

WOOL POOL HELPS THE GROWERS

Sheepmen Selling at Private Sale Lost Money

Quality of Wool Which Sold at 10 and 12 Cents Before Sales Day Brought 13 1-2 and 14 Cents

James H. Gwinn, secretary of the Oregon Wool Grower's association, is pleased with the wool sales that have been so far conducted in Eastern Oregon this season. The highest mark reached with Oregon wool this spring was at Heppner, while a large portion of the clip in this county sold for 14 cents. Last year there was one grower who reached the high point, while this season six men at Heppner sold at the highest figure, bringing the undoubted benefits from the organization. The buying has been spirited both at Pendleton and Heppner, the sales yet to be held promises more interesting and more important than any of these. It is now seen that the private sales before the public sales day, were propositions to the growers that as the same quality of wool sold for 12 and even as low as 10 cents at private sale, sold for 13 1/2 and 14 cents at the sale. Heppner the buying was so good that on one lot of wool 11 bales tied on the price and all the high bidding and sold well. The next sale in this city will take place on June 10. Gwinn hopes that by next year sheepmen in the entire range of Eastern Oregon will be members of the pool and will refuse to sell until the regular sales days. The state of Montana the Wool Growers association has adopted a similar rule, in regard to sales days. A Montana sheepman who sells a clip of wool before or outside of the regular pool is barred from the benefit of the sales, and any buyer who

buys a pound of wool before or out side of the regular sales is barred from bidding on wool offered in the regular pool. This has been effective and has resulted in bringing the highest prices paid on the Pacific coast, for Montana wool.—Pendleton Tribune.

Many a Salem Citizen Knows How Sure They Are.

Nothing uncertain about the work of Doan's Kidney Pills in Salem. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical doubter. Read the following statement: James Tanner, farmer, corner Thirteenth and Lewis streets, says: "So many suffer from kidney complaint that for a time I was alarmed about myself, for I was troubled with my back aching in the region of my kidneys. I think it was caused first by a strain from heavy lifting I did two years ago. I kept getting worse instead of better and finally consulted a doctor. He told me I had gall stone in the bladder, but trouble with kidney secretions existed, their too frequent action disturbing my rest from fifteen to twenty times a night. This was very annoying and I was in a bad way when I read of Doan's Kidney Pills and procured a box at Dr. Stone's drug store. To say I was surprised at the speedy effect of their use is putting it mildly. I have recommended Doan's Kidney Pills to others and will always have a good word for them."

Gold Hill Girl's Band.
The political campaign just closed will long be remembered by those who made speeches in Southern Oregon, for the Gold Hill girl's brass band, that played at the Hermann rally. They are fourteen young girls nicely uniformed, and playing all brass instruments, from baritone down to cornets, and the bass and tenor drum. They are trained by a local physician, and their neat blue uniforms are provided by the public-spirited people of Gold Hill. They play with great precision and a great deal of expression for such young musicians. A large, beautiful St. Bernard dog attends them and stands in the midst of the circle while they play, and prides himself on being the faithful admirer and supporter of the band.

Criticism is Unfounded.
Some have criticised the promotions of Secretary Cortelyou and his selection for various positions of importance, alleging youth, inexperience and other things. The fact is Mr. Cortelyou has demonstrated his fitness in many trying circumstances. His experience during the last few years has been wonderfully wide. His youth is passing rapidly enough. Fact is the nation has need of just such material in its official life and the work of his department is in competent and suitable hands.—Albany Herald.
