

AMERICA VERSUS ENGLAND

International Field Meet Causes Deep Interest in Athletic Circles

London, July 23.—At the Queen's club grounds this afternoon eighteen fine athletes, the pride of Yale and Harvard, meet an equal number of representatives of Oxford and Cambridge. It is only the international collegiate field meet of the season in England and to say that the public is deeply interested in the result is putting it mildly. If anything were needed to intensify this interest it is found in the fact that this is the third time that the representatives of the four universities have met and that this meeting is in the nature of a "rubber," both Britons and Americans having one victory to their credit.

There are nine events on the program, six of which are to be decided on the cinder path and three in the field. While the public on this side naturally expects the Britons to win the meet, it is conceded that the Americans will give them a hard tussle. Many of those who have seen the Americans in training since their arrival here are frank enough to admit that they would not be surprised to see the Yale and Harvard boys return across the Atlantic with the British scalps dangling at their belts.

In the sprinting, the weight-throwing and the jumps Yale and Harvard are expected to make their best showing. In the distance running the Englishmen are expected to win away off. The middle distance runs are debatable and they are expected to furnish the greatest excitement of the match. With Schick of Harvard and Torrey of Yale in the 100 yard dash, it is felt that this event is just as good as within the grasp of the Americans. There is little to choose between them and both are in excellent form and condition. With Shevlin and Glass, Yale's giant football players, the Americans also expect to win the hammer throw. The Britons are willing to concede this event as it is believed

Life's Change.

Much Suffering at This Critical Period Saved by Dr. Miles' Nerveine.

"Change of Life" is one of woman's greatest and most dangerous troubles. Often it is not recognized, and the distressing symptoms are mistaken for Dyspepsia, Liver, Womb Trouble, etc. The depressing constitutional effects of Change of Life, and the female Disorders so common at that period, are best treated with a general nerve restorative which will give tone to the entire system—Dr. Miles' Nerveine.

The beneficial effects of this celebrated medicine are very quickly felt, and the constitutional disturbances faded over. Pain and anxiety are relieved, and fresh energy infused into mind and body.

It is the medicine which acts on the nerves which regulate the organs of the body.

Such distressing troubles as Backache, Headache, Bearing-down Pains, Bloating, Indigestion, Menstrual Irregularities, Irritability, Dizziness, Loss of Appetite, Tired Feeling, are relieved and cured by Dr. Miles' Nerveine.

"My wife was a sufferer from an attack of nervous prostration, brought on by female weakness, and was in very poor health. After reading one of Dr. Miles' advertisements, she concluded to try Dr. Miles' Nerveine. She obtained good results from the start, and now after taking second bottle enjoys good health. Words cannot express our appreciation of what it has done for us."—E. J. AUGUSTINE, New Orleans, La.

that no one in Oxford or Cambridge can hurl the sphere within ten feet of their record throws. With H. W. Gregson, of Cambridge, probably the best distance runner in England, the Britons expect to win the mile and two mile events. The quarter and half miles are regarded as decidedly open. In the high jump, Leader, of Cambridge, is looked upon as a sure winner. In the broad jump also the Britons seem to have a trifle the greater prospect of success. A close analysis leads to the conclusion that the meet will be the closest of its kind ever held between American and British athletes, and certainly neither team has what the Americans call a "cinch" on the victory.

The members of the Yale-Harvard team and their records are:
100 yard dash—W. A. Schick, Jr.

Harvard, 9 4-5s; D. J. Torrey, Yale. Quarter mile run—C. B. Long, Yale, 49 4-5s; E. J. Dives, Harvard, 50s. Half mile run—E. B. Parsons, Yale, 1m, 56 4-5s, (record); H. B. Young, Harvard, 1m, 59s. 120 yard hurdle—E. J. Clapp, Yale, 15 3-5s, F. W. Bird, Harvard, and C. Hill, Yale. Mile run—C. B. Alcott, Yale, 4m, 26 1-5s; W. A. Colwell, Harvard, 4m, 27s. Two mile run—S. King, Harvard, 9m, 54 1-5s; W. A. Colwell, Harvard. Hammer throw—T. L. Shevlin, Yale, 153 feet 9 inches; E. T. Glass, Yale, 145 feet 11 inches. High jump—F. M. Murphy, Harvard 5 feet 10 1/2 inches; L. T. Sheffield, Yale; G. F. Victor, Yale. Broad jump—L. T. Sheffield, Yale, 22 feet 2 1/2 inches; D. R. Ayres, Harvard, 22 feet; F. M. Murphy, Harvard, 21 feet 10 inches.

Vannutelli to Take Part.
Dublin, July 23.—One of the greatest events in the history of the Roman Catholic church in Ireland for some time will be the consecration of the Irish National Cathedral at Armagh tomorrow. Cardinal Vincenzo Vannutelli has been delegated by the Pope to attend the event and he will be the central figure in the celebration. Sharing the honors with the cardinal of Curia will be the venerable Cardinal Logue and the day will be of double significance to him as it will mark the 25th year of his episcopal promotion. Besides Cardinal Vannutelli many prelates will attend the consecration, among them most of the English, Scotch and Irish bishops, and a large representation of the English Catholic aristocracy. The Pope has granted a special indulgence and the apostolic blessing to all who attend as the ceremony is to be a sort of national festival to celebrate the paying off of the debt on the great cathedral, which took over sixty years to build.

Sure Cure for Piles.
Itching piles produce moisture and cause itching, this form, as well as Bleeding or Protruding Piles are cured by Dr. Bo-san-ko's Pile Remedy Stops itching and bleeding. Absorbs tumors. 50c a jar at druggist, or sent by mail. Treaties free. Write me about your case. Dr. Bo-san-ko, Phila., Pa. Fore sale by Dr. S. C. Stone, druggist.
