

# SHEEP ON THE RESERVE

## The Outrage of Destroying the Young Forests Proceeding

A Salem special to Portland paper says: The news reached this city this afternoon to the effect that the country in the neighborhood of Breitenbush, in the western part of the Cascade forest reserve, is threatened with devastation of vegetation by reason of the encroachment of the Eastern Oregon sheepmen, with their enormous flocks of sheep. Already hundreds of sheep are to be seen in the vicinity of Detroit, and, it is said, there will be no less than 12,000 head in that part of the reserve before the grazing season closes.

There is a question of whether the grazing permits contemplate the encroachment upon this territory, and the settlers in that section are vigorously protesting against it.

Hon. John Minto returned from a visit to Minto Pass through Cascadia this evening, and reports the encroachments of Eastern Oregon sheepmen on the western part of the forest reserve that are alarming the people of that part of the country. Minto said that between Warm Springs and Detroit, a distance of 16 miles, he passed through six miles of sheep, 1700 in number. Minto considers it an outrage, as he does not think the sheepmen have rights so far west as they are coming, but they claim they have a stretch two townships wide there, and will bring 12,000 sheep into the district.

Summer outers and others there are worried, thinking the sheep will destroy all pleasure, and also the opportunity for keeping domestic animals.

Detroit, July 23.—(Special)—The above report is an error in quoting Mr. Minto as saying that he passed through a herd of 170 sheep between Warm Springs and Detroit, as he arrived at Detroit Wednesday evening and left for Gates Thursday morning to investigate the condition of the forests. The sheep from Warm Springs were reported coming towards Detroit by a party returning from Marion lake Wednesday.

### In Green Pastures.

The cattle on a thousand hills, since the rain, can lie down in green pastures, and the best of them come as beef to the old reliable market of E. C. Cross. And this is sold at the cut prices, the meat war being still on. Order your Sunday supplies there.

### Large California Sequoia.

Fresno, Cal., July 23.—W. H. Hart, a well-known lumber mill man, reports finding a giant sequoia measuring 36 feet in diameter and 100 feet around the base. This is said to be the largest tree on earth. Hart says the tree is in Eshom valley, Tulare county, in a secluded gulch, near one of the mills. The mammoth, he figures, is 400 feet in height.

# LARGE BLAZE AVERTED

## Mill and Yards of the Capital Lumber Company Suffer Slight Damages

The sawmill and lumber yards of the Capital Lumbering Company escaped destruction by fire this morning by the timely discovery of a good-sized blaze by the night watchman of that institution.

At 5:10 this morning the large pile of lumber just south of the main building was found to be on fire, and the alarm was turned in. The department responded at once, and by quick and effective work succeeded in confining the flames to one tier of lumber. The pile was about 20 feet high, and before it was extinguished about two feet of the ends of the boards were burned off. The loss will be about \$100.

It was certainly a narrow escape for the large mill, the loss of which would have been a severe blow to the industries of Salem.

# WOODMEN CARNIVAL PLANS

## Many Local Features Will Make the Week Very Pleasant

The preliminary arrangements for the great Woodmen of the World carnival, which will be held in this city August 9th to 13th, inclusive, are progressing rapidly. The Woodmen committee, consisting of Messrs. A. L. Frazer, W. A. Moores, J. A. Freeland and H. H. Turner, is preparing an excellent program, and expect to have something new for every day of the festivities.

One of the most attractive features of the program will be a baby show, which will be held on Friday afternoon, August 12th, and several prizes will be offered for the prettiest babies between the ages of one and three years. Mothers wishing to enter their babies in the contest will leave the names with Mr. Frazer, who will have charge of the entries.

The Women of Woodcraft degree teams will also have a drill contest on the same afternoon, and a number of teams from the surrounding towns have signified their intention to enter. As several of the circles have fine teams an interesting contest can be expected.

The country store will also be in charge of the ladies of the Circle, and they promise several new features in this department.

Children's day will be on Wednesday, August 10th, and several nights have been set apart for lodge and industrial parades.

The Southern Carnival Company, which furnishes the attractions, is in Sacramento this week, and from the flattering press notices received in the daily papers of that city are giving great satisfaction, and the Woodmen made no mistake when they closed their contract with them. Mr. Nat Reiss, owner of the carnival, is very careful regarding the concessions granted by the local committees, and will not allow grafting or bunco games. He carries special detectives with the show, and arrests are always made in case of evidence pointing to crooked work.

The principal features are Diavola, looping the loop with a bicycle; Harry Dubell, the aerial, illuminated, riding a bicycle on an electric wire 50 feet from the ground, amid a shower of fireworks; Fuldino's troupe of Royal Japanese, and the Gilmore family, aerial artists. These attractions are all free, and will appear twice daily. The pay shows, Capt. Sorcho's deep sea divers, Royal Midglets theatrical troupe, Mozelle, the famous dancer; Dixieland; Alice, the wonder, the Laughing Parlor, Dreamland, Glass Palace, Mirror Maze, Ghost Show, Great Train Robbery, Ferris Wheel and Steam Gonjolas.

## RURAL ROUTE ROAD

### Number Nine May Be Changed or Discontinued Unless Adjusted

Inspector E. C. Clement, of the rural mail service, reports a peculiar condition of affairs existing on route No. 9, out of this city. Several months ago a new survey of one of the county roads was ordered made, and when it was completed one side of the road was forced over until it left the highway only four feet wide.

Gates were placed so as to enable the mail carrier to pass, and for a time the patrons of the route opened these for the carrier, but recently he was compelled to do this himself.

Yesterday morning he found one of the gates locked, and he made his trip by going through the fields in a circuitous route. He reported the trouble to the inspector last evening, and, after carefully considering the matter, Mr. Clement decided to recommend the abolishment of the route, or changing it so as to leave out about 40 families. He will await the home-coming of County Judge Scott before acting finally in the case, but will insist that the road is opened at once.

The government is very particular in regard to roads, and will not allow the carriers to be hampered by gates or other contrivances. It will be a matter of regret if the route is changed or the service discontinued, and it is to be hoped that the county court will use prompt measures to definitely establish a road of sufficient width to enable the carrier to continue to serve his many patrons.

## MOTION OVER- RULED

### Justice Turner Fined J. P. Rogers and Defendant Will Carry It up

Justice Turner overruled the motion of the defendant, J. P. Rogers, found guilty of keeping his saloon open on Sunday, July 10th, and fined defendant \$25 and costs. The case will go up to the circuit court on a writ of review, the attorneys for the defense having the necessary papers in the course of preparation. The case of Cooper, also convicted on the same charge will be considered later, as will also the 10 remaining cases not yet decided.

**To Revise Catechism.**  
New York, July 23.—For the purpose of revising the catechism Methodist episcopal bishops, clergymen and laymen have convened in Ocean Grove, N. J. The Northern and Southern sections are represented by seven delegates each. It was decided to give certain parts of the common catechism used by both sections to members for revision, and the meeting this week is for the purpose of considering the results of the work prepared by them. The Rev. Dr. Royal acts for the Northern branch, and Rev. Dr. Tigert for the Southern.
