A DEMOCRATIC FAILING.

It is the failing of a Democratic editor that he can see nothing wrong in anything that his party does. Put green goggles on a Democratic horse and he will eat sawdust and call it clover. The Democrat has on hand a 74-page booklet in favor of the direct primary law, written and published by the editor of the Salem Journal, who also helped frame Senate Bill No 24, that cannot be accomplished by laws.

county in the state, or subdivision of any county, or precinct of a county, shall be filed with the county clerk of such county in the manner in this act prescribed, the county court of such petition, and in the time mentioned in such petition, and in the entire district mentioned in such petition to determine whether the sale of intoxicating liquors shall be prohibited in such county or subdivision of such county or in such precinct.

This proposal is pushed upon attention by the assertion that its sole scope is to enable the residence sections of a city to keep saloons out of their boundaries. This is the understanding upon which moderate temperance workers have been beguiled into support of the act. One of the proposal most highly moral advocates (in his own pretense) and most highly crooked (in fact), because he cannot state any question or fact honestly, has said over his own signature that the application of the law will be "confined to residence districts."

Neither he nor any other man has any right to say what the application of the law will be. The law itself determines that. No man is honest who undertakes to pledge the application of a law before it is enacted. He has neither the authority to promise nor the power to fulfill. The first section of the law, as we have quoted it, provides that 10 per cent of the voters in any county can compel an election, and if prohibition carries prohibition is the law for the county. This prohibition not by residence districts, but by counties.

At a local option meeting in Portland Saturday night a telegram was read from the sheriff of Hopkins county, Texas, said to be a prohibition county, containing 28,000 people, and the sheriff stated that since the dawn of prohibition there the county was prosperous, crime had decreased, that sobriety and moral sentiment were better than before, and he concluded with this sentence: "Prohibition will prohibit." Yet these same local option advocates undertake to tell us in the next breath that the Texas law, which they are copying and to which they point with pride, is not prohibition.

If the people of Oregon want prohibition let them have it; but let them vote upon it honestly, not in the erroneous idea that they are merely approving a measure to enable residence districts to keep out saloons they don't want. If that were the object really and sincerely aimed at, no new law would be necessary, for the present law provides means for that to be done. The residence districts of Portland are dotted all over with buildings intended for saloons, but not permitted to be so used, because of opposition of residents and city council.

VOTE THE REPUBLICAN TICKET.

The Republicans of Oregon can not afford to sacrifice any offices this year, for a great deal depends on the result in this far away western state. The people of the east will take the least sign of defection as a rebuke to President Roosevelt and the administration and just on the eve of the national convention it might be harmful to the Republican cause. If you believe in the principles of the Republican party as administered by Theodore Roosevelt, then vote the ticket in June. If you are a bolter and want a mixed conglomeration of national issues, straddle around and do not support your ticket. The Republican state district and county tickets are composed of good men and aside from party fealty it is your duty to support them. **VOTE THE TICKET Straight.**

Read the Other Journal.

Rev. Tufts, in considering the newspapers which are opposing the local option law, asked how many in the audience had read the Oregonian. A number of hands went up in response to the invitation, and he continued to berate what he termed the immoral newspapers. The speaker asked: "And how many of you read the Journal," and almost every hand in the house was held up, but when he added "the Portland Journal," there was an audible surprise, and the indicators quickly dropped. Salem people had really forgotten that there was any other Journal published in Oregon outside of this city.

The people of Marion county have confidence in the integrity and ability of W. J. Culver, the Republican nominee for sheriff. No matter how warm the campaign gets before the week is over, not one word will be heard against the character of Jimmy Culver. He is above reproach and will be elected by the largest majority any candidate for sheriff has received for many years.

Grand Lodge Delegates.

Valley lodge, No. 18, A. O. U. W., has elected W. T. Rigdon and George P. Litchfield as representatives to the grand lodge, to be held in Portland in July.

ECZEMA KEPT SPREADING.

Six years ago my wife had a breaking-out below her knees. At first red bumps appeared, but soon white, husky soabs came, and when these would shed off the place became red again, and would itch and burn so that she found it impossible to sleep. At times a yellow water ran from the bumps, and it kept getting worse and worse. Our family physician pronounced it Eczema, and prescribed ointments and powders, but it kept spreading, breaking out on her body and arms, and almost closed up her ears. The druggist at Garner told me to try S. S. S., which she did, and after taking several bottles was cured, and is well to-day and has been for years. **W. A. HOCUTT.**
Garner, N. C.

The humors and poisons that produce the itching eruption, roughness and redness of the skin, must be rooted out before there is complete relief from the terrors of Eczema. Nothing applied externally does any permanent good, for whenever the blood is overheated, or the skin is reacting during Spring and Summer, the disease breaks out again. You can't rely upon washes, soaps and salves, or such things as are applied to the surface, for they do not reach the seat of the trouble, which is internal and deeply implanted in the system; the blood is aflame with the itching, burning humors, which are carried by the circulation to the surface and are being constantly forced out through the glands and pores of the skin, and you can never heal the sores or stop the aggravating eruptions with external applications.

To neutralize the acids in the blood and expel the humors and poisons is the only way to get permanently rid of this torturing skin trouble, and no remedy known does this so quickly and thoroughly as S. S. S. It purifies the blood and restores it to health, and the outbreak of the poison through the skin ceases, and the sores and eruption gradually disappear. S. S. S. builds up the thin acid blood, makes it rich and strong, and restores to it all the elements of nutrition, and drives from the circulation all impurities; and under the tonic effect of S. S. S. the general system is invigorated and toned up, and you not only get rid of your old skin trouble, but the health is benefited in every way. S. S. S. being a strictly vegetable medicine, acts gently, leaving no bad after-effects, as do Arsenic, Potash and other minerals which are usually prescribed in skin diseases.

Eczema cannot be cured by anything applied to the surface of the body; the blood must be purified and the cause removed, and in no other way can this deep-seated skin disease be reached. If you have Tetter, Psoriasis, Salt Rheum, Nettle Rash, or any form of Eczema, you will find S. S. S. does its work well and thoroughly, and relieves the itching and burning, soreness and pain, and soon produces a lasting cure.

Write us, and medical advice or any special information desired about this King of Skin Terrors will be given without charge. **THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.**
