OREGON REPUBLICAN--CLEAN SWEEP IN MARION

RIOTING IN COLORADO GROWING WORSE

ADMINISTRATION ENDORSED BY TWENTY THOUSAND

Greatest Republican Victory Ever Won in State or County

Democrats in Marion County Fail by Almost Thousand Votes--From County Judge to Constable

The Republicans of the state won a great victory yesterday, electing their entire state and congressional ticket by overwhelming majorities.

Judge Moore will have nearly 20,000 majority, while Congressman J. N. Williamson, in the second district, will have upwards of 10,000.

The plurality of Hon. Binger Hermann will be in the neighborhood of 7000, and may exceed that by several hundred.

Judge Geo. H. Burnett will be re-elected by over 3000 and B. L. Eddy will succeed Judge Boise on the circuit bench, defeating Wm. Galloway by about 200.

John H. McNary, for district attorney, has carried every county in the district and will have over 2000 majority.

In this county the entire Republican ticket is elected with pluralities ranging from 750 to 2000.

Judge Scott has been re-elected county judge with a majority of over 700.

The local option law is probably defeated by a small majority, but returns from the outside counties may change the result very materially.

The direct primary and state printing amendment carried by fair-sized majorities, the latter, however, will not become effective owing to the failure of many people to cast their vote on the question, the amendment requiring a majority of all votes cast at the election.

Returns from other counties show that a large part of the county tickets have been elected, although a few personal differences and factional fights have led to a part of the ticket being defeated.

Oregon Republicans have scored a great victory for the party and for the state and the nation by giving a rousing majority for the state and congressional tickets, and electing both congressmen and a majority of the the legislature in both houses. Hermann for congress has carried every county in the district, and will have six to seven thousand plurality. Williamson will have even more.

From present indications the local option law and the direct primary law were adopted by a popular vote, and the state printer amendment to the constitution carried.

READY FOR LAST ATTACK

Japanese Will Have Army of Two Hundred Thousand

Russian General Might Try and Engage Forces in Final Struggle

Tokio, June 7.—Dispatches say that a Russian wireless message from Port Arthur has been intercepted by the Japanese which indicates that the Russian plan is to act simultaneously with Kuropatkin in an effort to dispose of the Japanese force now threatening Port Arthur. General Kuropatkin has planned to attack the Japanese from the rear and front and to annihilate the entire force. The result of the information is that the entire division is now being dispatched from Tokio, part of which will land at Dalny and the remainder at Kin Chow. The Japanese expect to have an army of 200,000 well-drilled soldiers ready by the end of the week.

Japanese Make Plans.

Rome, June 7.—The commander of the Italian squadron in Eastern Waters says that General Amagata is

JEFFRIES WANTS TIME

Sports Differ on Opinions as to Jeff's Condition

Big Prize Fighter Said to Be Afraid of Jack Monroe

San Francisco, June 7.—The request of Jeffries for a two weeks' postponement of the fight with Jack Monroe is variously viewed by local sporting circles.

Some fight followers affect to believe it is a move to secure better odds, while those who have seen the champion in training declare that it is impossible for him to be fit by June 17. He is having difficulty in getting his wind into shape, despite the glowing accounts of the press agents regarding his general condition. Another theory is that the whole affair is framed up to arouse more interest in the contest. The fact remains, however, that Jeffries has been doing too much playing, but good judges say that it is not necessary for him to be in any better condition than he is now to defeat the Montana miner.

COLORADO RIOTING GROWS WORSE

Political Sentimentalism Productive of Anarchy

More Lives Lost and Property Rendered Insecure by Lawless Unionism and Dynamiters

Victor, Colo., June 7.—At 9 o'clock this morning the district had almost resumed a normal condition of quiet, by suspension of City Marshal O'Connor, forcing Sheriff Robertson and Coroner Doran to resign and placing the city under military control. The wholesale arrest of unionists and the announcement by the authorities that no quarter will be shown any one evidencing a disposition to make trouble, served to restore peace and bring order out of chaos. The authorities now have the situation in hand, and there are sufficient troops and deputies on the ground to maintain order. Sheriff Bell announced this morning that all citizens must go unarmed, disobedience of which means arrest by the military. Full casualties thus far includes 15 and 14 wounded. John Calderwood, one of the most prominent union leaders in the camp, is among the latter. A vigilance committee was organized yesterday, and is still at work in the small towns of the district, arresting unionists, and bringing them to Victor, where they will be placed under heavy military guard. These arrests will continue until every man of influence in union circles is a prisoner, when, it is understood, they will be placed aboard a special car and deported. Upon the return of the governor tomorrow from St.
