PRAISE STREET CARNIVAL

Kind Words From California Papers for Dixie Company

The third day of the Fireman's Carnival was by far the best attended of any thus far this week, and the local department expects to realize more than enough from it to pay for the desired uniforms. The show is all that the advertisers claim, from one end of the midway to the other. When one takes a ride on the Ferris wheel, pitches a few rings at the glittering knives, throws a ball or two at the "niggers" head, sees "Luna," "George," "No Name," and makes a trip to the moon, still he is not half way round, for there are the famous glass blowers, "Samson," the big boa, the Swiss Village, and many other things. To see them all takes the better half of an afternoon or evening.

The talk of the town is Dana Thompson's high dive. No more daring exhibition of human nerve has ever been witnessed in Redlands, and there are several hundred people who have not yet missed one of these performances. The one feature of the show, however, which is most remarkable of all that may be mentioned, is the fact that not one flash of immorality can be charged against any part of it. The Swiss Village, negro minstrels, dancing girls and all, are attracting the best people. One citizen remarked that it did not seem like a carnival, for the "bunco" games were not there.—Redlands Review.

Scrambled eggs (not cooked too much) with "FORCE" makes a pretty good breakfast. Try it one of these mornings.

Sunny Jim

Three eggs, one-half cup "FORCE," one-half cup milk, pepper, salt. Beat the eggs until light, and to them add the milk, "FORCE," and seasonings. Turn into hot buttered omelet-pan and stir until the eggs are firm. Serve at once on a hot platter.

WILL BENEFIT MILITIA

Young Men's Christian Association Will Provide Quarters

The members of the military company of this city will not be without social and entertainment advantages at the big encampment near Tacoma next month. The Young Men's Christian Association of Oregon, Washington and Idaho have united in providing large tents in which an abundance of good reading matter will be provided, including the local papers from the towns from which the companies go. Free writing materials will also be provided, so that the boys will not need to take any stationery with them. Band concerts and entertainments of various sorts will probably be arranged, games will be provided, ice water will be on tap, and other privileges will be afforded. Every one of the 4000 men at the camps will be welcomed at the Y. M. C. A. tents, and one of the best features of the whole thing is that it costs the boys not a cent. To be sure, it will cost the association a good round sum, but money will be provided by business men, who know the good work the associations are doing. During the military encampments in Washington the past two years, the associations have provided outfits similar to those being arranged for this year, only on a much smaller scale, and they were used to the limit. Last year the 7000 troops at the Washington encampment wrote over 200 letters a day in the association tent. The encampments in many states have similar outfits, and the army officers welcome them and give special locations, realizing the great benefit to the men.
