LATE ELECTION RETURNS

Hermann's Plurality Will Go Upwards of Seven Thousand

Portland, June 9.—The Republican plurality of Supreme Judge F. A. Moore has passed 22,000, and is still climbing. As the complete returns come in the decisiveness of the Republican victory is indicated. Judge Moore now leads his Democratic opponent by 22,728. Food and Dairy Commissioner J. W. Bailey is keeping up with the head of the ticket.

In the first district Binger Hermann is holding close to the 7000 mark, and it is evident that he will reach that figure on the official count. He carried Clackamas county, which one year ago went for Reames, and he invaded the Democratic stronghold of Linn, which two years ago went against Representative Tongue.

J. N. Williamson is climbing past the 13,000 mark in the second district. Complete returns show steady gains, as in the case of Hermann and Moore, and it is evident that Mr. Williams will be returned to congress with the largest plurality ever won by a Republican representative in Oregon. With complete returns from Clatsop, Columbia, Gilliam, Morrow, Multnomah, Umatilla and Union, his plurality was 13,816.

Local option has swept the state by a majority of more than 2500. The majority of Multnomah county has already been wiped out, and the measure is making steady gains. It will take the official count to determine the majority won by the advocates of the law.

The counties carried for local option are Baker, Benton, Clackamas, Coos, Crook, Douglas, Gilliam, Jackson, Josephine, Klamath, Lane, Lincoln, Linn, Morrow, Polk, Sherman, Tillamook, Umatilla, Union, Wheeler and Yamhill. Standing with Multnomah in opposition to the law are Clatsop, Columbia, Malheur, Washington, and probably Wasco and Grant. Curry, Lake, Marion and Willamette are yet to be heard from, but their vote will not make any appreciable effect on the result.

Direct primary nominating law has carried the state by more than 25,000 plurality, and that of the state printer amendment is little less. Both aroused practically no opposition.

Making Rubber in Colorado.

The announcement that rubber has been found in a supposedly useless weed growing on the arid plateaus and high mesa lands of the Colorado mountains, sets at rest all fears of a rubber shortage, says the World today. The rubber tree is a product peculiar to the tropics. The newly discovered rubber plant of Colorado, however, grows at an altitude of from 5000 to 12,000 feet, where the climate holds all the rigors of winter and all the withering force of a rainless summer. The discovery of the plant relieves the world's rubber market from its dependence on the tropics and makes it possible for rubber to become a staple crop, even in countries where extreme cold prevails.

To F. E. Marsh of Denver is due the credit of the discovery. He went to Colorado about two years ago, an invalid, and to regain his health went out on the range with the cowboys. He struck the range near Buena Vista, Colorado, where he found the cowboys chewing the roots of a weed they called "rabbit bush." After being thoroughly masticated the root left a gummy substance. When Marsh noticed it he considered it of more than usual interest, and at his first opportunity sent samples of the weed to Professor T. D. A. Cockrell, botanist at Colorado college, for examination.

The professor's tests showed the gummy substance to be gum elastic, or India rubber. When compared with other rubbers it was found to be equal to the best medium grade of the tropical products.

Every one is invited to come to Miss Shelton's musicale tomorrow night, and hear Mrs. W. Carlton Smith and Miss Gertrude Johnson. It will be fine.

ROBY.—At the family home, in East Salem, Wednesday afternoon at 3 o'clock, Miss May Marian Roby, daughter of Mr. and Mrs. S. C. Roby, after a lingering illness. Miss Roby is almost a stranger in Salem, as she came here with her parents from Davidson county, South Dakota, on February 28th, last. She is a member of the Christian church, and was an active worker in both church and W. C. T. U. work until her sickness prevented her from taking an active part. The funeral will be held at the First Christian church, Friday at 2 o'clock p. m., conducted by Elder D. Errett, and the remains will be interred in City View cemetery.

H. N. Cockerline, of Albany, was in the city for a short time last evening.

HEARST CLAIMS STATE

Illinois Said to Be for the Western Newspaperman

Chicago, Ill., June 9.—Democratic politics in Illinois is living up in view of the state convention to be held at Springfield next week. The convention will name delegates to the national convention in addition to placing in nomination a state ticket. The Hearst boomers appear confident that their candidate has sufficient delegates pledged to insure his indorsement, but the opposition is prepared to carry on the fight to the last ditch and strong hope is expressed that Hearst instructions will yet be defeated. Comparatively little attention has been paid so far to the contest for nominations on the state ticket. A half dozen names are mentioned in connection with the gubernatorial nomination and the outcome of the contest cannot be predicted as yet with any degree of certainty.
