GERMANY RESENTS STEAMER SEIZURE

Will Make Immediate Demand for the Release of Vessels Carrying Its Flag

Berlin, July 23.—Great indignation prevails here over the capture of the German steamer Scandia. Herr Balin, managing director of the Hamburg American steamship line, dispatched an urgent telegram to the kaiser at North Cape protesting against the seizure. The company publishes a statement that the steamers owned by it are forbidden to carry contraband of war. Nearly every afternoon paper demands a naval demonstration at once. Orders have already been dispatched to the German ambassador at St. Petersburg demanding the release of the Scandia. From information received here it is known that five German steamers bought by Russia and transformed into cruisers sailed from Libau yesterday, for an unknown destination. They will probably prey on Mediterranean commerce.

More Steamers Seized.
St. Petersburg, July 23.—It is announced that advices have been received from the captain of the cruiser Petersburg that two more steamers, carrying contraband of war, have been seized by him in the Red Sea.

Suez, July 23.—The Hamburg-American steamer Scandia arrived here today flying the Russian flag and in possession of a prize crew. She will enter the canal immediately, and proceed to a Russian port, where a court will pass upon the claims.

Tokio, July 23.—A telegram received this afternoon reports heavy firing at 10:30 o'clock off Boao peninsula, at the east entrance to Tokio bay. It is presumed that the shots were fired by the Vladivostok squadron.

Contraband Found on Malacca.

Other Fellows to Blame.
Chicago, July 23.—Both the packers and union leaders gave out statements this afternoon throwing the disagreement on the other side. The unions state they have forwarded to the packers a final ultimatum, which if not agreed to by Monday morning will "cause a cessation of work." Their statement is signed by a committee representing 27 affiliated unions of the federation of labor.

CONFERENCE ENDS WITHOUT RESULTS

Strikers and Trust Are Equally Determined to Make a Last Ditch Fight

Chicago, July 23.—With the reassembling of the packers and strikers at 8:40 o'clock this morning to discuss the new strike situation, comes hope that some ultimate solution of the difficulty would be reached before further damage was done. Both sides appear to be stubborn, however, and rather inclined toward an independent defiance. The verbal proposition, one man from each side to proceed to the yards tomorrow morning, to make selections from the ranks of the strikers, with no discrimination, was rejected, because it was not in writing, and the discussion branched off along other lines.

At the yards there was comparative quiet, although a number of girls on their way to work were jeered and covered with mud, and their garments rent by strike sympathizers.

Kansas City, July 23.—No trouble attended the opening of the packing houses this morning, and several thousand workers passed in without trouble. The allied trades meet tonight to discuss a sympathetic strike.

Chicago, July 23.—At noon all negotiations between the packers and strikers were declared off, and the fight will be carried to the bitter finish. The packers, after considering the last demands of the union, that the cattle butchers be reinstated within 24 hours, and all other strikers within 10 days, positively refused to accede. The strike officers departed to hold a special meeting for the enlargement of the strike to all other trades connected with the stock yards.

Quiet at St. Paul.
St. Paul, July 23.—There was no disorder in the stock yards this morning. Both sides are awaiting the action of the Chicago people.

Sioux City, July 23.—A. W. Maxwell, ex-chairman of the Democratic State Committee has bolted the Democratic ticket. The following telegram sent in reply to a message from the Sioux City Journal asking him if he had bolted the ticket explains itself: "I have already repudiated the ticket nominated at St. Louis. The Seymour Leader has declared for Roosevelt, and it is not improbable that I may go on the stump for the ticket a little later, providing I can arrange my business affairs, and the campaign managers feel I can be of assistance to the cause. A. W. MAXWELL."

Helena, Mont., July 23.—A fierce fire was started on the Flathead forest reservation was started by a spark from a Northern Pacific locomotive. GAMBLERS TRIED TO RUN FRONTIER TOWN

Police and Vigilance Committee Resent Their Interference and Battle Ensues

Bonesteel, S. D., July 23.—As the result of a wild night of shooting and rounding up of the grafters by a vigilance committee, troops are likely to be here soon. Two policemen, Schoenbrough and Harris, were shot in front of the "Pike" saloon. A gang came out of the joint and ordered the police away, when the shooting began. The former received a scalp wound, and the latter was shot in the leg. The

policemen began to round up the gamblers and crooks, who backed slowly east, making a stand at the railway tracks, where 200 shots were fired. The gamblers were seen to carry off a number of their men. The best estimates say that 12 were wounded. Forty-five prisoners were captured and held today in the stockyards, and are guarded by 100 men. It is feared that a riot will be attempted.
