

JOINT COUNTY CANVASS

Republican Speakers Greeted With Hearty Applause at Macleay

(Editorial Correspondence)
Macleay, Ore., June 1.—For beautiful grain fields, fine country homes, and prosperous people commend us to the Waudo hills. No part of the state has such fine stands of wheat.

The biennial appearance of candidates brings out about 100 voters with a fine sprinkling of ladies and children. Fine teams and good hacks are the rule, and the people seem to have leisure to go out to meetings. The crowd this year was smaller than usual.

The display of candidates is smaller than in other years. T. B. Kay, running for a second term, is the target of Democratic attacks and makes a vigorous defense. He speaks rapidly and has a swift business grasp of legislative measure. He claims to his credit the bill to loan the school fund to repeal the scalp bounty, the Eddy corporation tax bill.

The bills he claims credit for killing are the state mining bureau, the increased appropriation for game laws and the Newport normal school. He failed to vote for the Davey bill and voted against the Harris bill, to tax franchises, as inexpedient at the time. He would amend the registration law and will introduce a franchise tax bill and vote for it. On United States senator he voted for Geer as long as he had any show for election, but when his vote went down to eight, he went to Fulton.

J. H. Settlemer, for the legislature, makes a pleasant, energetic and business like speech that creates confidence for him as a Republican and as a lawmaker.

J. G. Graham speaks for the young Republicans and speaks from conviction when he advocates reduction of state tax in the interest of the workman and home owners. He de-

fends the warehouse bill, that requires his company to give bonds for safely storing the farmers grain.

Jos. Calvert of Hubbard seems to be an earnest and conscientious gentleman, and makes a plain business talk for good county government and greater economy in state affairs. He makes a strong plea and gives good reasons for sustaining the record and policies of the Republican party. As Marion county has from 700 to 1500 Republican plurality, it is ordinarily almost certain defeat to be nominated on any ticket but the Republican.

This being a presidential year, the chances of Republicans scratching their ticket and voting for Democrats are very small.

The Journal has presented pretty fully the views of the Democratic candidates and will present any new additional views they may give to the public.

The county judge in Marion county receives \$100 a month. For this pay the official must attend to all the duties of the probate court, all the duties of the commissioner's court, and also the political and executive duties of the office.

The county judges and commissioners select the jurors, named the road supervisors, the judges and clerks of election, and settle with all these officials and audit all their bills, and disburse about \$50,000 a year of public money. This is an immense amount of public business to look after, for the pay that is given. No private business of such magnitude is conducted so carefully in the whole county. No private business is conducted more economically than is the county's business in Marion. The two county commissioners who perform this duty in company with the county judge receive only \$3.00 a day, and are entitled to a great deal of credit for the fine result in Marion county finances. The judge and commissioners are men who stand well with all classes of people.

The farmers and business men of the county have largely made up their mind that the county government cannot be much improved, and for the first time in some years, the whole Republican ticket will be elected.

John S. Richie, another Republican legislative candidate, makes a pleasing appearance, and gives the impression of having average good sense, a well meaning man, not easily swept off his feet, and of considerable practical experience. He could not appear at Macleay, and it will interest them to know that Mr. Richie has seen a great deal of service as assessor, and in the Dakota legislature and constitutional convention. In his public record and family life Mr. Richie is clear, clean and blameless. In his short speeches he has done good work for the ticket and party.

Judge Scott deserves great credit for his work in educating the people to demand better roads and to be willing to pay for them. His work in organizing good roads clubs, and raising subscriptions for roads has paid his salary about two times.

Roland for county clerk, Richardson for treasurer, Siegmund for assessor, Moore for school superintendent, and Needham for commissioner are nominated for second terms and are conceded to be good men for the place as they are running without opposition.

The whole Republican ticket in this county will be elected, including the legislative ticket. They are as strong a set of five men as has ever been put up for the lower house. Three have had some experience in law making, and the other two are first-class business men of unblemished reputation.

It will hurt none of the young men on the Republican ticket to say a kindly word for Hon. F. X. Matthieu, of Butteville, one of the survivors of the provisional government that put all the Oregon territory under the American flag. He is a Democrat of life-long convictions and an honest man and a gentleman.

Good Spirits.
Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass state could not remedy a bad liver or the hundred and one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists. At Dr. Stone's drug stores.

ALBANY BASE-BALL

Association Organized With Capital Stock of \$2,500 Last Evening

(Special to The Journal.)
Albany, June 1.—At a meeting held here last evening the Albany Baseball Association was formed with a capital stock of \$2500 which was fully subscribed. The board of directors was elected as follows: G. M. Turner, A. L. Simpson, G. E. Sanders, E. D. Cusack, T. C. Bloomer, W. W. Rowell, Geo. L. Thompson, Al. Sternberg, R. C. Churchill, Kola Neis and J. S. Van Winkle. The following officers were elected: President, G. M. Turner; vice-president, A. L. Simpson; secretary, G. E. Sanders; treasurer, E. D. Cusack. A manager will be elected within a few days.

The meeting was very enthusiastic, and the board of directors and officers include some of the best business men in the city. The team will be thoroughly reorganized and placed on a substantial footing.

(The Albany baseball team has been in a chaotic condition for several days. Manager Preble, who secured the franchise for Vancouver, and afterwards transferred it to Albany, has been unable to meet the demands of the players, and, as the rules provide pay days on the 1st and 15th of each month, and the salaries were not forthcoming, it was up to the Albany citizens to take some action in the matter. A. L. Simpson and Clarence Underwood came down from Albany yesterday afternoon and took the team up to Albany on the local. All games scheduled for Portland will be played in Albany, and the permanency of the team is assured.)

Marriage Licenses.
Marriage licenses were issued to Ernest W. Redd and Jessie E. Ross and to F. A. Dalton and Mrs. E. N. Daniels.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.
If there is the slightest doubt in the minds of any that Dandruff germs do exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide. Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide. Accept no substitute. "Destroy the cause you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
