

# CHRONIC SORES

## Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the mere scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over.

S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health. If you have a chronic sore write us. No charge for medical advice.

### "Brown's in Town."

One unending laugh, is the way the management described the farce "Brown's in Town" which will be seen at the Grand Opera House Monday. The latest farcical effusion, which has a theme entirely different from anything yet seen here on that order, was written for the sole purpose of amusing the theater going public, and the amusement is created in a logical and reasonable manner. The duty of the farce writer is much easier and less exacting than that of the dramatist, who writes serious plays. He does not find it necessary to shun the theatrical effects, to keep melo-drama out of his drama, or to exclude farce or comedy, but a delirious jumble of incongruities whose entire function is to be funny. If the author of a farce excites plenty of laughter without recourse to vulgarity all else is forgiven. "Brown's in Town" however, is built on infinitely more original lines than the farces of recent productions. It contains many consistent complications, a good story that is quaintly told and from the rise of the curtain to the fall, it is full of interest. There are some pretty mus-

cal numbers, an entirely new department in this style of comedy. When "Brown" makes his bow to an audience it will be without a flaw. The company is composed of some capable fun-makers, among them are Gilbert Tossick, George Berry, J. R. Bartlett, Ernest Lenore, Jack Beach, Christine Prince, Minnie St. Claire, Leah La Force, Annette Humphreys and others.

## POST MASTER SULLIVAN

### Larry, the Ex Boardinghouse Keeper Gets Busy in the Blue River Mines

"Lucky Boy"—L. M. Sullivan, vice Frank C. Sharkey, resigned."

This is the paragraph that greeted the waterfront contingent when perusing the morning paper, and skipping through the list of new appointments among Oregon postmasters, says the Evening Telegram. At first it was thought the delegation at Washington had made a mistake. Surely "L. M." was not the way their old friend Larry Sullivan was affixing his autograph these days, when it was remembered that the pioneer sailors' boarding house magnate had graduated to a mine owner's berth, and at Lucky Boy, all doubt was dispelled.

From boarding house master to postmaster of a hustling mining camp and the holder of a large slice of stock in the property from which the station derives its name, has been the fortune of the renowned Larry. Word comes from the "diggin's" that the man who flourished in the times when salts brought \$175 each, and withdrew from the business when the fighting days were over and the state commission was born, is superintending the erection of a hotel in the new locality, besides a saloon. Larry's constituents say he is seeking the filthy lucre in its crude state with the same vim that characterized his ceaseless search in the fo'c'sle to find a vacant bunk in which to "ship one of his "boys."

With the state and federal law now in operation, the price of sailors reduced, the few ships coming that need to patronize the "house," it would seem that Larry took the "tip" at the right time and planned to take up a more lucrative occupation. Few sailors are being bargained for these days. The Rajore and Invermay are about the only craft in the harbor that may be expected to help swell the coffers of the boarding house masters in the near future. A few have been sent before the mast on lumber carriers bound to the land of the setting sun, but the two French ships need no help in that direction, and the Nal, which arrived from the Bay City has never taken a man from the boarding house masters in all the trips she has made here.

If You Have Dyspepsia, Read This. The old way of taking pepsin, bismuth, etc., to cure dyspepsia is all wrong. They may be put up in tablets or liquid, the result is just the same. The object is to create artificial digestion, but this does not make a cure. Stop taking the pepsin, etc., and you have your dyspepsia or indigestion back again. People use cocaine or opium for nervous troubles and sick-headache, it does not cure, stop taking the drugs and the pain and distress return. The only common sense method is to drive out of the system the cause of dyspepsia and sick headache by cleansing the stomach and bowels, at the same time using a medicine that will act on the liver. This forces through the glands of the stomach the digestive fluid that nature intended. In this way you cure dyspepsia. The medicine that cures dyspepsia by this method is called Dr. Gunn's Improved Liver Pills. Druggists sell these pills at 25c per box. It only takes one of these pills for a dose.

## CASTORIA

For Infants and Children. The Kind You Have Always Bought

Will be paid by the World's Dispensary Medical Association, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"For about two years I suffered from a very obstinate case of dyspepsia," writes R. E. Second, Esq., of 13 Eastern Ave., Toronto, Ontario. "I tried a great number of remedies without success. Finally lost faith in them all. I was so far gone that I could not for a long time bear any solid food in my stomach; felt melancholy and depressed. Some four months ago a friend recommended your 'Golden Medical Discovery.' After a week's treatment I had derived so much benefit that I continued the medicine. I have taken three bottles and am convinced it has in my case accomplished a permanent cure. I can conscientiously recommend it to the thousands of dyspeptics throughout the land."

A man can succeed and be strong if he heeds Nature's warnings. When there is indigestion, loss of appetite, ringing in the ears, dizziness, spots before the eyes or palpitation of the heart; any or all of these symptoms point to weakness and loss of nutrition. Dr. Pierce's Golden Medical Discovery is the medicine to turn to.

"Golden Medical Discovery" contains no alcohol and is entirely free from opium, cocaine and all other narcotics. It is strictly a temperance medicine.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach. The "Common Sense Medical Adviser," 1008 pages, paper covers, is sent free on receipt of 37 one-cent stamps, to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
