all right, and Peruna seems to fill the veins with pure, healthful blood. I thoroughly endorse it."

Have you got nerves? Well, you ought to have nerves. But they ought to be strong nerves, good nerves. Does your hand tremble? You are living too fast. Does your heart flutter at times? You had better call a halt. Americans live too fast. They crowd too much into a single day. They have too little leisure. The hospitals and insane asylums are filling up. The quiet, pastoral scenes of yore are becoming rare. It's time that we quit this sort of business.

Thousands of cases might be quoted in which Peruna has been used to rescue people from the perdition of deranged nerves, and put them on the good, solid foundation of health. The County Auditor exactly as did Mattie B. Curtis, Secretary of Legion of Loyal Women, Hotel Salem, Boston, Mass. She said in a recent letter: "I suffered for over a year with general weakness and debility manifested in severe headache and backache. I took four bottles of Peruna, and for two months have been entirely free from these maladies."

How to Get Strong Nerves. First, repair the injury already done to your nerves. The way to do this is to do exactly as did Mattie B. Curtis, Secretary of Legion of Loyal Women, Hotel Salem, Boston, Mass. She said in a recent letter: "I suffered for over a year with general weakness and debility manifested in severe headache and backache. I took four bottles of Peruna, and for two months have been entirely free from these maladies."

HANDLES COUNTY CASH
What Treasurer of Marion Does With the Money
Republican Candidate Who Believes in Taking the People Into His Confidence

The office of County Treasurer is one that involves more real responsibility than almost any other office in the gift of the people, and yet it is one of the poorest paying positions in the county. This place has been ably filled in Marion county during the past two years by Mr. W. Y. Richardson, better known as "York" Richardson, a popular young business man from Stayton, and a like position has probably never been better filled by any man in the state. While he gives a bond of \$50,000 he has no deputy and performs all the work of the office personally. Since being in the office Mr. Richardson has handled considerable over a million dollars of the people's money, and now has on hand nearly a hundred thousand dollars, which is divided up into 98 different funds, including the special city and special school district funds. This work involves a vast amount of book-keeping and other technical labor, but Mr. Richardson can point out any one interested, on a moment's notice, where every cent of this money has gone to. He holds vouchers for everything, and can tell what the condition of the county was on any one day of his term. His system of book-keeping is simple and enables the public to get this information on the shortest possible notice. Mr. Richardson smiled when asked by a reporter how the county's books ought to be kept, and said: "There is only one way to keep them, and that is the right way. Keep the books and the cash so that they agree, and

itor of Erie county, New York, John W. Neff, in a recent letter wrote at Buffalo, New York, stated: "I was persuaded by a friend to try a bottle of your great nerve tonic, Peruna, and the results were so gratifying that I am more than pleased to recommend it as a Spring Tonic."

Almost everybody needs a tonic in spring. Something to brace the system, invigorate the brain and cleanse the blood. That Peruna will do this is beyond all question. Everyone who has tried it has had the same experience. Mrs. D. W. Timberlake, of Lynchburg, Va., who, in a recent letter, made the following words: "I always take a dose of Peruna after business hours. It is a great thing for the nerves. There is no better spring tonic, and I have used about all of them."

Catarrh in Spring. The spring is the best time to get rid of catarrh. Nature renews herself in spring. The system is rejuvenated in spring weather. This renders medicine more effective. A short course of Peruna, assisted by the balmy air of spring will cure old, stubborn cases of catarrh that have resisted treatment for years. Everybody should have a copy of Hartman's latest book on catarrh. Address The Peruna Medicine Co., Columbus, Ohio.

Mrs. Lulu Larmer, Stoughton, Wis., says:

"For two years I suffered with nervous troubles, stomach distress, until it seemed there was nothing to be done but to give up. I tried every remedy, but nothing would do. I finally took a course of Peruna, and in a few days I was able to get on my feet. I am now as well as ever, and I certainly will take care of my household. I took nerve tonics and without benefit. When I began taking Peruna I grew steadily better, my nerves grew stronger, my rest was no longer disturbed, and to-day I consider myself in perfect health and strength. My recovery was slow but sure, but I persevered and was rewarded by perfect health."

Mrs. Lulu Larmer. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President The Hartman Sanitarium, Columbus, Ohio.

Salem daily papers is given to the people, and this way they can tell where they are at 12 times a year. "Not a warrant has been issued. Not paid for want of funds" should have been in office, and although might inure to my personal benefit to have that state of affairs, it may never again be necessary to the history of Marion county."
