

W. J. CULVER FOR SHERIFF

Has a Quiet Disposition and Will Make an Ideal Officer

Everybody is at this particular time especially interested in Mr. W. J. Culver, the Republican candidate for sheriff of Marion county, because it is a foregone conclusion that he will be elected to fill that important office. To the people of Salem, and in fact to those of most of the county, Jimmy needs no introduction, for he is a familiar character to hundreds of taxpayers and voters even in the remotest parts of the county. But as Mr. Culver has never before been a candidate for an office worth having it will interest his friends and acquaintances as well as every voter in the county to know his ideas on some of the public questions which will require his attention as an official.

Many people have an exalted idea about a public office and in fact know little about what is required of an official. For this reason it is a pleasure to hear a man discuss the matter in an off-hand manner and so that even the humblest citizen can understand what is meant. In the first place Mr. Culver recognizes the well-established American principle that a public official is a servant of the people, and says he proposes to conduct the office in a manner that will accommodate the largest number of people possible. He suggests that it would be a good plan to have the sheriff's office open at all hours of the day and even into the night if necessary, and especially when there is a press of business. He even thinks the office ought to be open during the noon hour, and that when taxes are being paid in just before the penalties take effect to keep longer hours than usual. Mr. Culver thinks that the turning over of taxes to the county treasurer

should be made strictly as contemplated by the law, and that full and explicit reports of the office should be made for the benefit of the public, several times a year. Mr. Culver also recognizes the importance of good field work, such as summoning witnesses, subpoenaing jurymen and serving all kinds of papers, yet first of all he thinks the office should be conducted along the lines of the best established principles without injecting too much red tape or becoming too technical. Having done duty in the customs service where everything is done in the most exacting manner, will prove a great help to him in the sheriff's office, as will also his broad knowledge of handling people.

Mr. Culver is of a very quiet disposition, and he never gets rattled or out of sorts even under the most trying circumstances, and this characteristic coupled with his cool courage will stand him in hand at all times. He will be as cool as a cucumber and master of the situation no matter what emergency arises.

Even though Mr. Culver is looked upon as a strong partisan it is highly to his credit that he has scores of warm friends among the Demo-

crats, and they do not look upon him with suspicion, but feel that if a Republican must hold the office they prefer him to some kinds of a Democrat. The Jefferson Review, the only Democratic newspaper in Marion county, is so frank on the subject as to have these words for Mr. Culver: "The Marion county Republicans have a strong candidate in W. J. Culver, the nominee for sheriff. 'Jimmy' is well known all over the county and is personally popular, while his qualifications for filling any office in the county are undoubted."

An eulogy for Mr. Culver would be out of place, for nearly every citizen of Marion county already has a strong conviction as to his many good qualities. The Silvertonian epitomizes the whole matter in its recent statement to the effect that "No one will make a mistake in supporting W. J. Culver for sheriff."

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and, unless the inflammation can be taken out, and this tube restored to its natural condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for Circulars free. F. J. CHENEY, & CO., Toledo, O.

Do It Today.

The time-worn injunction, "Never put off 'till tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY—and let that remedy be Dr. Roschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists. At Dr. Stone's drug stores.
