Winnipeg, Man., July 25.—Doukhobors have started on another march in search of the Redeemer, and refuse all assistance except a few rags which can hardly be called clothing, and it is feared that unless the journey can be stopped many will die.

The Dominion government will leave nothing undone to stop the second pilgrimage of the Doukhobors in search of the Messiah.

The Small Things

are given Particular Attention in our store. A ten cent job receives the same care and attention when repairing it, as a ten dollar job. This is what has built our business up to its present high standard and proportion. Our repair department is where we live and its a common fact that when work has been a failure elsewhere, it finds its way to us and is made the same as new. People living along R. F. D. can send us their work and get it back the next day. Try the up-to-date Watch and Jewelry Repairer.
