X-RADIUMS

Eugene is to have a new bank, backed by a capitalist, J. W. Donohue of Bird Island, Minn.

It is believed in some quarters that Jimmie Culver has his eye on the sheriff's office. Well, he will line out for a home run.

Tom Kay is all right in demanding that the present registration law be changed. It is a fright.

Astorian: There is said to be a man in Astoria who does not want to go to heaven, for fear of meeting his first wife there.

We and the Japs had Port Arthur captured Saturday. But, it seems that it got away again.

Was loud shouting ever known to accomplish anything since the walls of Jericho went down before it.

There is nothing unusual about an editor being the brightest man at the Methodist conference. The Lord has to reach out and use one of the unholy professions once in a while.

If the committee to select a form of improvement for Court street would take a drive over the broken rock road to Liberty they could see just how farmers go to work to do things and they might be able to make up their minds before 1905.

Anyone with a thimblefull of gray matter who will go and see what kind of a road broken rock makes, by riding or walking over the road to Liberty, summer or winter, and then not conclude the dirt or river gravel roads are not up to the intelligence of an ostrich, ought to ask to have his intellect put to soak or have a receiver appointed.

By all means, build a monument for Sacajawea; incidentally, once in a while improve the public school a little and do something for the generations of today.

Of course, the honorable conservatives on the school board may not be aware that they are giving Salem a reputation for going backwards with our public schools that it will take years of advertising and enterprise on the part of the people who are not dead yet to overcome.

Bryan's outspokenness is in whole some contrast to Parker's close-mouthedness.

Port Arthur was again taken in Saturday's dispatches. Well, we will keep on taking it on paper until the Japs do get it in reality.

Of course, it would be too much to ask the state government of Oregon to sprinkle the streets about the state house grounds where clouds of dust have been ruining the beautiful shrubbery and flowers and lawns. We must save a few dollars a week if we ruin the property.

L. L. Manning is doing the editorial work on the Salem Statesman in the absence of Ex-Gov. Geer, in addition to his duties of handling the Statesman's political news in this campaign Mr. Manning is understood to have very flattering endorsements for a federal appointment in connection with the Panama canal. Having been for the past ten years in Nicaragua he is accustomed to the climate and understands the prevalent jargon in that country. Gov. Geer is to be at St. Louis several weeks.

The people of Oregon will do well to vote freak propositions. The local option bill and the direct primary bill were probably the work of one person for each—one person with wheels on the subject on which he got up a bill. The time has hardly come for any one man to dictate public policies which no one petitioned for, and for which there was no crying demand. Colorado has adopted all these freaks, and is the worst hoodooed state in America.

If that delegation of Mayors really want pointers on modern methods of city government they should come out and take a look over Greater Salem.

Eddy for circuit judge ought to make a good run. He is not entirely a tax-eater. In fact he has held no lucrative office. He put through a bill that is putting \$100,000 a year in the treasury. This is a little unusual. Generally the more a man gets out of the crib the less he puts in. We are going to vote for Eddy.

As a candidate for sheriff, Jimmie Culver is well connected. He has a
