

GOVERNOR OFFERS REWARD

Strong Effort Will Be Made to Catch Lake County Outlaws

Murderer of J. C. Conn and Sheep Killers Will Be Brought to Justice

Governor Chamberlain offered a reward of \$2500 for the arrest and conviction or for information that will lead to the arrest and conviction of the murderer or murderers of J. C. Conn, in Lake county, on March 4th, and a reward of \$300 for the arrest and conviction of each and every one of the men who destroyed or participated in destroying 2500 sheep in the same county in April of this year. The payment of these rewards is conditioned on an appropriation being made by the legislature, in case they are earned.

The governor has addressed a letter to District Attorney L. F. Conn and Sheriff Horace Dunlap at Lakeview, as follows:

"Although I have been unofficially advised that a condition of lawlessness prevails in Lake county, I believe and still believe that the local authorities, aided by the citizens of the county, ought to find a remedy for existing evils. I have believed, and still believe, that the rigid enforcement of the law by local authorities will speedily put an end to acts of vandalism and lawlessness. This opinion is confirmed by the fact that no official appeal has been made to me for executive interference. I am just in receipt, however, of a complaint from reputable citizens near the place where acts of lawlessness have been indulged in who believe that greater efforts ought to be made

for the apprehension of those who have been guilty of the destruction of property and other acts of violence. From this source I learn that dead lines have been established by the lawless element of the community, and the owners of sheep are warned by them that if they cross the same they must incur the penalty of death, as well as the loss of property. Threats are made that persons who undertake to discover the identity of those who have been engaged in the destruction of property of the citizens of your county will be assassinated.

"Under these circumstances I have deemed it my duty to appeal to you, and through you to the law officers of your county, to use your utmost efforts to rigidly enforce the law, in order that those who have been engaged in the ruthless destruction of property may be speedily identified, apprehended and brought to justice.

"Without any request from the local authorities for my interference, but acting upon the suggestion of citizens of your county, who are deterred by threats from offering rewards for the apprehension of men who have been engaged in the wholesale slaughter of sheep and the destruction of property, and in the hope of assisting in the arrest and conviction of the criminals, I have concluded to offer rewards, pledging the faith of the state to the payment, as soon as the legislature convenes.

"I enclose you notices of these rewards, and I trust you will have them posted in conspicuous places throughout your county. I sincerely trust every effort will be made by you not only to apprehend those who have been guilty of the wanton destruction of property, but to prevent a recurrence of such acts in the future.

"I have the honor to remain."

ONE CHURCH IN THE NATION

One in Faith and Should Be One in Organization

Buffalo, May 20.—Dr. Tennis Hamlin, of Washington, this afternoon presented a motion removing all aspersions cast by previous assemblies upon Presbyterian churches in the states. The motion is framed as a forerunner on union of churches North and South. The motion passed almost unanimously. It is hoped the Presbyterians of the South will take such action as will assist in the union of the two bodies.

During four years' time Rumble took in \$355,000. Postal Inspector O'Connell asserts that Rumble cleared up \$350,000 from the deal. The case will be appealed. In the meantime, however, Rumble will be given his liberty upon a bond of \$10,000.

When it's a settled cold. When it hangs on in spite of all you can do. Cough mixtures won't cure it because they are merely for a cough and this is something more.

Scott's Emulsion cures the cough because it cures the something more. It heals and repairs the inflamed tissues where the cold has taken root and prevents its coming back.
