THE VARIETY STORE,
ANNORA WELCH, Prop., 95 Court St

"The square peg in the round hole" figuratively expresses the use of means unsuited to the desired end. A great many people who have been cured of dyspepsia and other diseases of the stomach and its allied organs of digestion and nutrition by the use of Dr. Pierce's Golden Medical Discovery say: "We tried many medicines with only temporary benefit. It was not until we began the use of 'Golden Medical Discovery' that we found a complete and lasting cure."

\$3,000 FORFEIT will be paid by WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"It is with pleasure that I tell you what Dr. Pierce's Golden Medical Discovery and 'Pellets' have done for me," writes Mrs. T. M. Palmer, of Peede, Kaufman Co., Texas. "Two years ago I was taken with stomach and bowel trouble. Everything I ate would put me in distress. I lived two weeks on milk and even that gave me pain. I felt as though I would starve to death. Three doctors attended me—one said I had dyspepsia, two said catarrh of the stomach and bowels. They attended me (one at a time) for one year. I stopped taking their medicine and tried some patent medicine; got no better, and I grew so weak and nervous my heart would flutter. I could not do any kind of work. Now I can do my housework very well; am gaining in flesh and strength and can eat anything I want."

Accept no substitute for Dr. Pierce's Golden Medical Discovery.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered volume, or 31 stamps for the cloth bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

YALE HARVARD RACE

The Former College Scored Four Successive Victories

New London, Conn., June 29.—After weeks of faithful preparation the Yale and Harvard crews are trained to the minute for the crowning test of their oarsmanship on the Thames tomorrow. The city is rapidly filling with students from the two colleges, together with their fathers, mothers, brothers, sisters, and sweethearts, while from near and far are rallying the old guard of alumni who will tomorrow yell themselves hoarse as they have so many times before along the historic course. The harbor is rapidly filling with yachts, and the race will be witnessed by many distinguished visitors.

The final details of the contest were arranged today. The programme as laid out calls for the starting of the freshman race at 10:30 o'clock tomorrow morning from the big bridge two miles up stream. The 'varsity' four-oared-crew race will start from the point where the freshman race terminates. The distance will be two miles up stream. The observation trains will then go back four miles to the head of the course, and start down stream at 12:30 o'clock over that heartbreaking stretch of four miles. Should the water be too rough the 'varsity' race will be deferred until about 4:30 p. m.

Among the arrivals today are many old-time oarsmen, who predict that the races this year will not be as close as usual. Either one college or the other seems to have a decided advantage in each of the three events. Yale seems to have a mortgage on the main event of the day, the 'varsity' eight contest. Yale seems to have a mortgage on the chance of winning the other races.

For 52 years, with occasional intervals, the crews of Harvard and Yale have battled, the rival colors having been borne during all those years by four-six and eight-oared crews. In the 38 races that have been rowed in that time, since the initial contest in 1852, two points now separate the contesting universities, Yale having won 20 races and Harvard 18. Of the races that have been rowed on the Thames, Yale has won 16 and Harvard seven.

During the early years of the contests the events were rowed on Lake Quinsigamond. In 1878, however, the event was held on the Thames, and with the exception of three years since that time the event has been an annual fixture and on the Thames course. Lake Quinsigamond was abandoned as the place for holding the races in 1869, and in the following year the crews met at Lake Saltonstall. The next year Springfield was chosen for the event, and after that came the Thames at New London.

Early in the history of the event it was rowed over a two-mile course, which was increased to three miles in 1855. Again the distance was increased in 1875, this time to four miles, which has been the length of the 'varsity' races ever since. Yale holds the record for this distance, having covered the course in 1888 in 20 minutes 10 seconds. Harvard's last victory was in 1899, since which time Yale has had four successive victories.

Very Annoying to Some People.
People that are known to be weak and sickly, by their neighbors, are asked the question every day whether they are feeling better. Do you feel stronger? Are you gaining flesh? Their friends know if they are gaining flesh, it is one of the sure signs of returning health. If they can only get a remedy that will make solid flesh, recovery is assured. People with nervous troubles, loss of flesh and strength, no ambition, languid, and always tired, have thin watery blood. The food they eat does not nourish them, it does not make blood. If after each meal they would take Dr. Gunn's Blood and Nerve Tonic, their food would be turned into rich, red blood, making solid flesh and strength. The tablets are sold in boxes by all druggists for 75 cts. or 3 boxes for \$2. People who use this tonic gain in solid flesh from 1 to 3 lbs. per week, they feel better and know they are on the road to health.
